Autumn Planting

An Invitation to New Beauty in Your Garden

The thrill of new flowers in your garden is due to your enhanced personal interest in them. Wayside has long known of the "exciting enthusiasm"—as one woman put it—of the early springtime flowering of new plants. We claim no greater beauty for new flowers than for old ones. Beauty is ageless. It is simply the excitement of new conquests. Study the following pages carefully; meet a few of these attractive strangers and introduce them to old friends in your garden.

Wayside's High Standards

In no sense are you experimenting in ordering from Wayside any flowers that may be new. Long before they are offered to our clients, whom we have encouraged to be critical, Wayside's products—both old and new—have met our own high and exacting standards of perfection. We find it far more difficult to please ourselves than our customers. Wayside tolerates no flower short of perfection. All of our lovely additions to your garden are as nearly perfect as Nature and European-trained experts can make them. It is for such reasons that Wayside can easily afford to guarantee your satisfaction with their products.

Order Now for Autumn Planting

With foreign travel disrupted, you may embark on new quests of beauty in your own garden. By studying this book carefully, you may set sail for many new ports of loveliness. You can make of your own "Little Wayside Garden" a veritable sea of color and beauty. Plan' your voyage now, aided, if you wish, by our spring catalog described on facing page.

Wayside Spring Catalog

New hardy plants. New flowering shrubs. New Roses. Contains over 2000 different items suitable for gardens north, west, east and south. By far the most complete garden reference book with ample cultural directions.

This 198-page book with 38 pages in accurate color, contains the most modern collection of hardy plants. All the best in Roses—both the old favorites, as well as the finest of the new ones, featuring in particular the famous Horvath Climbers. Among the latter is Scarlet-Red Thor, having 5-inch blooms. Height 10 to 12 feet.

To pack into this Hand Book all the detailed information and cultural advice sought by our customers, resulted in something way beyond the usual catalogue. This 198-page, pound and a half Hand Book itself is free, but with your request kindly enclose only 25c to cover cost of handling and mailing. If for any reason you find this Hand Book is not worth the 25c, or you have no use for it, return it and we will be all add to send you a refund.

Sole American Agents for Sutton's Famous English Seeds.

Be Always in Good Caste

With the Same High Quality of Wayside's Guaranteed Bulbs

If you would have your garden attract the most favorable attention, differ from the average garden, be much discussed and viewed with admiration by friends and neighbors, it is a simple matter to do so.

Hasten Your Springtime

Keep alive the same zest and enthusiasm for your summer garden by early autumn planting. Prolong its summer. Hasten the approach of an early springtime with the knowledge that yours can be among the very first gardens to show color next spring. Note carefully the lovely autumn offerings herein. Be among our many customers of good taste and foresight and let Wayside shorten your winter.

Orders are now being accepted for autumn planting.

Orders are now being accepted for autumn planting. Receipt is acknowledged and they are shipped to you at planting time. Autumn planting begins as early as August 15th—long before the summer beauty of your garden has sped—and continues until November 1st.

Follow Simple Planting Instructions

Wayside experts are among the most skillful experts in the world in their respective fields. They exist for the sole purpose of serving you. Consult them freely and as often as you wish . . . Each order is accompanied by plain and simple instructions for planting. Clearly and briefly written, a child could understand them. Follow these directions and you may confidently expect a new world of color to burst upon your garden; in fact, Wayside guarantees it.

Plant When We Ship

For example, Wayside suggests that you plant your Alpine and Herbaceous Plants between September 1st and November 1st; Roses from October 15th to December 1st; Peonies, German and Japanese Iris from September 1st to frost; Oriental Poppies and Pyrethrums from August 15th to October 15th; Dutch bulbs from October 1st until ground is frozen; Madonna Lilies from August 15th to November 1st; all other Lilies immediately when received. Remember, the time to plant is upon receipt of your shipment or within the next few days thereafter.

Wayside Gardens

MENTOR, OHIO

Wayside's Guarantee

Thousands of private and professional gardeners throughout our own and other countries know the full satisfaction of buying from Wayside. They know that their order will be carefully filled and shipped at planting time; they know that the price will be reasonable and in strict keeping with the high quality of our products; they know that we have both expensive and inexpensive plants, but we do not have inferior ones, regardless of price! Ours is probably the most critical clientele in the country and the surpassing excellence of our offerings is simply the outgrowth of our customers' demands.

In view of such facts it is easy to understand why Wayside can easily afford to give a most broad and generous guarantee with all purchases made from this old and conservative establishment. Our older customers neither need nor expect such a guarantee. They have been acquainted with our manner of doing business for many years. They have long known that we guarantee each order we send out to be in firstclass condition, we guarantee each flowering plant will bloom if you but follow the simple directions which accompany it; we guarantee each shipment to reach you safely and undamaged, or it will be promptly replaced. We guarantee the accuracy of our shipping dates for your order and your own particular garden. Your order is a matter of personal and individual concern with Wayside. We repeat, for the benefit of new clients who wish to become better acquainted with us: We guarantee to replace any of our products that do not come up to our claims or your expectations, or to refund your money in full, including any and all transportation charges paid by you.

Wayside is the sole originator of such a guarantee among the nurseries of the United States. In no better manner could we explain the reason for so many thousands of pleased and satisfied customers. Such a guarantee renders it impossible for you to be other than pleased in your dealings with Wayside.

Study carefully the many attractive and lovely offerings in the following pages. Early autumn planting brings an early springtime to your garden. Let Wayside shorten your winter.

MENTOR, OHIO

Narcissi - Daffodils

Yellow Crumpet Daffodils

Particularly Recommended In This Class: For dark yellow—Dawson City; for pale yellow—Youth

Division 1a: Trumpet as long or longer than perionth segments, trumpet lemon, yellow or sulphur colored, with perianth of same shade but not of

Prolite

Doz. \$2.25, 100 \$14.00

The large flower is beautifully proportioned, giving the impression of gracefulness, despite its size; perianth deep primrose, with a medium yellow trumpet which is left in bold relief by the broad pointed star formed by the opening outer petals, an inch and a half wide; medium early, but remains until late, and is one of the longest lasting of all Daffodis in the garden or after being cut. (Color illustration, page 11.)

Doz. \$2.30, 100 \$15.00 Wide, short, densely frilled trumpet of pure deep yellow, a shade deeper than the perianth; finely placed with a good neck; flower "looks you in the eye;" excellent for landscape groups, also for forcing; very early.

Doz. \$2.30, 100 \$15.00 A splendid flower which has won many awards and is well known every-where; lemon-yellow perianth, overlapping petals; trumpet light yellow; very late.

Much overlapping and flat perianth with a very smooth trumpet, nicely flanged at the mouth. This perfect flower is golden yellow throughout. Dawson City Emperor

Round Bulbs Doz. \$1.55, 100 \$10.25 Double Nosed Bulbs Doz. \$1.75, 100 \$11.25 Perianth primrose, trumpet darker, a forcing and bedding flower of proven merit. Still a fine old variety. Olden Spur
Uniform yellow, a most popular Daffodil for forcing or for the garden.

Each \$0.60, Doz. \$5.75, 100 \$40.00 Golden Spur Kimberly

Perfectly balanced flower, delicate pale sulphur-vellow throughout, very fine new variety on tall strong stems. Flowers of great substance and lasting long. A most pleasing break of coloring in a long list of deep yellow trumpet Daffodils.

Bowl of Aerolite

King Alfred Top size Round

Doz. \$1.75, 100 \$11.25

Mammoth
A king among the fine varieties. Rich, lustrous golden yellow throughout. Extremely vigorous in habit. Perianth often 4 inches across, trumpet fully 2 inches. Most popular variety for forcing and the garden.

ord Wellington

Each \$0.60, Doz. \$5.75, 100 \$40.00
One of the largest yellow Trumpets of unusually strong texture and lasting remarkably long in condition, perianth slightly reflexing, trumpet long, rich golden yellow. It is our opinion this is one of the finest of the yellow Trumpet Daffodils. (Color illustration, page 11.)

Doz. \$2.30, 100 \$15.00 A strong grower and exceptionally tall; clean, golden color; very late. Doz. \$1.75, 100 \$11.25

Olympia much improved and enlarged Emperor, free flowering and hardy.

Robert Sydenham Each \$0.40, Doz. \$4.00, 100 \$25.00 Obert Sydenham

The superb, heavily frilled trumpet of beautiful golden yellow, glittering as if sprinkled with gold dust, backed by the symmetrical soft sulphuryellow perionth, presents an unforgettable picture. The entire flower suggests rugged proportionate beauty. The length of the stem and the duality of the foliage strengthen the first impression obtained from the blooms. At the flower shows it is a consistent winner.

atendam Each \$0.95, Doz. \$9.50, 100 \$70.00An extremely large golden yellow Trumpet Daffodil of superb yet graceful proportions. Massive overlapping deep golden yellow perianth, large, flaring, well-formed trumpet. Vigorous grower suitable for exhibition.

Doz. \$1.70, 100 \$11.00 One of the leaders among the new giant Trumpets; deep canary-yellow with a pale perianth, the segments of which reach forward about the trumpet, producing a flower of distinct individuality; the trumpet mouth, 2 inches across, is deeply laciniated.

Varwick

Nother of the striking new King Alfred seedlings outstanding in every way and very early; refined stem and neck bearing a stor-shaped perianth of great substance; golden yellow, with trumpet a shade deeper. Warwick

bouth Each \$0.30, Doz. \$3.00, 100 \$20.00 A superb flower of very good form and invaluable for exhibition. The perianth is flat and overlapping with long trumpet beautifully proportioned. A clear shade of pale lemon-yellow throughout. Outstanding. (Color illustration, page 12.)

(White Crumpet Daffodils

Particularly Recommended In This Class is Roxane

Division 1b: Varieties with white perianth and white or nearly white trumpet, including pink or apricot trumpets.

da Finch Each \$0.95, Doz. \$9.50, 100 \$70.00 Exquisite white variety, with snow-white flowers and beautifully shaped trumpet. Fine for garden and show use. *Beersheba

eersheba Each \$1.75, Doz. \$17.50
Perianth and trumpet of magnificent proportions. Height 20 to 22
inches. Its color is not pure white, yet is expressive of purity in the highest sense. Those who are forming collections of fine Narcissus rate Beersheba at the top of the large white Trumpets. (Color illustration, page 5).

Eve Each \$0.60, Doz. \$5.75, 100 \$40.00
Of good size but of such perfect proportions that the name suits it absolutely; a harmony in white and old ivory, with even the pistil and stamens blending into the color scheme; the green and gold shading at the outer base of the trumpet adds to the flower's delightful charm.

Imperator
In our trial gardens this magnificent white Deffedil has received the admiration of hundreds of visitors. Its sparkling purity as well as its strength of bloom, so well able to resist heat, has made it one of our La Vestale

Each \$0.35, Doc. \$5.75, 100 \$20.00

Each \$0.35, Doc. \$5.75, 100 \$40.00

Each \$0.35, Doc. \$5.75, 100 \$20.00

Each \$5.75, Doc.

a Vestale Each \$0.35, Doz. \$3.50, 100 \$23.00
Giant Trumpet type with pure ivory-white perianth, of informal design, with trumpet of deep cream-yellow, tall, fine for small groups or naturalizing in dim shade; though of delicate appearance, it is of good substance and lasts well; early.

Lovenest
One of the very few members of the "Pink Daffedil" (class; among the daintiest of all the Trumpets; medium in height with a starry shaped perionth of informal type; nicely proportioned trumpet of saffron-yellow turning to apricot-pink; delightfully charming at all stages; very early Mrs. E. H. Krelage
The pristine purity of this flower, the play of light on its balanced petal-age, the graceful curve of the trumpet brim are unforgettable. An excellent grower. Easy to force, long-stemmed.

*Mrs. R. O. Backhouse
This is the famous "Pink Daffedil", fine informal perianth of ivory-white, and beautifully proportioned, slim long trumpet of apricot-pink, changing to shell-pink at the deeply fringed edge; delicately beautiful but of exceptional substance; long lasting; early, belongs in every collection. (Color illustration, page 5.)

President Cannot

Each \$0.30. Daz \$2.00.100.321.00.321.00.

Each \$0.30, Doz. \$3.00, 100 \$21.00 A self-colored creamy white trumpet of the Olympia type, with perianth perianth perianth self-the self

*Silver Glory

Each \$0.65, Doz. \$6.50, 100 \$45.00

A very large white trumpet of most perfect shape. Highly recommended.
Considered a better variety than Beersheba. (Color illustration, page 12.)

Liver Glory

In our trial gardens this magnificent white Daffodil has received the admiration of hundreds of visitors. Its sparkling purity as well as its strength of bloom, so well able to resist heat, has made it one of our favorites. It should be in every collection.

*Outstanding varieties on which prices have been greatly reduced.

Bicolor Daffodils

Particularly Recommended In This Class is Spring Glory

Division 1c: Bicolor Trumpet Daffodils, with white or whitish perianth and a yellow, lemon or pale primrose trumpet.

Doz. \$1.55, 100 \$10.25 An old variety still deservedly popular; broad overlapping perianth with trace of gold down center of each cream-white petal; graceful trumpet of good proportions, and uniform, deep canary-yellow

Doz. \$2.75, 100 \$18.00 Very delicately colored giant Trumpet of moderate size; cream-colored perianth and pale lemon trumpet slightly recurved at mouth; early.

Each \$0.45, Doz. \$4.50, 100 \$30.00 A striking new variety with broad overlapping perianth of creamy white, and light canary trumpet; strong grower, but graceful.

*Spring Glory Doz. \$1.30, 100 \$10.25 A great favorite, both for the garden and for forcing; pure yellow trumpet, slightly poler perianth, excellent stem, and always free blooming. (Color illustration, page 12.)

Van Waveren's Giant Each \$0.30, Doz. \$2.75, 100 \$19.00 an waverer's cliant Enormous Pace 80.30, 1002, 32.73, 100 \$19.00 Enormous flower with deep yellow trumpet, well opened; perianth pole yellow with outer petals exceptionally broad and inner ones usually slightly twisted, making the flower more graceful.

ictoria Doz. \$1.30, 100 \$10.25The perianth is pure white, broad, flat and overlapping, and stands well at right angles to the large golden yellow trumpet. A flower of great merit.

Barri Narcissi

Particularly Recommended In This Class is Firetail

Division 3: Barri, cup and crown measuring less than one-third the nath of the perianth segments.

Doz \$1.85 100 \$12.00 Alcida Giant flower, pure white perianth opening flat, star-shaped, with in-dividual petals over 1½ inches wide; broad, citron-yellow cup with bload-orange frill; strong grower, fine substance and wonderfully free flow-ering; yery late.

One of the leaders in every show and equally fine in the garden; perianth light primrose, supporting a large sized trumpet deeply crinkled and frilled; cup of darker yellow shading to orange at edge; very tall stem; medium early. Anna Croft

Bath's Flame Doz. \$1.50, 100 \$10.00 Ath's Fiame
Yellow perianth, deep yellow cup with broad edge of orange-red. The petals are very long, giving the flower a distinct and outstanding character. A perfection in scarlet and gold. Long stems.

Doz. \$2.50, 100 \$17.00 **Battung**
A very refined and beautiful flower, broad primrose perianth with overlapping segments, large flat orange crown with a double frilled fiery orange-red margin.

Doz. \$1.40, 100 \$9.00 Carge, broad, spreading perianth of soft yellow; short yellow cup, edged orange-scarlet. One of the most useful of all Daffadils. Splendid for the border or naturalizing. Height 21 inches.

Diana Kasner Doz. \$1.55, 100 \$10.25 A pure white perianth and a large fluted yellow cup with blood-red frill, very free flowering and an excellent forcer. We consider this variety os one of our most valuable introductions and cannot recommend it too as one highly.

Early Surprise

Doz. \$1.20, 100 \$8.00

Semi-dwarf habit of growth; pure white perianth with orange-colored cup, fine for naturalizing, and the earliest for forcing of this type.

*Firetail Each \$0.40, Doz. \$4.00, 100 \$25.00 Popular the world over; broad petaled creamy white perianth and large orange cup with scarlet-orange frill. (Color illustration, page 11.)

Each \$6.00, Doz. \$5.73, 100 \$40.00

Broad petaled reflexing perianth of pure Poeticus-white, with a flat deeply frilled cup, citron-yellow edged orange-red; beautifully proportioned. This variety received an Award of Merit in 1927 and is unquestionably one of the loveliest Barri varieties. (Color illustration, page 5.)

Lady Derby

Pure white, broad and well overlapping perianth; the flat orange-yellow crown is banded bright red.

Lady Diana Manners

Each \$0.55, Doz. \$5.50, 100 \$37.50

ndy Diana Manners

Broad and much overlapping pure white perianth with a large, flat, orange crown, broadly margined deep red.

Doz. \$2.30, 100 \$15.00 Large flower with flat, reflexed, broad-petaled overlapping perianth of pale primrose, changing to pure white; deeply frilled flat cup of primrose-yellow, with dainty orange picotee; extremely showy and a great favorite in the garden.

Mrs. Walter Brewster
Fine reflexed perianth of pure white, flat cup, lemon-yellow edged with oxblood-red; fine lasting flower; one of the best.

Doz. \$1.65, 100 \$10.75 Perfectly formed, flat-opening broad petaled perianth of creamy white; flat eye, edged intense red-orange. The unopened bud droops prettily, making a controst with the opened flowers.

Poz. \$1.85, 100 \$12.00

A most lovely flower which immediately attracts one by its brilliantly colored cup. The perianth is ivory-white, slightly shaded sulphur at the base. The cup is prettilly fluted and of the most intense fiery orange-red. (Color illustration, page 12.)

Seagull Large, broad petaled perianth, slightly reflexed pure white, giving an effect suggestive of the name as the flowers seem to float above the foliage; cup light yellow, with red picotee edge; free flowering, extremely tall, late, fine for naturalizing.

*Outstanding varieties on which prices have been greatly reduced. Shackleton

Doz. \$1.85, 100 812.00 Exceptionally large and graceful flower, with broad, pure white reflexed flat cup of chrome-yellow shading to brilliant orange-scarlet; extra fine.

Doz. \$1.50, 100 \$10.00

Pure star-shaped white perianth, with distinct golden rays extending up each petal from the base of the cup; small cup of clear deep yellow orange; unique and very attractive.

Poeticus Narcissi

Particularly Recommended In This Class is Edwina Division 9: Poet's Narcissi, white petals with scarlet cup.

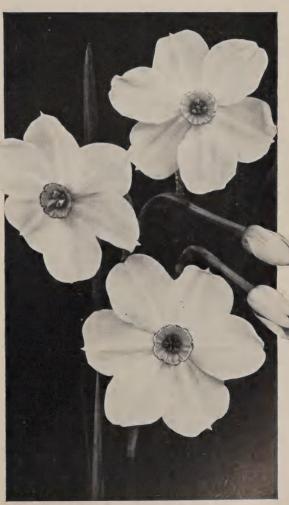

Actaea Doz. \$2.50, 100 \$17.00
One of the finest of the new Poeticus varieties, beautifully proportioned; small pheasant's eye, reddish cup. This variety was introduced by Englehart in 1927 and is still considered one of the best new varieties.

*Edwina Doz. \$1.65, 100 \$10.75 Purest white perianth, broad and overlapping petals, very flat cup, yellow edged red. Fine form and substance, highly recommended.

Doz. \$1.40, 100 \$9.00 Horace Large, star-shaped perianth, gleaming white broad petals, with flat eye, yellow edged red; graceful and free blooming.

Glory of Lisse Doz. \$1.40, 100 \$9.00 Extremely broad overlapping petals, recurving from typical pheasant's eye cup; a larger Ornatus, unsurpassed for naturalizing.

The old Pheasant's Eve. Perianth pure white, somewhat reflexing; cup margined deep scarlet; sweet scented. Fine for massing in borders or

Poeticus Narcissus, Glory of Lisse

Incomparabilis Narcissi

Particularly Recommended In This Class: For all yellow, is Yellow Poppy; for yellow cup with white perianth, is John Evelyn

Division 2: Incomparabilis, cup or crown measuring from one-third to nearly the length of the perianth segments.

*Abelard Each \$0.50, Doz. \$5.00, 100 \$35.00
Broad yellow cup, orange tint at edge, and showy orange anthers, supported by broad primrose perianth of exceptionally good substance; beautiful in the unfolding bud, and unusually long lasting flower.

lceste Doz. \$1.50, 100 \$10.00 \$

Snow-white perianth, with broad short golden yellow trumpet, very free flowering, a perfect, beautifully molded flower of great beauty, has eact All

Beat All Large white overlapping perianth, chrome-orange crown; very effective. A most free flowering and robust growing variety, splendid in the garden. Great in naturalized groups because it multiplies and blooms so freely.

Bernardino

Perianth cream colored, the frilled and fluted cup stained deep apricotorange at its edge. A good hardy grower which forms nice clumps in a short time.

Croesus

Doz. \$1.55, 100 \$10.25

Universally popular both for the garden and for exhibition; light conaryyellow perianth of perfect form, with outer petals nearly fouching, the
inner ones overlapping, opening flat; broad fluted cup of rich orange
to base; substantial, free flowering, and a fine propagator.

Carlton Each \$0.65, Doz. \$6.50, 100 \$45.00

A most beautiful variety. Broad, overlapping, flat perianth with a large, expanded cup. The whole flower is of a soft uniform yellow. Very free flowering and a strong and sturdy grower. Fine for exhibition.

Incomparabilis Narcissus, Croesus

*Dick Wellband

The perianth is pure white and the cup a brilliant flame-orange. One of its most remorkable qualities is that the color does not fade but rather intersifies with age. The flower has unusual associations of the starting country of the starting country is a coup which makes it stand out even in the largest collection of Daffodils. An exhibition variety "par excellence." (Color illustration, page 6.)

*Francisca Drake

The pure white perianth petals are of unusual substance, an inch and a half wide, and tinted gold at the base, which shows through on the outside; the cup, wide and deep, is golden yellow at the base; changing gradually to flame-orange at the densely frilled edge; the flowers are held well above the fine foliage and give the effect of a flock of white seaguils taking flight; strong growing and free flowering. (Color illustration, page 11.)

Gallipoli

World-famous variety, citron-yellow perianth, cup deeply fluted to base and with a double frill effect at edges, is yellow, shading to vivid orange; somewhat drooping; very decorative.

Helios

Helios Doz. \$1.65, 100 \$10.75
A most refined flower. Creamy yellow perianth, star-shaped; pale orange cup, slightly frilled. A delicious beautiful variety, a clump of which placed near an evergreen would make an unusually interesting picture. Very early.

John Evelyn

Doz. \$2.30, 100 \$15.00

Outstanding among the new Incomparabilis hybrids; flatly opening perianth, 4 to 5 inches across, with a flat cup nearly 2 inches in diameter, densely frilled, the perianth being pure white without a trace of shading, and the cup lemon-yellow and flured or shirred to the base; good neck; strong grover; free flowering and a good propagator; one of the greatest Daffodis. (Color illustration, page 11.)

Lucifer Doz. \$1.50, 100 \$9.75

Perianth sulphur-white with long, well-rounded petals, starlike in effect; cup chrome-yellow edged bright orange. A showy flower for outdoors; it holds its color splendidly. Height 18 inches.

*Milford-Haven Each \$0.30, Doz. \$2.75, 100 \$18.00 Fine flower with cream-white perianth and wide cup ruffled and deeply frilled at edge, chrome-yellow at base and shading into rich orange-scarlet, the same gorgeous color combination as in the Montbretia "His Majesty."

Orange Glow Each \$0.45, Doz. \$4.50, 100 \$30.00
Flowers are very large, with broad flat yellow perianth often 5 inches across. The cup is deep glowing orange, beautifully frilled. Of fine proportions, this is an outstanding Daffodil.

*Red Shadow Each \$0.55, Doz. \$5.50, 100 \$37.50

A most attractive flower of bold appearance. The perianth is creamy yellow and the cup is dark yellow with orange-red margin. It is unusually free flowering and a strong grower. Although one of the latest Incomparabilis types to flower, it forces well and is very attractive in pots. One of the best exhibition flowers.

Red Cross

Each \$0.30, Doz. \$2.75, 100 \$18.00

Famous throughout the Daffodil world; extra large, strong flower, opening flat, primrose-yellow perianth, and deep yellow cup densely frilled, of deep orange; substantial and long lasting, and fine both in the garden and for exhibition.

Sir Watkin

Perianth primrose-yellow; large and well-formed yellow cup; tinged deep yellow. A giant among the medium Trumpets.

Stella Pratt Doz.~\$2.50,~100~\$16.00Not unlike Red Cross, star-shaped perianth of light primrose, deep yellow trumpet, shading to orange.

*Walter Hampden Each \$0.65, Doz. \$6.50, 100 \$45.00
Very tall and outstanding; bright primrose perianth and pure yellow trumpet of Loudspeaker type, with a tint of orange in the frills; very vigorous grower; medium late. (Color illustration, page 6.)

Whitewell

Pure white, broad petaled starry perianth, opening flat, or slightly reflexed; cup fluted and frilled, deep primrose, with orange edge; flower held well above foliage.

Will Scarlett
Medium sized flower of informal habit; reflexed perianth, petals often slightly curled; good cup of yellow ochre with flaming orange-scarlet edge; fine for the rock garden or for naturalizing near a small pool.

*Yellow Poppy

Among all the fine Daffadils of recent introduction, few have more quickly made a name for themselves—a flower of good size, with wide fairing trumpet, 1/2 inches across, the whole flower being finely proportional and borned and borned and borned and the strem with a good neck; in color the perionth is pure yerow and the cup of the same lovely shade deepening slightly at the frilled edge; conspicuous styles of the same shade as the perionth add to its beauty; outstanding and in every way a satisfactory, as well as a sensational flower, both in the garden and as a flower for cutting.

Poetaz Narcissus, Elvira

Poetaz Narcissi

Particularly Recommended In This Class is Laurens Koster

Division 8: All Paetaz are hybrids from Poeticus Ornatus and Polyanthus Narcissi. The plants are tall and vigorous growers, bearing heads of large, well-formed flowers, deliciously fragrant. There is no better group for indoor culture in flats, pots or bowls, while if planted in time, their hardiness outdoors leaves nothing to be desired.

*Admiration Doz. \$2.30, 100 \$15.00

This beautiful cluster-flowered Daffodil is especially lovely in full sunlight, as it has a transparent character, but the flowers viewed in shade
do not look poor or papery. The perianth, which is a sulphur-yellow,
seems rather to be of the quality of the soft toffeta silk which, in the
old days, was known as "sarsenet," and the petals are slightly ridged
lengthwise. The corona is of rich orange-scarlet and there are usually
about 6 flowers to a stalk.

Note: Doz. \$1.20, 100 \$8.00 Three to four large flowers of great substance, borne on long, graceful stem; broad white petals and a golden yellow cup, edged orange, delicately fragrant. Makes a splendid combination in the garden when planted among the earliest Darwin Tulips or massed on a bank with Tulipa Clusiana.

Frans Hals

Creamy white perianth of perfect form, yellow cup, which sparkles in the sunlight, exceedingly free flowering.

Glorious

Each \$0.55, Doz. \$5.50, 100 \$37.50

Tall, flower delightfully informal in habit, perianth Poeticus-white with eye orange, edged red; good for semi-shade; very early and excellent variety for growing in the house. (Color illustration, page 12.)

*Klondyke Doz. \$1.55, 100 \$10.25
One of the finest of the yellow Poetaz. Perianth is of rich yellow with a slightly darker cup.

*Laurens Koster

Creamy white perianth, lemon-yellow cup, free flowering. Excellent for growing in the house. (Color illustration, page 12.)

Medusa

Height 22 inches.

Orange Cup

Doz. \$1.65, 100 \$10.75

Creamy white, conspicuous orange cup, a most delightful color combination of plastic rubies floating on sulphur pools, 6 to 8 florets and usually two stems per bulb. Keeps its color in bright sunlight positions.

*Scarlet Gem Each \$0.30, Doz. \$3.00, 100 \$21.00 Here is a very artistic contrast in color. The attractive, finely formed flower has a perianth of primrose-yellow with a deep orange cup. A most interesting Poetaz.

*Outstanding varieties on which prices have been greatly reduced.

Poetaz Narcissus, Orange Cup Double Poetaz Narcissus, Cheerfulness

Particularly Recommended In This Class is Gertie Millar

Division 4: Perianth white, cup white, or pale citron, sometimes tinged with pink or apricot.

Evangeline Doz. \$1.60, 100 \$10.50 A tall dancing Daffodil with reflexed, star-shaped, white perianth, and lemon-yellow cup. Fine for naturalizing.

*Gertie Millar Each \$0.45, Doz. \$4.50, 100 \$35.00 Wonderful flower of the new Giant Leads type with pure white perianth similar to and as large as Van Waveren's Giant, with a beautifully proprinced pole primose cup deeply fluted and frilled and of translucent texture; unusually long pistils and anthers match these colors perfectly; a most handsome flower. (Color Illustration, page 5.)

Doz. \$1.20, 100 \$8.00 Broad-petaled creamy white perianth, star-shaped and deeply frilled cup of creamy white with a dainty edging of light primrose; one of the most beautiful of all Daffodils. (Color illustration, page 6.)

Doz. \$1.65, 100 \$10.75 *Lord Kitchener Broad, flat, pure white perianth, very pale primrose crown. A fine variety and great improvement over Mrs. Langtry.

Doz. \$1.85, 100 \$12.00

uis Capet

Louis Capet Louis Capet

A dainty little flower of perfect conformation from whatever angle viewed; poised on tiptoe ready for a dance at the slightest breath of air; perionth white; trumpet light primrose with golden anthers, and pale green shading to gold; foliage clean and upright, not too heavy; an ideal Narcissus for naturalizing and for the rock garden.

Nette O'Melveny

Doz. 81.50, 100 89.75

A dancing Daffodil with pure white perianth and cup of clear lemon-vellow, with orange picotee; splendid foliage; tall, graceful stem, and good neck; in every way a delightful flower and sure to become immensely popular.

Queen of the North

Doz. \$1.65, 100 \$10.75

Substantial flower with broad white perianth and fluted lemon cup. Ver Star Doz. \$2.15, 100 \$13.00 *Silver Star Perfect broad-petaled, star-shaped perianth of pure cream-white, with finely proportioned, wide mouthed trumpet of primrose, changing to cream-white, just a shade deeper than the perianth, extra fine and free flowering. (Color illustration, page 6.)

Each \$1.35, Doz. \$13.50, 100 \$100.00

*Tunis

Cyclamineus Hybrids

Particularly Recommended In This Class & February Gold

Division 6: Cyclamineus blood, like that of Triandrus, imparts such a distinct form to Daffodils, that a separate division has been made of its hybrids. which have trumpets of rich yellow, straight and tube-like, and perianths reflexed as in a Cyclamen; very early flowering.

Perianth golden yellow, trumpet tinged orange, very early.

Each \$0.00, Doz. \$5.75, 100 \$40.00

Each \$0.60, Doz. \$5.75, 100 \$40.00 maller than February Gold and more adapted for rock garden planting.

Criandrus Hybrids

Division 5: These are the Cyclamen-flowered Daffodils with reflexing riantn. The flowers are more or less drooping, of elegant form and graceful habit.

gnes Harvey Each \$0.30, Doz. \$3.00, 100 \$21.00 A most dainty Daffodil of drooping habit, 1 to 3 flowers on a stem; white starry perianth with Triandrus type trumpet, of the same color, sometimes flushed faint apricot. A wonderful flower for naturalizing, especially near water, and also for cutting; desirable in every way. Agnes Harvey

Doz. \$2.30, 100 \$15.00 Doz., \$2.30, 100 \$15.00 A beautiful Triandrus Hybrid, star-shaped white flowers, often three to a stem, drooping gracefully, very beautiful and a great fovorite, especially for the rock garden or for naturalizing in the shade. A fine exhibition variety.

Mrs. Alfred Pearson Each \$0.45, Doz. \$4.50, 100 \$30.00 Dainty, star-shaped flowers in generous clusters; white perianth and pole primrose cup; new type from crossing a Leedsi and a Polyanthus; excellent for the rock garden.

Pearly Queen Doz. \$1.65, 100 \$10.75 Triandrus Hybrid, 2 or 3 flowers to a stem; star-shaped, cream-white perianth, with clear lemon-yellow short trumpet; distinct pearly sheen provides the name; drooping habit; free flowering and a strong grower.

Each \$0.45, Doz. \$4.50, 100 \$30.00 Each \$0.43, 10c. \$4.50, 10c. \$

Doz. \$2.50, 100 \$17.00 halia DD2, \$2.50, 100 \$11.00 In addition to a peculiar attraction at first sight, this flower leaves one with an impression that it is white, yet it is a whiteness that is not white. The recurving petals and the angle of the three trumpets are unlike the conventional short-cupped Daffodii. The stem is dark green, round and reedlike thin. Some call it the "orchid-flowered" Narcissus which adds to the mystery. Thalia provides unusually good material for artistic arrangement. (Cofor illustration, page 6.)

> *Outstanding varieties on which prices have been greatly reduced.

Triandrus Hybrid Narcissus, Moonshine

Jonquilla Hybrids

Particularly Recommended In This Class is Golden Sceptre

Division 7: Hybrid Jonquils with two or more, small, very fragrant flow on one stem.

Campernelle, Single

ampernelle, Single
A tiny golden Dotfodil with tips of pointed grasslike foliage reaching above the flowers; the broad overlapping petals make a nicely rounded perianth; frequently three blooms on a stalk; a delightful

Doz. \$1.50, 100 \$10.00

A medium sized perfectly built flower of deep Jonquil-yellow, 3 inches or more in diameter. The whole flower, as with the others in this class, is of the greatest substance, keeping in perfect condition exceptionally long both in the garden and when cut.

Jonquilla Simplex (Queen Anne's Daffodil) Doz. \$1.75, 100 \$11.25. The true tiny single Jonquil. The bulbs as well as the flowers of this miniature Daffodil are not very much larger than the Snowdrop. The flowers are a pure golden yellow and delightfully fragrant; foliage is grasslike. Perfectly hardy and most satisfactory small Daffodil for the grasslike. Pe rock garden.

Jonquilla flore pleno

original flore pleno Doz. \$2.30, 100 \$15.00This is the charming double-flowered form of the obove. Also splendid in the rockery. The double Queen Anne's Daffodil. 4ady Hillingdon Each \$0.50, Doz. \$5.00, 100 \$35.00A fine companion for Golden Sceptre, blooming explicit states. *Lady Hillingdon ady Hillingdon

Each \$0.30, 1002, \$0.300, 1000 \$0.3000

A fine companion for Golden Sceptre, blooming earlier; cluster-flowering type but well worth growing even if all the flowers came singly; perianth a clear butter-yellow, with broad outer petals opening flat like those of a Trillium, with the narrow inner petals curving forward around the moderate-sized shapely trumpet of deep Jonquil-yellow.

Day \$1.85 100 \$12.00

Odorus, Orange Queen Doz. \$1.85, 100 \$12.00 dorus, Orange Queen
A very striking variety, 2 to 3 flowers on a stem, color intense golden orange, cup prettily fluted. Delightful Jonquil fragrance. The flowers are produced in the greatest profusion on wiry stems about level with the tops of the strong but not coarse foliage; truly o Daffodil for every garden and the gayest of the lot, large or small.

Tullus Hostilius Doz. \$2.30, 100 \$15.00

ullus Hostilius

Of the Jonquil-yellow Trumpet type; strong growing flower of remarkable substance, lasting exceptionally long in the garden or when cut; an ideal Daffodil for informal use and for the large rock garden.

Vhite Wedgewood Each \$0.55, Doz. \$5.50, 100 \$37.50

A dainty and charming flower borne on a tall stem; starry perianth of cream-white, with a trumpet of a pale primose; beautiful for cuttling and effective in front of the Daffodil border, among other varieties. *White Wedgewood

Double Narcissi

Particularly Recommended In This Class is Mary Copeland Division 10:

Ibus Pienus Odoratus

Doz. \$1.40, 100 \$9.00

The old Gardenio-flowered Double Poet's Narcissus. Pure snowy white; wonderfully fragrant. Should be planted in the shade and kept well watered of flowering time to prevent the flower buds from drying off. Blooms extremely late, long after most of the Narcissi have gone. It is a rare old variety preserved jealously in a few old gardens and worth special care. Albus Plenus Odoratus

Doz. \$2.50, 100 \$17.00 The most promising novelty of this division. Pure white, sweet scented, large double flowers; early forcer.

Narcissus Jonquilla Simplex

Double Narcissus: Top-The Pearl Center—Cheerfulness (Poetaz) Bottom-Albus Plenus Odoratus

Doz. \$1.50, 100 \$10.00 Longer petals of primrose, interspersed with shorter petals of canary-yellow, giving a golden glow to the entire flower.

*Holland's Glory Doz. \$2.25, 100 \$14.00 A very double, medium long, three-cornered cup is placed on a double row of petals. The color is clear lemon throughout. One of the finest Double Daffodils.

Very large and very double, bright yellow interspersed with orange; the petals curled and twisted. A large substantial almost globelike ball of yellow and orange.

 $\begin{array}{ll} \textbf{Irene Copeland} & Each \$0.40, \, Doz. \, \$4.00, \, 100 \, \$25.00 \\ \text{Large full double snow-white flowers with primrose markings; a lovely and distinct variety with strong rigid stems.} \end{array}$

Tary Copeland

Each \$0.55, Doz. \$5.50, 100 \$37.50One of the famous varieties of the new Doubles. This variety has been termed the most striking double in cultivation; the longer petals are pure cream-white with a golden ray down the center, interspersed with shorter petals of lemon and brilliant arrange, giving a three-color effect; unsurpassed for garden or show. (Color illustration, page 11.)

Each \$1.35, Doz. \$13.50, 100 \$100.00*Mary Copeland

The outer petals are yellow and the center ones are bright orange. A very full, most attractive flower.

The Pearl Doz. \$1.55, 100 \$10.25 Nice flower; not too double; creamy white, interspersed with sulphur-yellow, deeper at the center; charming.

Doz. \$1.85, 100 \$12.00 Twink It is double, of the semi-full type, the petals alternating a soft primerose and clear grange, and so arranged as to give the flower a most attractive appearance, and moking it a most adaptable flower for large scale decorative work; is very free-flowering and hardy.

Narcissus Cyclamineus (Life Size)

Jonquilla Hybrid, Golden Sceptre

Wild Species - Little Daffodils

Particularly Recommended In This Class is Bulbocodium Conspicuus

The following are charming little subjects for rock work, where their dainty flowers are seen to perfection. They should be left undisturbed for years, and if happy, will soon establish themselves and afford a lovely picture in early spring. All the Bulbocadiums (except Monophyllus) and the Cyclamineus like moisture, and should, therefore, be planted at the foot of the rockery. Bulbocadium monophyllus flourishes in a warm, dry sheltered situation planted in almost pure sand. Triandrus Albus (Angel's Tears) and Juncifolius delight in partial shade and a light, gritty soil, and should be given a well-drained position.

ulbocodium citrinus Each \$0.35, Doz. \$3.50, 100 \$23.00 Large sulphur Hoop-Petticoat, very beautiful pole citron-yellow. Height 6 to 8 inches. Bulbocodium citrinus

*Bulbocodium, Conspicuus
Yellow Hoop-Petticoat, flowers rich golden yellow of hoop-petticoat form and rushlike foliage. Height 6 inches.

Bulbocodium monophyllus Each \$0.50, Doz. \$5.00, 100 \$35.00 White Hoop-Petticoat, producing in winter little snowy white flowers of exquisite beauty. Height 6 inches.

Doz. \$1.20, 100 \$8.00 analiculatus
A dainty little Polyanthus Narcissus from Mentone, suitable for sunny
positions in the rock garden. It has narrow, erect bluish green foliage
and bears heads of 3 to 4 flowers with white perianth and globular
golden cup, sweetly scented. Height 6 inches.

yclamineus Each \$0.60, Doz. \$6.00, 100 \$42.50 The yellow Cyclamen-flowered Daffodil. The trumpet is rich yellow, straight and tubelike, elegantly serrated at mouth, while the perianth is reflexed like a Cyclamen.

Small, graceful, rich yellow flowers, rather smaller than a Buttercup, with a dainty little flat crown. Juncifolius

linimusFach \$0.60, Doz. \$6.00, 100 \$42.50

True. The smallest and dwarfest of all Daffodils, producing outdoors in February dainty little trumpet flowers of a rich, full yellow. Height about 2 inches.

True. A most graceful and charming very early flowering miniature Daffodil of Maximus form, flowers with full yellow perianth graceful twisted and the miniature trumpet elegantly flonged at mouth. Height

riandrus albus

Each \$0.60, Doz. \$5.75, 100 \$40.00

An exquisitely beautiful little species, it is of slender growth and produces a cluster of elegant creamy white little flowers with globular cup and perianth reflexing as in the Cyclomen. Height 7 inches.

The flowers are produced in clusters of two and three, are snowy white and more than twice the size of Triandrus albus with long, gobler-shaped crown pretrily fluted; the foliage has a curious habit of curling over. Height 7 inches. Triandrus calathinus

Each \$0.50, Doz. \$5.00, 100 \$35.00 True, bearing clusters of dainty fragrant flowers of similar form to Triandrus albus, but of a uniform soft yellow, a rare and beautiful little Daffodil. Height 7 inches.

riandrus, Queen of Spain

A wild hybrid. The flowers vary slightly in size, and sometimes in form of trumpet, but all are a uniform, delicate creamy yellow with graceful reflexing perianth. Height 12 inches. Triandrus, Queen of Spain

Narcissus Bulbocodium

Mixed Daffodils for Naturalizing and Cutting

Spread the Beauty of Daffodils Beyond Your Garden Fences

Let your Daffodils grow freely. One of the delightful things about these lovely vanguards of spring is the way they can brighten every corner of your yard with fresh cheerful pools of gold and white. Enjoy your Daffodils growing naturally in clumps or drifts, the most effective use you can make of them.

Let them run along the fences, under your shrubbery or along the drive, in irregular natural patches as much as you can. Plant some on the south side of your house for early bloom and some on the north for later flowering, and you'll have bloom for over a month. If you have a meadow or a brook or an orchard, start your Daffodils in drifts of different varieties, as in the picture on page 18. You needn't buy large quantities unless you're in a hurry. for Daffodils are prolific. Each bulb soon gathers a numerous family, without having to be petted or coaxed. Few flowers require less attention.

The one important thing is to be sure your bulbs are full size and strong with life. There are many Narcissus bulbs on the market, which scarcely bloom even the first year for you, and many florist varieties that must be constantly transplanted to keep them flowering. It pays to know exactly what you're buying.

Wayside Gardens mixtures, which are best for naturalizing, are all made up of selected named varieties, each grown separately, each chosen for abundant and long flowering. Every one is guaranteed to continue to bloom year after year and to increase rapidly, without special care. They are the pick of fine prolific bloomers and assure you increasing dividends of spring beauty for years to come.

Mixed Daffodils, Standard Varieties

The mixture presented by us is made up from named varieties and should, therefore, not be confused with other mixtures offered. This mixture is not grown as such, but varieties are selected that are especially adapted for naturalizing and will give an abundant and prolonged flowering period, increasing rapidly.

25 bulbs for \$2.25, 100 \$8.00, 1000 \$70.00

Mixed Daffodils, Standard and New Varieties

Containing standard varieties as well as novelties. In the making of this mixture a very considerable number of newer kinds were included. More than 40 varieties all told were used to make this fine mixture as well as numerous fine seedlings which we do not want to name because of close resemblance to others already in commerce.

25 bulbs for \$2.50, 100 \$9.75, 1000 \$90.00

Narcissi for Growing in Water

Paper-White Narcissi

Paper-White Grandiflora

First size bulbs Doz. \$1.10, 100 \$7.50, 1000 \$70.00 Jumbo bulbs

The popular bunch-flowering, pure white Narcissus, frequently having 30 individual blooms and splendid decorative foliage from a single bulb. We offer two sizes, each suitable for growing indoors in pebbles and

Golden Yellow Narcissi

Soleil d'Or Doz. \$1.50, 100 \$10.00 Soleil d'Or resembles the Paper-White Narcissus very much in habit but is of an exquisite deep yellow color, with an orange-yellow cup. The culture is the same as for the Paper-White Narcissus. We have some very fine stock of this variety to meet the steadily increased demand of the past few seasons and recommend its use in place of the Chinese Sacred Lily. Do not omit a few bulbs from your order.

Are You a Daffodil Fan?

Spring Flowering Bulbs for the Greenhouse, Garden, Rock Garden and Naturalistic Planting

Anemone, St. Brigid

Alstroemeria

Alliums are very attractive bulbous plants, producing erect bare stems with globular heads of flowers, resembling the Blue Lace Flower or Bunch Primrose. Perfectly hardy, easily grown, and well adapted to rock gardens. Thrive in almost any soil in sunny situations.

Ibo-Pilosum

Doz. \$2.00, 100 \$13.00

This is a very striking flower. The bold umbels, 9 to 12 inches in diameter on 2-foot stems in June, are composed of numerous star-shapel lilac flowers. The folioge is downy white. Plant it between late summer or autumn-flowering plants to provide early June color. Very hardy and absolutely permanent under the most trying conditions. Albo-Pilosum

Doz. \$2.00, 100 \$13.00 Is very similar to the above, producing claret-red flowers, not quite as large as Albo-Pilosum. The stems are about 31/2 feet tall. Excellent for cutting, very effective with other flowers. Just as hardy and permanent and an exceptionally fine bulb for planting between fall-flowering

Neapolitanum

Producing in May to June numerous heads of graceful white flowers, prized for cutting; it is also a charming plant to naturalize in shady woods, assorted with the blue Wood Scilla. Height 15 inches. Alidum Daz. \$1.75, $100 \ \$12.50$ Unlike the others, this must have moist situation. One of the most beautiful and ranks with the best of bulbous flowers. Abundant grassy foliage. Stems a foot to 2 feet high, with showy rose-colored flowers. Makes a large clump in June.

Alstroemeria - Peruvian Lilies

A very beautiful genus. Their Lily-like blossoms make fine cut flowers as well as garden subjects.

Culture. Easily grown in well-drained sandy soil in full sun. Plant early spring. Cover roots about 4 inches. Set 6 to 8 inches apart and protect in winter.

urantiaca Doz. \$2.35, 100 \$16.00

Neat upright growing plants about 24 inches high with loose heads of brilliant orange flowers. Invaluable for cutting and border display. Aurantiaca

Amaryllis

There is nothing that will give the amateur greater pleasure for growing in the house as well as in the garden. These giant-flowering Amaryllis produce a magnificent blossom with the least possible care and trouble. Planted in a pot in the fall they will bloom about six or eight weeks after planting. Bulbs may be kept dornant and planted a week or ten days apart so that you will have succession of bloom throughout the entire winter. In the garden they may be planted during March, April and May, depending upon locality, and they will bloom during June and July without any trouble whatsoever. The bulbs throw a vigorous stem with 4 to 6 gigantic blooms, ranging in color from pure white grounds with varied markings of rose, red and crimson to the richest self colors as scarlet, crimson and bright red. We can supply from November until April, bulbs guaranteed to bloom.

HIPPEASTRUM HYBRIDS

California Hybrids Each \$0.65, Doz. \$6.50 This is a mixture of fine colors. The flowers are of good size and have for several years been offered as Giant Hybrids. We offer these in mixed

Mammoth Royal Dutch Hybrids

This is the finest strain available. The flowers are superbly shaped and of mammath size. Only a very limited number of this genuine type is available; we believe we are the only source where they can be obtained. (Color illustration, page 17.)

Mixed Mammoth Royal Dutch Hybrids Each \$1.25, Doz. \$12.50 Royal Dark Red Shades Each \$1.50 Royal Pink and Rose Shades Each \$1.50 Royal Orange-Red Shades Each \$1.50 Royal White with Pink Stripes Each \$1.50 Royal Salmon-Pink with White Stripes Each \$1.50

Anemone

These popular flowers of French origin are exceedingly brilliant when in flower and excellent for cutting. They like to be planted about 6 inches deep in a cool, moist but well-drained soil. Will establish without any trouble and remain for years. For northern states we advocate early spring planting, for the southern section of the country, fall planting is best. Cover in winter with strawy manure.

Blue Poppy

A grand variety bearing flowers measuring as much as 3 inches across, of the most vivid velvety vermilion, with glistening silvery white base and a handsome blue-block central boss. Height 1 foot.

These are the popular Anemone so frequently seen in the florists' shows in the early spring. The flowers are unusually large, with a wide range of rich and brilliant colors.

White Poppy

Large, single white flowers on long stems, resembling a White Poppy.

[16]

Amaryllis, Mammoth Royal Dutch Hybrids (See page 16)

French Anemone, De Caen (See page 16)

Mixed Freesias (See page 21)

One of America's most colorful and most admired wild flowers is the Virginia Bluebell. It is also one of the easiest of flowers to grow. It does beautifully in light shade under shrubs and trees. Plant them wherever you can in your garden in company with Daffodils and Grape Hyacinths. Unusual and long lasting beauty will be yours at very little cost because these three bulbs multiply freely and require no care.

Grape Hyacinths—Muscari, Heavenly Blue (See page 23)

Virginia Bluebells—Mertensia Virginica (See page 23)

Babiana (Baboon Flowers)

Stricta, Mixed Shades Doz. \$0.75, 100 \$4.75

The colors vary from gentian-blue to wine-purple. They reach a height of about 8 to 10 inches. For northern climates they should be grown like the Freesia for conservatory decorations, but in mild climates they may be used in the rockery or border, where they make magnificent brilliant masses of color.

Bletilla - Hardy Orchid

Terrestrial Orchid from China and Japan. Easily grown in ordinary garden soil with plenty of moisture. Prefers half shade. Blooms in spring. Hardy under all conditions.

Each \$0.50, Doz. \$5.00 tyacinthina

A beautiful small Orchid anyone can grow in the garden or in the house in a small pot filled with ordinary garden soil. Planted in November it will bloom for you early in March. The plant may be removed to the garden where it will grow freely or can be forced into bloom again the following winter. Six to eight dainty Cattleya-colored flowers grow on a stem about 12 to 15 inches tall. These last from 6 to 8 weeks. Grows as easily as Paper-White Narcissi and certainly more beautiful. (Color illustration, page 44.)

Hyacinthina alba Each \$1.00, Doz. \$10.00 Similar to Hyacinthina except slightly smaller. Has bright clear white

Brodiaea

They are easily naturalized in almost any soil. Plant them about three inches deep and leave them alone. They are especially happy under deciduous trees, in the rock garden, or in rough, gritty soils.

Coccinea (Floral Firecracker)**

**Doz. \$1.45, 100 \$9.75

Tall, slender stem capped with dazzling crimson flowers. Prefer a loose, gritty soil. Beautiful for the rockery. Height 1 to 2 feet.

Doz. \$0.85, 100 \$5.25 lasting qualities. The bulbs can be naturalized in any clay soil, especially if moist.

Ixioides splendens
Called "Golden Star." Has an umbellate cluster with flowers of a fine golden yellow on stems 6 to 8 inches high.

Doz. \$0.85, 100 \$5.25 This mixture contains the following colors: blue, red, yellow, white, and is good for naturalizing. Bulbs self-sow and increase quite rapidly.

Calla - Zantedeschia

Plant Callas indoors in the late fall of the year. In April or May dor-ant bulbs may be planted near the pool in a sunny spot where they will wer beautifully in August or September.

flower beautifully in August or September.

Elliottiana (Yellow Calla)

One that should be planted extensively. The deep golden yellow flowers are truly magnificent and produced in abundance. The green foliage is spotted white, which adds to its beauty; lovely house plant as well as garden subject. (Color illustration, page 44.)

Godfrey (White Calla)

Most ornamental foliage if grown near pool where it will get plenty of worder; an excellent, easily grown house plant.

Each \$0.70, Doz. \$7.00

Rehmanni Each \$0.70, Doz. \$7.00

The pink or rose Calla. A rather uncommon species native of Natal. The flowers are small but pink and therefore most unusual. An uncommon plant for the greenhouse or indoor culture.

Brodiaea Ixioides Splendens [19]

Calochortus - Mariposa Culips

Until one has seen a good collection of these plants, he has no idea browmuch Nature can do in the variation of one flower. One to many of stem, wonderfully marked with yes and dots and pencilings in rich colore, are characteristics. "Mariposa" is simply the Spanish word for butterfly, and is applied to these Tulips because the eyes and markings are so much like those on a butterfly's wings.

lavatus

Doz. \$1.75, 100 \$12.50

The largest flowered and the stoutest stemmed of all Mariposa Tulips. The blooms, which are shaped like a bowl, are often over 4 inches across, of a deep yellow, and the lower half covered by stiff yellow hairs.

enustus oculatus

Daz. \$1.00, 100 \$6.75

Wonderfully varied in whites and cream, more or less tinted purple, and with very rich eyes. We have had the flowers 4 inches across. The plant is a good grower, and the flowers are most satisfactory. *Venustus oculatus

Mixed Colors and Varieties

Doz. \$0.35, 100 \$5.25

They grow from 1 to 2 feet high and branch. The flowers are simply marvelous in their variety of colors and markings. Scarcely two are alike; in a mixed lot they may vary through white, illac to purple and again through shades of pink to claret-red. In any mixture whites, more or less eyed, predominate. There is no better investment for the flower lover than a quantity of these bulbs. They thrive best in a rather porous soil, either sandy or gritty, and will grow either in sun or light shade. Flowers are 2 to 4 inches in diameter. Mixed colors. grow either in sun or diameter. Mixed colors.

Babiana

Chlidanthus Fragrans

Bright yellow trumpet-shaped flowers on stems 12 to 15 inches tall. Cuts well. Strong, pleasant fragrance. Bulbs must be kept dry in fall and winter like Gladioli. Prefers full sun in any garden soil. Blooms in early summer. Delivery late fall.

Doz. \$1.75, 100 \$12.50

Corydalis Bulbosa

A very graceful little bulb for massing in front of the border under shrubs, or clump in the rock garden. Should be planted in groups of a dozen or more bulbs for best effect. In April the racemes of attractive rosy purple flowers with glaucous foliage make a brilliant and extremely showy patch of color. Growth prostrate, not over 3 inches.

**Doz. \$2.30, 100 \$15.00

Colchicum - Meadow Saffron

(Giant Autumn-Flowering Crocus)

(Giant Autumn-Flowering Crocus)

Colchicum are autumn-flowering bulbs with large Crocus-like blossoms which appear during the months of September and October, without foliage. The foliage, however, appears early in the spring about the same time the Tulips and Hyacinths are in bloom and disappears in June. They are especially recommended for planting between the taller growing rock plants such as Cerastium, Vinca, Pachysandra, and the various Sedums, where their bold, checkered Crocus-like blossoms are seen to the best advantage Blooming in September and October when flowers in the rockery are scarce, they are especially valuable. They may also be planted in the open woods or in naturalistic plantings of any sort. The bulbs, if kept indoors, will bloom during September and October in the window without any earth or water and after blooming, the bulbs may be planted in early November outdoors, and will not suffer in the least.

Fach \$0.60. Day \$5.75.

Agrippinum (Parkinsoni) Checkered rosy purple.

Each \$0.60, Doz. \$5.75

Autumnale Commonly called the Autumn Crocus; very culture.

Each \$0.40, Doz. \$4.00 free-flowering; of easy

Autumnale alba

Each \$0.40, Doz. \$4.00

Each \$1.30, Doz. \$13.00

Pure white, increasing fast; free flowering. **Autumnale alba plena**Large, double white flowers.

Each \$0.45, Doz. \$4.50

Autumnale major Ed A large variety with massive flowers of rosy purple

Each \$0.40, Doz. \$4.00

Autumnale rosea plena Double, rosy lilac flowers

Bornmuelleri

Each \$0.55, Doz. \$5.50
Fine cup-shaped, long-tubed flowers of rosy lilac coloring; one of the finest species; early flowering. Giganteum

Each \$0.60, Doz. \$5.75

Large, soft violet, white center, late flowering.

Each \$0.40, Doz. \$4.00

Deep rose-purple; very large, stout and fine.

Each \$1.75, Doz. \$17.50

Speciosum album White, very large

An outstanding large flowered hybrid, gives huge clusters of flowers of deepest rose-purple.

Speciosum, The Giant
Truly a giant. Truly a giant, makes a fine show growing in a ground cover such as Vinca. The immense flowers are pure lilac.

Erythronium Revolutum Johnsoni

There are few bulbous plants that meet climatic or soil conditions better or give a more attractive bloom. They are hardy without protection, and thrive either under ordinary garden conditions or when naturalized in open, moist woods or in not too dense a grossy growth. The flower stems are 2 to 4 feet high with as many as a hundred star-shaped flowers measuring 11/2 inches across and flowering in long succession.

This is the giant of the race, about twice as tall and large as the popular Esculenta. Like the others it is excellent for cutting, woodland or garden planting, and survives and increases rapidly in the swampiest of places, as well as in the hardest, driest clay.

Doz. \$1.00, 100 \$6.75

Very showy in mass planting. Forms flower spikes 2 feet high, bearing a cluster of star-shaped flowers of a very fine, rich purple. Fine for wet and swampy places where other bulbs do not grow.

Doz. \$1.35, 100 \$9.00 Same as preceding but stronger grower, flowers are larger and come in various hues of blue and recemy white. Again does well where other bulbs fail. (Color illustration, page 44.)

Erythronium - Crout Lilies

These are charming woodland plants, producing in early April, small Lily-like flowers of which the colors run in delicate tints of white, pink, cream, bright yellow and rose. They thrive in wooded places under shrubs and in shaded corners or crevices of the rockery. Their beauty is enhanced by their richly mottled leaves. All grow about 6 to 7 inches high.

Doz. \$1.00, 100 \$6.75

Californicum Cream colored, often with 4 or 5 flowers o mottled. A large colony is a beautiful sight. on the stem, Leaves richly

The flowers open upwards showing the inner half to be rich chromeyellow, the outer half pure white, and are deliciously fragrant. It grows easily and flowers freely.

Doz. \$1.00, 100 \$6.75

Hendersoni

Like Californicum but the flowers are a lovely light purple, with the centers a deep maroon, almost black.

The most beautiful of all the Erythroniums. A stout plant producing exquisite rose-pink flowers. Revolutum Johnsoni

Glacier Lily, Mountain Lily, or Golden Easter Lily. One of the most beautiful and rarest of Dag-Tooth Violets. Do best in shady woodland places, well-drained soil. Not unusual to see stem with ten to twelve golden flowers, the flowers often being three inches across. Excellent for cutting. Plant in colonies.

Doz. \$1.00, 100 \$6.75 This mixture is made up of the above named varieties and many others. Splendid for noturalizing and for rock garden in light shade. (Color illustration, page 44).

Freesias

Without doubt the most sweetly scented flower grown; a single bloom permeates the living-room with its delicate perfume. Although they are quite popular and very easily raised, we suggest the following treatment: Procure the bulbs as early as possible and plant them in August, 6 to 25 bulbs for a single pan. The soil should be a mixture of good loam. The bulbs planted early, soy August and September, must be placed outdoors until cold weather sets in; must be regularly watered and kept growing all the time. In November, before frosts appear, the pots should be placed in the window of a cool room.

Apotheose

potheose Doz. \$0.75, 100~\$4.50 One of the best varieties, very large robust flowers, opening deep mauvelllac, turning to bright carmine-pink; white throat, tall stems.

Elder's Giant White

Doz. \$0.90, 100 \$6.00 finest white variety, beautiful pure white flowers double the size

The fines of Purity. Golden Daffodil

Doz. \$0.75, 100 \$4.50 A yellow Freesia of unusual sturdy growth, tall straight stems. Flowers large and wide open, Great lasting qualities. Very prolific producer with several laterals.

Marie Louise Fisher

Doz. \$0.80, 100 \$4.75 A very attractive lavender-blue. Large open flowers and good long stems. A strong grower with plenty of laterals. We believe the finest lavender to be put on the market.

Purity Superflora

Doz. \$0.75, 100 \$4.50 A new Giant White, stems average 18 to 20 inches long. Single flowers $2\frac{1}{2}$ inches long; early bloomer.

Mrs. Marc Peters

Doz. \$0.80, 100 \$4.75 Very attractive deep rosy salmon, blotched orange with yellow.

Doz. \$0.80, 100 \$4.75

Something new in color, flame-orange, reminding you of the glorious sunsets in California. Ruth Chatterton

Doz. \$0.90, 100 \$6.00 The color is distinctly new, Tyrian rose shading to Tyrian pink; shot with delicate streaks of cadmium-yellow becoming solid yellow down into the perionth. The flowers and sprays are gigantic, delicately perfumed and supported by long, heavy stems with two and three long laterals.

Mixed Colors

A lovely mixture made up out of many varieties. All the shades of the rainbow. (Color illustration, page 17.)

Fritillaria - Mission Bells

The true Mission Bells do better in a clay soil in full sun. The woodland Fritillarias like woodland soils and conditions, and in cultivation some shade and a free soil. They are hardy as far north as Wisconsin.

anceolata Doz. \$1.45, 100 \$9.75 Grows from 1½ to 3 feet high. The flowers are green and brown mottled prettily, produced on top of the stem, a most attractive variety.

Doz. \$1.60, 100 \$11.25

Is as beautiful, and much resembles a Lily. In size and habit like Lanceolata with orange-scarlet flowers of a lovely clear brilliant coloring.

uaica

Of still a different habit. A low plant about 6 inches high with a single clear bright yellow bell. Likes sandy or loose soils and a warm spot in the rockery where you will enjoy it immensely.

Iixed Varieties This mixture is made up of Mission Bells and varieties of Meleagris, and would be very interesting in the rockery. Mixed Varieties

Galanthus - Snowdrops

Snowdrops belong to the most beloved early flowering spring bulbs. They require very little attention, and can remain undisturbed for years and years. They like rather moist and cool soil. To get a lovely effect they must be planted thickly, while they can be grown under trees and shrubs, in woodlands and in lawns. In the latter case, the lown should not be mown before the leaves are withered, or next year's blooms may be spoiled.

Doz. \$0.75, 100 \$4.50 This is the old-fashioned favorite. Its lovely white nodding blooms are out before the frost is out of the ground; one of the lovely bulbs that tell us spring is almost here. A group naturalized in the shade of shrubs or under trees is worth while. Once planted they remain for a lifetime.

Gladiolus Nanus Early Flowering

These Baby Gladiolus are extensively used for winter forcing, can be forced by the end of March, and come in very useful when most bulbs have gone. Noted for their lasting qualities, slender stems and dainty, orchidgone. Note like flowers.

Nymph

Doz. $\$1.35,100\ \9.00 Sprays of large, wide open white flowers with crimson markings. Very beautiful. Doz. \$1.35, 100 \$9.00

Peach Blossom

Doz. \$1.00, 100 \$6.75

Lovely soft pink

Spitfire Doz. \$1.00, 100 \$6.75 The finest of the Baby Gladiolus. Brilliant reddish salmon.

The Bride

Doz. \$1.35, 100 \$9.00

Pure white

Tecolote Hybrid Mixture Doz. \$0.85, 100 \$5.25 Beautiful new strain, early flowering, with dainty flowers carrying the characteristic diamond-shaped markings on the lower petals. Long, strong stems. New postel shades of lavender-blue, orchid, salmon, pink, rose, scarlet, orange, and many others.

Gladiolus, Tecolote Hybrids

Freesias

Haemanthus Coccineus

Coccineus

Cocineus

Each \$1.25, Doz. \$11.00

"Blood flower." One of a large group of tropical and sub-tropical bulbs of the Amaryllis family all of which are interesting and curious and some very showy. This variety has two bright green opposite leaves 3 to 5 inches wide and 1 to 2 feet long lying flat on the ground, growing in the winter. The single bright red flower appears in the fall before the leaves. It is a large cluster or umbel 2 to 4 inches across composed of many small flowers closely placed. Stem 6 to 9 inches high, green heavily spotted with red. General appearance striking and curious.

HELLEBORUS (Christmas Rose). See page 75.

Ixia - Corn Lilies

Recently introduced hybrid from South Africa, quite different from other lxias. Blooms in late spring. Wiry stems 4 to 5 feet tall with 20 to 40 open flowers in a raceme at the top with several smaller flowering branches below. Color varies from pure white through shades of pink overlaid with a bluish tinge. Excellent for cutting.

These beautiful bulbs from the Cape Colony (South Africa) are far too little known; they should be planted in late autumn and in cold districts they must be covered with a thick layer of straw or leaves. They are splendid for southern states. There are few bulbs so lovely and graceful and those fortunate enough to live where the climate is mild should plant them by the hundreds,

Ixiolizion

allasi (Tataricum)

A little known but choice hardy bulb which in early June produces several deep blue tubular flowers on slender stems. One of the last of the small "spring" bulbs to flower. Supply very limited. Pallasi (Tataricum)

Leucojum - Snowflake

Aestivum (Summer Snowflake) Doz. \$1.05, 100 \$7.25 A very handsome, hardy, robust growing plant, producing spikes of elegant drooping white flowers in May. Greatly prized for cutting, on stems about 14 to 18 inches high. Same culture as for Norcissi.

Vernum (Spring Snowflake)

This is one of the earliest and most attractive spring flowers. Growing from 6 to 8 inches high they bear dointive spring flowers. Growing from 6 to 8 inches high they bear dointive spring flowers which are white, tipped with green. Plant in early fall in a good, light, well-drained soil 4 or 5 inches apart in masses or bold clumps, 2 inches deep. If left alone will bloom year after year.

Ornithogalum Aureum

Lachenalia

This Cape bulb has been terribly neglected in this country. They have been long known in Europe under the name of Cape Cowslip. These bulbs are especially useful for forcing as they can be grown in flats or in pots or baskets. All of them do well out-of-doors in milder climates and are showy in beds, borders, and rock gardens and all are easily grown under glass. They have from one to two dozen generally pendulous, fire-cracker-like flowers, three-aquarters to one inch in length on stems six to nine inches and bloom from late November to February, depending on the time of planting and the temperature in which they are grown. The flowers are loosely borne in a tapering spike eight to twelve inches high, but do not droop. Stamens and style in some varieties extend beyond the mouth of the flower.

Cultural directions: Same as Freesias. May be had in bloom at Christmas. Bulbs multiply freely and may be used from year to year.

Doz. \$2.25, 100 \$14.00 Flowers brilliant coral-red tipped green and purple. Two or three Tulip-like green leaves. One of the best and earliest. Excellent for indoor growing. Easily in bloom by Christmas.

Flowers scarlet, citron and green; free blooming. Two or three strapshaped leaves with red spots. Rector of Cawston

Flowers creamy white, bluish at the base, tipped with purple, standing nearly upright on a 6- to 12-inch spike. Stem green mottled with purple. One green leaf, Tubiflora

Leucocoryne Ixioides Odorata

Leucocoryne - Glory-of-the-Sun

Doz. \$1.60, 100 \$12.00 Ixioides odorata

Doz. \$1.60, 100 \$12.00 Flowers exquisite light blue on tall, wiry stems and of very long-lasting quality, with faint heliotrope fragrance; for greenhouse culture or outdoors in warm states. March and April flowering. Unquestionably one of the loveliest new bulbs introduced. We predict it to be as much used as Freesias as soon as the price permits its free planting.

Lily-of-the-Valley

Lily-of-the-Valley For Garden Planting

Portin variety. This popular and fragrant subject repays for being well treated. Grand for massing near shrubs or along shaded borders.

Three \$2.00, Doz. \$6.00, 100 \$40.00

Our clumps are grown from the finest type of imported Fortin stock and are far superior to the common native sort.

1227

Lycoris

RADIATA, like Squamigera, is a summer-flowering variety, but it is **not** hardy like Squamigera. It is, however, a beautiful and very easily grown bulb for the house, providing the planting is done in August or very early in September. Grow it in a bowl with pebbles and water or in a pot with some moist earth. A few weeks after planting the flower spikes appear as if by magic. The flowers last for several weeks and are as handsome as orchids. In the South the bulbs may be grown outside where they multiply rapidly. We positively do not guarantee these bulbs to bloom if planted later than September 10th. The bulbs are sent in early August. (Color illustration, page 44.)

**Doz. \$1.75, 100 \$12.00

Each \$0.75, Doz. \$7.50

Squamigera (Amaryllis Halli)

quamigera (Amaryllis Halli)

Produces in early spring attractive green foliage which grows until July when it ripens and disappears. About a month later, as if by magic, the flower stalks spring from the ground to a height of 2 to 3 feet, developing an umbel of large, Lily-shaped flowers, 8 to 12 in number, of a delicate lilac-pink shade. The bulb is perfectly hardy; must be planted in fall. Cover crown about 4 inches.

Leucojum Aestivum

Mertensia Virginica

This is indispensable in the garden for color effect; flowers are porcelainblue; buds pink at opening. The plant grows from 1 to 2 feet high, bearing a panicle of flowers about 1 inch long in short pendent clusters. It is splendid for the open border or for naturalizing along the woodland path. We know of no other spring flower which does so well in deepest shade. It flowers from the time Daffodils are in bloom, continuing while the May-flowering Tulips are at their best. Use this delightful plant in quantities, as it is permanent and so helpful to create beautiful pictures, especially in shady places. (Color illustration, page 18.)

Flowering Roots for Immediate Effect for Naturalizing 100 \$10.00, 1000 \$95.00

We guarantee this root to bloom 100 per cent

Choice Selected Roots for Use in the Garden

Doz. \$2.50, 100 \$15.00

When space is limited and there is only room for the best

Lachenalia Pendula Superba

Moraea

An interesting group most of which are notives of South Africa, many being new to cultivation. Some are useful for cutting, others for the perennial garden and others still for pot culture and rock gardens. All listed below flower in spring. They show a wide range of colors and vary in height from 6 inches to 3 feet. On most of them the foliage is not important. Same culture as for Freesias.

Glaucopis (Iris pavonia) Doz. \$1.75, 100 \$12.00 Often called Peacock Iris. Flowers white or light blue with peacock eye at base of outer segments. Stems 10 to 15 inches high. Excellent for cutting, forcing, rock gardens and pots.

Polystachya Doz. \$1.75, 100 \$12.00 olystachya

Slender plant 18 to 24 inches high with many wiry branches. Well covered with flowers looking at a distance like a close group of butterflies. The outer segments of the flowers are light mauve, penciled with Parma violet, with a bright yellow spot at the base, inner segments light mauve with little pencilings. Starts flowering 6 weeks after planting and keeps on 3 to 4 months. Corms can be had in cold place at 40 degrees to make successive plantings over a long period.

petaia Doz. \$1.75, 100 \$12.00

New introduction. Slender well-branched plant 6 to 8 inches high. Flowers similar to Moraea polystachya but lavender in color. Most useful in pots and rock gardens. Ispetala

Muscari - Grape Hyacinths

Muscari are charming spring-flowering subjects. They can grow under trees and shrubs and also do well in full sun in the border or at a sunny spot of the rockery, without any special attention. They are best planted immediately on receipt and can remain undisturbed for years. They are absolutely hardy and some varieties are delicately fragrant. Botryoides, Azureum and Armeniaccum are beautiful when forced in the house, some culture as Freesias; while Plumosum is always a source of great interest. All are about five inches high. Owing to war, Botryoides and Azureum not available this year.

Armeniacum (Heavenly Blue) Doz. \$0.85, 100 \$5.75, 1000 \$50.00 rmeniacum (Teavenily Blue) Doz., \$9.55, 100 \$50.00 \$50.00 Deep cobalt-blue flowers, producing many spikes with large flowers. Wonderfully fragrant. While there are several kinds of Muscari, we consider this variety the best for mass planting. Their flowers open just about the time that the Crocuses are going. They do well in the wild garden and also in grass not too rank. They are nice under trees and along borders where they may be left undisturbed. (Color illustration, page 18.)

Nerine

Sarniensis (Guernsey Lily)

Doz. \$1.10, 100 \$7.50

From 10 to 20 flowers are borne on slender scapes 1 to 1½ feet high in early autumn. They are bright crimson in color, about 1½ inches across; the sickle-shaped segments being scarcely crisped; filaments are bright red. The leaves appear after the flowers. They are easily grown indoors, in the North, but in the South may be grown outdoors in ordinary good garden soil.

Scilla Hispanica Naturalized Under Trees

Very easily grown bulbs, especially Umbellatum, which multiplies rapidly under any conditions.

Makes a large umbel of small white flowers with black base, produced on a tall spike. Hardy and very prolific in the extreme South but must be protected or forced in the North. Arabicum

It is a splendid pot plant for growing indoors during the winter monitors, carrying its large cupped, brilliant gold flowers in clusters supported on stems 12 inches high. Requires a cool, well-lighted position and a pot or pan of it gives a magnificent long-lasting effect. Flowers last 3 to 4

Thyrsoides flore pleno Doz. \$1.25, 100 \$8.25 The double form we now offer is much more desirable than the single-flowered variety. The fine double white flowers remind one of the Pearl Tuberose, lasting weeks on end. Fine cut flower, 24 to 36 inches.

mbellatum (Star of Bethlehem)

Doz. \$0.85, 100 \$5.25

This is the small white hordy variety that is seen in great profusion around many of the old gardens. It propagates readily and adapts itself splendidly to naturalizing. It does well over a wide temperature range and blooms profusely each season with little or no care. Umbellatum (Star of Bethlehem)

Triteleia Uniflora Violacea

Suitable for pots or hanging baskets for winter flowering. Very easily grown in the house. Their clover-shaped leaves are most attractive as well as the small cuplike blooms. They are excellent inexpensive small plants for decorating the home and growing on window sills.

Adenophylla Doz. \$1.75, 100 \$12.50 A lovely hardy species from Chile, forming small, compact rosettes of foliage and dainty small, lilac-pink flowers opening in the sun. Height 3 inches. Plant in the rock garden or grow in pots in the house from end of August to November. A rare hardy variety, easily grown. (Color illustration, page 44.) Doz. \$1.75, 100 \$12.50

Bermuda Buttercup. Yellow. Doz. \$0.75, 100 \$4.75 Doz. \$0.75, 100 \$4.75 Grand Duchess. Lavender. Hirta. Lovely pink variety. Doz. \$0.70, 100 \$4.50

Ranunculus

Their brilliant lovely globular-shaped flowers are splendid cut flowers and house and the left undisturbed for many years. In the north, bulbs may be planted in April and May outdoors and will bloom in July and should be taken up for winter and stored dry until the following season.

New Giant Claremont Hybrids

Doz. \$1.00, 100 86.75

ew Giant Claremont Hybrids

This new giant Ranunculus is far ahead of the common types. The perfectly double flowers are produced on tall, stout stems and appear in every conceivable shade of color. The blooms are many times larger. The color range is exquisite. The long stems make them superb for

Ornithogalum Arabicum

Scilla Hispanica (Campanulata)

English Blue Bells are very effective in flower and shrubbery borders, and most valuable for wild gardens and woodlands, where they should be largely naturalized. Wood Hyacinths may be planted in bare shady places and odd corners which often have a desert-ike appearance and can thus be rendered bright and cheerful. They will also thrive under Fir and Pine trees, where few other plants will grow.

Hispanica alba maxima Doz. \$1.05, 100 \$7.25 Large white flowers.

Hispanica, Excelsior

Large bells, deep blue, very fine, tall and large spikes. Doz. \$1.05, 100 \$7.25

Hispanica, Queen of the Pinks Deep pink, beautiful large spikes. Doz. \$1.05, 100 \$7.25

Mixed Varieties and Shades Doz. \$0.75, 100 \$4.50 This mixture is made from a dozen of the best named varieties. It is blended so that the various blue shades predominate. Pink and white has been added in just the right proportion to provide a pleasant contrast. You will like this mixture for planting in woods, under shrubs, or other shady places where it is difficult to grow flowers. These Scillas are also very nice for cutting, lasting well in water. Sparaxis

Doz. \$0.85, 100 \$5.25

Delightful spring-blooming Cape bulbs of the Ixia group, their beautiful flowers being borne on graceful spikes about 6 to 8 inches high and the colors of the brightest and all shades. They are tigered, blotched, spotted, streaked and flushed, a complete riot of color. They are also excellent for conservatory and indoor treatment. For the southern rock garden they are indispensable. Protect in cold climates.

Sternbergia

Lutea major

A very effective autumn-flowering bulbous plant producing Crocus-like flowers of a rich golden yellow. The bulbs make a charming decoration if planted in bowls or pots and flower a few weeks after planting. Out-of-doors the Sternbergia likes a warm, well-drained situation on banks or borders, where it should be left undisturbed. The bulbs should be planted 9 inches deep, and in cold districts a covering of dry litter should be given in winter. Fine for the rock garden.

Streptanthera Cuprea

Brilliant Cape flower. Foliage like Tritonia. Flowers open flat. Color, brilliant orange-red with violet eye. Hardier than Freesia, and more vivid than Sparaxis. Each bulb produces several spikes of bloom, 6 to 8 inches tall.

Criteleia - Milla

Uniflora violacea Doz. \$0.85, 100 \$5.25

A roatike bulb which produces in early spring a pole violate bulb which produces in early spring a pole violate bulb there with white center. Somewhat resembles the Chionodoxa, is delightfully fragrant. They spread and multiply with amozing rapidity and are excellent in the rockery or under shrubs or trees where nothing else will grow. They are hardy, but like a little protection. About 3 linches high.

Critonia

rocata

This interesting bulbous plant is commonly known as the Orange Ixia, which it resembles. It is very floriferous; forces easily and produces lovely orange flowers. Give it the same treatment as Freesia and you will enjoy it very much. Height about 10 inches. Lovely in the rockery in southern gardens.

Zephyranthes

Jax Doz. \$1.60, 100 \$11.25

A Zephyr Lily. Similar to Zephyranthes candida, but having light yellow flowers on 6– to 8–inch stems. Blooms several times a year if allowed to dry out and then watered. Excellent for pots, rock gardens and borders.

Large, bright pink flowers appearing in late summer on 5- to 8-inch stems. Foliage during winter and spring. The flowers are large enough and stems long enough to be very useful for cutting. Its adaptability to culture in pots, rock gardens and borders makes it a very useful member of a well-known group. Robusta

Ranunculus, New Giant Claremont Hybrids

Vallota

Purpurea (Scarborough Lily)

This very beautiful member of the Amaryllis family was discovered by Pierre Vallot in South Africa in the year of 1774. It has been known since that time by the following names: Cyrtanthus Purpurea, Amaryllis purpurea, Speciosa, Uata, Crinum Speciosum and Vallota Elata. It is still misnamed because the flowers are a beautiful fiery red and not purple. In localities where mild frosts occur, plant it 4 to 6 inches deep, or 8 to 9 inches deep in colder sections, cover well, and it will winter over nicely, is quite tolerant to deep planting. As a house plant it is excellent in as well as out of bloom. In fact, it must be so, otherwise it would not have remained so popular for so long a time.

Veltheimia

Viridifolia

Each \$0.60, Doz. \$6.00

Handsome Cape bulb. Forty to sixty reddish, tubular flowers 1½ inches long, hanging closely from the tip of a stem 15 to 18 inches tall, rising from the center of a rosette of showy bright green, shiny leaves 9 to 12 inches long with wavy edges. Its bold habit and beautiful foliage make it especially useful as a pot plant. Excellent in garden in mild climates and easy to grow under cool glass. Blooms in midwinter. Viridifolia

[25]

Veltheimia Viridifolia

Tritonia Crocata

Eremurus - Foxtail Lilies

A noble family of hardy bulbous plants, most delightful and desirable for stately and colorful groups in hardy plant borders and in the foreground of shrubs. They are perfectly hardy, and when well established, produce dozens of giant flower spikes, like huge Hyacinths, attaining a height of from 6 to 8 feet, the flower spike (comprising several hundred flowers) being from 2 to 4 feet long. They thrive in any sunny, well-drained border, and should be planted in early fall. These wonderful, gigantic flowering roots do not require a great depth of soil, as the fleshy roots spread outwards. The plant disappears above ground after flowering and annuals may be planted close to them to fill the vacant space, or the vacant space may be very satisfactorily covered with Gyspophila Flamingo. A light mulching is advised as a winter protection in the very coldest parts of the country.

SHELFORD HYBRIDS IN SEPARATE SHADES
Grand, tall hardy hybrids, the inflorescence 3 feet long, studded with
myriads of coppery pink, orange, pole yellow, and pink flowers, shot with
delicate bronze. Rare and richly colored. They grow to an average height
of 7 feet. For garden planting as well as for cutting we believe these
hybrids to be the best. They make a stunning show in the garden as well
as indoors. For several years we have been increasing our stock so we
could offer roots at a popular price. We suggest that they be planted in
groups of not less than three, better effects are created if planted in
masses of six or twelve. We have made our price low to enable you to do
this. All plants we send out are flowering size. (Color illustration, page 27.)

Coppery Pink and Orange Tinted Shelford Hybrids 4-year-old flowering roots

OTHER EREMURUS

Robustus

Light rosy pink flowers grow on stems 8 to 10 feet tall. One-third to one-half of the stem is covered with sparkling, small cupilite flowers. This is the giant of the family, easily grown and lasts from year to year.

Giant roots that often give two or more spikes

Each \$1.50, Doz. \$15.00 4-year-old, big flowering plants Each \$0.60, Doz. \$6.00 4-year-old, nig flowering plants
3-year-old roots not all guaranteed to flower the first year
Each \$0.45, Doz. \$4.50

Elwesianus albus

Each \$1.50, Doz. \$15.00 Pure white flowers similar in form and height to Robustus. A magnifi-cent species growing easily 8 feet tall. This as well as all other Eremurus are produced from seed which results in slight variation of tints and shadings.

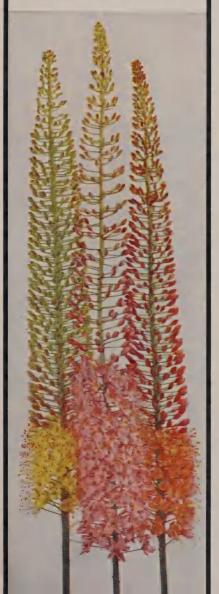

Che Beautiful Shelford Hybrid Eremurus or Foxtail Lilies

Subtle Pastel Shades!

(See page 26)

Hardy—easily grown—increasing in size and beauty from year to year. They are easily one of the finest plants for the garden and superb for bold bouquets.

Lilium Auratum (See page 35)

Lilium Regale-The Queen of Lilies (See page 32)

Dutch Iris, Jacob de Wit (See page 29)

Dutch Iris, W. Verschuur (See page 29)

Dutch Iris, Poggenbeeck (See page 29)

[28]

Iris Reticulata (See page 30)
Perfectly hardy. March blooming, as fragrant as Violets.

Wayside Gardens

Dutch Iris Give You Great Beauty at Little Cost

In England the Dutch Iris is proudly called "the poor man's orchid." It deserves the name. The orchid-like blooms are rich in captivating colors, ranging from pure white through golden yellow to cornflower blue, dark violet and deep purple. They're superb for cutting, stand a lot of handling and last a week or longer in water. Also, the bulbs multiply rapidly and when once established, the colony continues to increase, giving you more flowers each year. Few bulbs are as inexpensive and prolific. They repay you with generous beauty, asking little in return except a sunny spot, well drained, and a little winter protection in the colder parts of the country.

The Dutch Iris is a recently developed group of distinctive hybrids derived from Spanish Iris. They're hardier than the Spanish parent and can be grown anywhere outdoors. And they're stronger, larger and flower with more pure and brilliant coloring, more substance and refinement than the old Spanish strain.

A particularly beautiful variety offered you this year at a much reduced price is the Golden Lion, noted for its exquisite sunny yellow and delicately ruffled blooms. This is unquestionably the loveliest of the yellow Iris.

Dutch Iris is a bulb flower. Oriental, Japanese and German Iris are hardy plants. All Iris varieties do better when fall planted.

Dutch Iris

For Garden Planting and Cutting

Their hardiness and interesting color range have made them very popular for garden planting. In extreme climates they need some protection. The varieties we list have been carefully selected to give the full range of colors.

A. Bloemaard $$Doz.\ \$0.75,\ 100\ \$4.75$ Standards dark purplish blue; falls lighter blue; very large flower; early. 20 inches,

David Haring
Standards old ivory, falls pure white, a unique and very desirable variety, lovely for cutting.

Golden Glory
Standards are golden yellow, falls several shades darker, almost to golden orange, very brilliant coloring.

5. De Vlieger Doz. \$0.75, 100 \$4.75 Light violet-blue standards which are very broad and strong, the falls are soft sky-biue with narrow orange stripe. Grows 27 inches tall. One of the best.

Golden Lion Specially priced: Doz. \$1.25, 100 \$8.25
The perfectly beautiful ruffled yellow flowers are in a class all their own. Without a doubt it is the finest of the lot. Will last for a week or ten days in water when cut. In the garden, it makes a stunning group. Bulbs multiply freely and a carefully planted clump will bloom for years without attention. (Color illustration, page 28.)

Jacob De Wit

Standards very dark blue; folls dark blue. A very early Iris of remarkable substance; the best medium priced blue. 22 inches. (Color illustration, page 28.)

Poggenbeeck Standards and falls uniform dark blue; great improvement on Imperator, 30 inches. (Color illustration, page 28.)

Therese Van Duyll-Schwartze
Standards pale cornflower-blue; falls pure white, with very narrow orange stripe; excellent cut flower. 24 inches.

White Excelsior
Uniform pure white; falls very broad, very good form and substance; very early forcer; the best medium priced white. 22 inches.

W. Verschuur Doz. \$1.05, 100 \$7.25 Standards violet, tinged bronze; falls bronze. Excellent novelty. 28 inches. A very distinct shading. (Color illustration, page 28.)

Yellow Queen

Doz. \$0.75, 100 \$4.75

Standards and falls golden yellow. Thin wiry stems, excellent for forcing or outside, the best medium priced yellow. 28 inches.

Mixed Colors

Mixed Colors

Here we offer a mixture of about 20 varieties at a very special price for cut flower use. The bulbs are all flowering size but are slightly smaller than those of the named varieties. Hundreds of blooms can be had from these for very little money.

DUTCH IRIS COLLECTION

100 bulbs in 5 varieties for \$5.00

This collection will be made up of 5 distinct varieties of our selection, selected from the varieties offered above. They will be labeled and packed separately. Just the thing for the hardy border.

Iris Cingitana Hybrid

Especially Recommended for Early Forcing In Greenhouse
Excellent In the Garden Also

Wedgewood
Standards blue; fall lighter blue; excellent forcer. Supplied in top size bulbs only; suitable for forcing. 24 inches.

Dutch Iris are Unexcelled as Cut Flowers

English Iris, Mont Blanc and Sir William Mansfield

Oncocyclus Iris and Regelia-cyclus Hybrid Iris

These remarkable and little known Irises are perfectly hardy to our coldest winter weather. They should be allowed to die down after they have finished flowering, at which time they require a period of rest. This is accomplished by withholding all moisture throughout the entire summer. Given this treatment, they flower profusely. Or they may be dug up in July and stored in dry peat or dry sand for the summer and replanted in October. The best soil is a combination of ordinary garden soil with a liberal percentage of peat mixed in and some bone meal for fertilizer. The extra care given them is very worth while because the loveliness of their flowers equals that of orchids.

Charon

Each \$0.40, Doz. \$3.50

15 inches. A beautiful and distinctive Iris. S. an attractive coffee color, shaded reddish brown and bronze; F. bronze, veined brown.

Flora Each \$0.40, Doz. \$3.50
Very early; given an award of merit in Holland. S. soft violet, veined rich ruby-red; F. rosy gray, veined deep dark rich mohogany, with a deeper mahogany spot at the throat and deep plum styles.

 $\begin{array}{ll} \textbf{Hoogiana} & Each ~\$0.40,~Doz.~\$3.50 \\ \texttt{30} & \texttt{inches.} & \texttt{A} & \texttt{native of Turkestan, notable for a wonderful smoothness} \\ \texttt{of texture.} & \texttt{Color very soft uniform sky-blue without any markings.} \end{array}$

Susiana Each \$0.75, Doz. \$7.50
24 inches. Unique in form and color, and equally handsome. Intricate veining and speckling of deep dark blackish brown almost completely covering a grayish white ground. Nothing surpasses Iris Susiana as a most unusual and artistic table, decoration which usually creates a mild sensation.

English Iris

These magnificent bulbous Irises thrive in any ordinary garden soil but prefer a good loam. The earlier the planting, after beginning of September, the greater the success; the bulbs should be planted 4 inches deep. The varieties contained in our mixture, we have especially selected as being the very finest and most distinct in cultivation, and they will be found as strikingly beautiful in color as many of the sumptuous Orchids. They flower from end of June to beginning of July, thus succeeding the Bearded Flag Irises, Early Xiphium and Spanish Irises. As cut flowers they take \$\mathbb{u}\$ first place.

Mont Blanc Doz. \$1.55, 100 \$10.25

Pure white; blooms often two or three on one stem.

Othello Doz. \$1.55, 100 \$10.25

Rich dark blue flowers of excellent substance.

Queen of the Blues

Doz. \$1.55, 100 \$10.25

Pure light blue flowers. A lovely sort for the garden as well as for cutting.

Royal Blue Doz. \$1.55, 100 \$10.25 A lovely violet-blue flower of good lasting quality.

Sir William Mansfield Doz. \$1.55, 100 \$10.25 Clear purple-blue flowers; exceptionally good for cutting.

Choice Mixed Shades Doz. \$1.05, 100 \$7.25A beautiful range of colors including the above as well as several other varieties.

Iris Species

Danfordiae

A beautiful little Iris from Eastern Asia Minor which was unobtainable for many years; bright golden flowers resembling in form Iris reticulata, produced in early February. Height 3 inches.

Reticulata (Fragrant Iris)

This lovely species is one of the treasures of the garden or rock garden. It can be described as a small form of the Spanish or Dutch Iris. Its main with the lies in the fact that it greater the property of the species of the property of the

Pavonia (Peacock Iris)

A showy little South African Iris growing a foot tall. The lovely pure white flower petals are marked with a triangle of blue, giving a Peacockeye effect. Fine for borders and rock garden planting. Perfectly hardy.

SEE PAGES 45, 46, AND 47 FOR GERMAN AND JAPANESE IRIS

Iris Susiana

Don't Miss the All-Summer Glory of Lilies

Few flowers bring your garden the unusual and exotic beauty of Lilies, the romance of the far corners of the earth in which many of them were discovered. They have come from Europe, Asia, Africa and the wild crannies of America to delight you with their different grace and loveliness, their uncommon charm and colors that offer you the pleasure of "pointing with pride." Growing some of the stranger varieties gives you enjoyment and satisfaction like that of collecting rare jades and porcelains.

Lilies are beginning to take their rightful place in American gardens, large and small, not only for their beauty but because of their challenge to the gardener's originality and skill. As a group they are not the easiest flowers to grow; but in the past 20 years or so it has been demonstrated that they are not particularly difficult either—just enough so to stimulate gardening interest. And they pay you well in distinctive results, a steady parade of changing bloom from early June to late September.

Lovely Lilies Easily Grown

Among those easily cultivated, certainly you want the fragrant whiteness of Madonna Lilies (Lilium Candidum). We import most of them from Northern France, but those for late planting come from Holland. In combination with blue Delphinium they make a gorgeous late spring showing. The Nankeen Lily (Lilium Testaceum) gives you the brilliance of warm apricot petals against bright orange anthers, a perfect companion for light-toned Delphiniums or snowy Madonnas. Or there's the Sunset Lily that soars as high as your head and bursts in a dozen or more flowers of a radiant sunset-red that poles to yellow sprinkled with brown dots at the base. Or the magnificent Regal Lily, gold-throated, with white translucent petals that are brown streaked on the outside; the new Shuksan Hybrid Lily, head high with twenty or more gorgeous buff-yellow blooms spotted brown which last ten days or more when cut. Don't miss the enjoyment and adventure of them and many others.

Planting times of Lilies differ so we ship your bulbs to reach you at the right moment for immediate planting. Like all Wayside Gardens bulbs, they are imported only from preferred growers—and are the professional choice of their stocks, at that. This fact, plus the careful instructions with each shipment, assures you of success with them. But while we guarantee arrival of your bulbs in good condition and will replace damaged bulbs if notified promptly, we do not guarantee

they'll bloom because results do depend on a gardener's following instructions exactly.

Our extraordinarily long and complete list of Lilies includes the standard recognized easily-grown varieties as well as a group of new hybrids of recent introduction, now available in quantity—besides a page of very rare Lilies for collectors, which are imported on order only and not carried in stock.

Lilium Candidum-Madonna Lily

Regal Lily

Lilium Candidum

(Color illustration, page 33.) The Madonna Lily is one of the loveliest of white Lilies, popular throughout the world, loved and admired by all. Its delightful fragrance and lovely white flowers have made it a universal symbol of purity. Plant it in groups of three or more bulbs, close to the pale blue Delphinium Belladonna. It will be the loveliest spot in your garden during late June and early July. Madonna Lilies are simple to grow if you will plant in full sun and perfectly drained soil.

Many of the Mammoth bulbs are double nosed, giving two or more flower spikes.

First size bulbs Large size bulbs Mammoth size bulbs Each \$0.35, Doz. \$3.50, 100 \$25.00 Each \$0.50, Doz. \$5.00, 100 \$35.00 Each \$0.60, Doz. \$5.75, 100 \$40.00

Madonna Lilies will be very scarce because importation from France will not be possible. Therefore, order your supply **at once** and mix through the planting of Madonna Lilies a few of the magnificent Centifolium Lily, offered on page 37.

Lilium Regale

(The Regal Lily)

One of the most beautiful and one of the hardiest Lilies in cultivation—''Lilium Regale'' is truly a Royal Lily, worthy of a place in every garden; it is a lover of loam and sunshine. A vigorous grower with sturdy stems, 4 to 6 feet high, densely covered with fine foliage. Center of flower flushed with yellow shading to white at outer edges; externally the flowers are streaked with brown on the "ribs," shaded through the almost translucent petals with a delightful pearly tint; the contrast between the color of the reverse of the petals and the gold shading of the throat is extraordinarily beautiful. The Regal Lily is very floriferous and when thoroughly established, bears as high as 18 to 20 flowers during the season. (Color illustration, page 27.)

Flowering bulbs, 6-7 inches Flowering bulbs, 7-8 inches Flowering bulbs, 8-9 inches Flowering bulbs, 9-11 inches Each \$0.25, Doz. \$2.25, 100 \$14.00 Each \$0.30, Doz. \$2.75, 100 \$18.00 Each \$0.40, Doz. \$3.25, 100 \$22.00 Each \$0.50, Doz. \$4.50, 100 \$30.00

Lilium Cestaceum

Also known as "Excelsum" and as the "Nankeen Lily." One of the choicest garden Lilies. The warm apricot tone, almost a cafe au lait, set off by brillant orange anthers, puts it in a color class by itself; in fact, many people consider it the most graceful and lovely of all Lilies. It is beautiful for every kind of garden use but because of its tender coloring, must be planted in a mixed border with brighter flowers. In combination with light shaded Delphiniums or with the Madonna Lily, which it resembles, it is most effective. It has the texture of Lilium Candidum, with reflexed petals and does well under the same conditions as Candidum. Four to five feet high, June-July flowering. (Color illustration, page 33.)

Top size bulbs Fine first size bulbs Each \$1.50, Doz. \$15.00 Each \$1.25, Doz. \$12.50

NEW HYBRID LILY

X Shuksan

Each \$1.35, Doz. \$13.50

A new Hybrid Lily with a great future and charm. Also a fine bill of health. Through careful cultivation a very high state of health has been maintained and we have never seen any bulbs infected with mosaic; that fatal disease some Lilies are subject to. Shuksan is a very vigorous grower, 5 to 6 feet tall and produces its flowers in open heads, 15 to 25 flowers on one plant is not unusual. The color is a soft buff-yellow broken by large quite widely spaced soft brown spots. At opening, the flowers are star-like. The petals reflex and roll back when in full bloom. Flowers last a week when cut. (Color illustration, page 34.)

LILIUM PARDALINUM GIGANTEUM

Sunset Lily

Each \$0.30, Doz. \$3.00, 100 \$20.00

Vigorous, hardy, of easiest culture, and dependable. Much more cannot be said. Under ideal conditions the stalks attain 7 feet, clothed with luxurious foliage and bearing a dozen or more beautiful flowers in July. The petals are somewhat recurving, and a brilliant sunset-red, base of flower yellow, heavily spotted with small brown dots. The "Sunset Lily" is one of the most satisfactory ever grown. (Color illustration, page 34.)

Wayside Gardens

Lilium Philippinense (See page 36)

Lilium Henryi (See page 35)

Lilium Shuksan (See page 32)

Lilium Pardalinum Giganteum—Sunset Lily (See page 32) (See page 36) Lilium Umbellatum Grandiflorum

Hardy Lilies for General Garden Use

Lilies, unlike Tulip bulbs, are not all grown in one locality under one and the same conditions, but are gathered together from many foreign countries. All ripen at different times of the year; therefore, orders for Lilies cannot always be filled at one time. The requirements of Lilies vary with each variety. We have a booklet on their culture, which will be sent to you upon receipt of 25c.

Because of the lack of knowledge and the carelessness of many planters, we do not guarantee Lilies to grow. We do, however, guarantee to supply you bulbs in good condition and will replace without charge any damaged bulbs, immediately upon hearing from you.

*Auratum (Gold-Banded Lily). (Imported Stock.)
Undoubtedly one of the finest. Its large, graceful, fragrant flowers are composed of 6 petalos of a delicate ivory-white color, thickly studded with chocolate-crimson spots and striped through the center a golden yellow. 3 to 5 feet. July to September. (Color illustration, page 27.)

Large bulbs. 9 to 11 in. circum. Each \$0.65, Doz. \$6.50, 100 \$45.00 Mam. bulbs. 11 to 13 in. circum. Each \$0.85, Doz. \$8.50, 100 \$60.00

*Auratum platyphyllum (Imported Stock.)
Also called "Macranthum." This is a robust growing form; the stem is stouter and attains a greater height; the leaves are much broader; enormous flowers, white, richly spotted yellow. Undoubtedly the choicest of all. Large bulbs. 9 to 11 in. circum. Each \$0.85, Doz. \$8.50, 100 \$60.00 Mam. bulbs. 11 to 13 in. circum. Each \$1.10, Doz. \$11.00, 100 \$75.00

*Batemanniae

Each \$0.50, Doz. \$4.75, 100 \$32.00 Clear, glowing apricot flowers, from 3 to 4 inches in diameter, on stems about 3 feet high, borne from 4 to 6 in a terminal umbel or cluster; free of spots. Is at its best early in August.

Each \$0.55, Doz. \$5.50, 100 \$38.00 A showy Lily with slender stems, bearing reflexed, orange-red flowers, spotted maroon. Requires a well drained situation. July and August. Height 2 to 3 feet.

anadense Each \$0.25, Doz. \$2.25, 100 \$14.00

Broad, funnel-shaped, drooping flowers, varying from yellow to orange; spotted inside; graceful and pretty. Fine among Azaleas, in damp peat beds, or leaf mold. Excellent for naturalizing. June-July flowering.

*Canadense flavum

Each \$0.25, Doz. \$2.50, 100 \$16.00 Broad, funnel-shaped, drooping flowers on longish stalks about 3 feet high. Almost bell-shaped with ends of the petals only very slightly turned back. Golden yellow, handsomely spotted inside. June-July flowering.

*Croceum (Irish Orangeman Lily) Each \$1.10, Doz. \$11.00, 100 \$75.00 Bright orange flowers are carried upright; very hardy, thriving in any soil in a sunny garden border or among shrubs in half shade. Is at its best toward the end of June and early July. It grows as well in a city plot as in a country garden, while its leaves show by their deep green color, and the whole plant by its robust health and vigor, how little it worries

*Davuricum. (See Umbellatum.)

*Elegans, Mixed Colors Each \$0.45, Doz. \$4.50, 100 \$30.00 legans, Mixed Colors

The number of forms and varieties is legion, varying in color from pale lemon-yellow to rich orange-brown, various tints of orange to almost red and from soft apricot to nearly crimson; varying also in flowering season. A planting through Funkia or Heuchera is most effective. Juneseson.

Each \$0.50, Doz. \$5.00, 100 \$35.00 *Elegans atrosanguineum Flowers of a rich dark coppery crimson with purple-black spots at base of petals. Attractive. 1 foot.

*Elegans, Orange Queen Each \$0.50, Doz. \$5.00, 100 \$35.00 Very handsome, producing in July, large orange colored flowers with small, black spots; a strong, robust grower; very decorative in pots or borders. Height 15 to 18 inches.

Each~\$0.60,~Doz.~\$5.75,~100~\$40.00 Beautiful, satisfactory Lily to grow in damp, peaty soil; thimble-shaped flower of rich red, spotted with maroon. Culture quite easy. July flowering.

Each \$0.65, Doz. \$6.50, 100 \$45.00 lanson: Each \$0.05, Doz. \$6.30, 100 \$45.00 Most desirable, not particular in its cultural requirements and extremely handsome in flower; does well in light loam. Plant among low plants to protect young shoots, this being one of the earliest Lilies to appear in the spring. Does as well in thin woodland as it does in the border. Height 4 to 5 feet, carrying blossoms 2 inches across, regularly reflexed, the petals being of a bright orange-vellow, spotted more or less with brown; of a waxy texture. June flowering. (Color illustration, page 34.)

LenryiEach \$0.50, Doz. \$4.75, 100 \$32.00

A splendid garden plant, vigorous in its growth, failing very seldom. One of the best border Lilies, reaching over 8 feet and more in height when established, and bearing more than 20 flowers of a rich, deep orange-yellow. Fine foliage. Does well in both light and heavy loam. August-September flowering. (Color illustration, page 34.)

The transport of leaves. Numerous drooping flowers borne in loose, triangular clusters of brilliant golden yellow, spotted with purple on the reflexed petals. It produces a splendid flowering plant; 5 feet Humboldti magnificum

*Japonicum Each \$0.55, Doz. \$5.50, 100 \$38.00 ponicum

This is one of the few "pink" Lilies of our gardens, and a very lovely thing it is. The flowers are carried horizontally on stems 3 feet high. Somewhat capricious in its requirements. The funnel-shaped, finely formed flowers are 6 inches or more long, and as much across, of a beautiful clear pink often shaded blush. June-July flowering.

Healthy American-Grown AURATUM LILIES

We take pleasure in offering a fine healthy lot of home-grown bulbs from seed. The bulbs we offer have bloomed in the nursery and are definitely superior to the imported stock. While the bulbs and are definitely superior to the imported sides. If the chief are not as large, they produce an unusual amount of giant flowers and the plants are healthy and vigorous. We supply them with their roots intact. They continue making roots immediately after planting. The bulbs are sent to you in late September until the end of November, but cannot be furnished at any other time.

Clean home-grown bulbs, 5 to 6 inches Each \$0.60, Doz. \$6.00 Clean home-grown bulbs, 6 to 7 inches

Each \$0.70, Doz. \$7.00

Home-Grown Lilium Auratum

Lilium Umbellatum

Lilium Speciosum Magnificum

Martagon album

On slender stems 4 to 5 feet high, the numerous drooping, waxlike, white Turk's Cap flowers, with yellow tipped stamens, look fascinating. The small flowers are symmetrical in shape, with reflexed petals and are borne in pyramidal-shaped clusters.

*Pardalinum californicum

Rising to a height of 7 feet, carrying from 15 to 20 flowers with whorls of dark green leaves, the flowers begin to expand from the base of the clusters upward, producing a succession of expanded and opening flowers for 2 or 3 weeks. The petals are large, strongly recurved, deep orange, maroon spotted; tips of petals intense scarlet. Hardy and robust, does well in any good garden loam. July flowering.

*Philadelphicum

A handsome native Lily with yellow, cup-shaped flowers, spotted maroon and shaded orange at ends of petals. Good for naturalizing. July, Height 3 feet.

Philippinense (Formosanum) Each \$0.50, Doz. \$4.75, 100 \$32.00. The substantial blooms are trumpet-like, in fact, they are long lovely white flowers with a beautiful pale emerald-green throat which gives the flower a distinct and delicate appearance. They commence blooming in early August, and flower until stopped by frost. Bulbs when established will produce 3 to 4 spikes each with 4 or 5 blooms. It is a most liberal flowering Lily, to all of which may be added that they are among the easiest grown. Height 4 to 6 feet. (Color illustration, page 34.)

Regale (The Regal or Royal Lily)
(See page 32.)

*Rubellum

Beautiful small Lily. The color varies from a deep rose-pink to almost white, with yellow anthers; very fragrant, small, funnel-shaped flowers; grows 1½ feet high.

*Speciosum Album

Beautiful snow-white flowers with a golden green stripe through the center of each petal, and anthers of a coppery tint. Alike, in the form of the flower and in the way of growing, this Lily is one of the most beautiful we have. (Color illustration, page 33.

Large bulbs, 8 to 9 in. cir. Each \$0.65, Doz. \$6.50, 100 \$45.00 Mam. bulbs, 9 to 11 in. cir. Each \$1.10, Doz. \$11.00, 100 \$75.00

Speciosum Magnificum (Rubrum Improved)
Rich ruby-carmine, margined white; stout of substance and broad of petals. This variety stands out prominently on account of its vigorous growth as well as the size and depth of coloring. (Color illustration, page 33.)

Large bulbs, 9 to 11 in. cir.

Mam. bulbs, 11 to 13 in. cir.

Each \$0.60, Doz. \$5.75, 100 \$40.00

Each \$0.85, Doz. \$8.50, 100 \$60.00

Superbum

Each \$0.25, Doz. \$2.25, 100 \$14.00

The color in this desirable Lily varies from pale yellow to deep crimson, more or less spotted on the inner surface of the petals. Valuable as a late-flowering Lily. Fine established specimens often reach a height of 10 feet and more, bearing from 20 to 30 elegantly reflexed flowers, aronged in large, conelike clusters. Does well in ordinary garden soil. July-flowering.

*Tenuifolium Doz. \$1.85, 100 \$12.00
A charming little early flowering Lily with strongly recurved petals of waxy texture; deep scarlet. A gem in the rock garden as in the border. Likes a cool, damp, loamy soil and partial shade, but does well anywhere in well drained soil.

Tenuifolium, Golden GleamEach \$0.40, Doz. \$4.00, 100 \$26.00

A beautiful, robust, and floriferous hybrid of this type, bearing numerous flowers of a pure apricot-yellow. June flowering.

*Tigrinum splendens Each \$0.30, Doz. \$3.00, 100 \$20.00
The finest form of Tiger Lily with the richest color. The large, shapely flowers are of a rich dark salmon-orange sported with glassy black. This Lily is very robust in habit and of easy culture. August-September flowering. (Color illustration, page 33.)

*Tigrinum flore pleno Each \$0.45, Doz. \$4.50, 100 \$30.00 The double form. The best example of a double Lily we have.

Umbellatum, Apricot

The flowers are of a lovely shade of delicate apricot-yellow borne in large heads. This Lily is at its best when grown in a cool, shady position.

Umbellatum, Golden Fleece Each \$1.25, Doz. \$12.50 A striking break from the usual red and orange tones of the Umbellatum group. This fine variety has large umbellate heads of clear golden yellow flowers with a suggestion of scarlet at the tips of the petals. It is very effective as a border plant, and possesses a strong constitution.

*Umbellatum grandiflorum Each \$0.50, Doz. \$4.75, 100 \$32.00
A very free-flowering Lily of easy culture. Carries large umbellate heads of light orange-red flowers. (Color illustration, page 34.)

*Umbellatum, Mahogany

The deepest in color yet raised. Comparatively small in stature with heads of fine broad petaled flowers, deep glowing crimson-like, deepening to a rich mahogany-crimson as the flowers pass.

*Wallacei Each \$0.65, Doz. \$6.50, 100 \$45.00 A handsome Lily of a beautiful shade of the warmest apricot with rosy shading. Height $1\frac{1}{2}$ to 2 feet.

*Washingtonianum Each \$1.10, Doz. \$11.00, 100 \$75.00.

A beautiful Lily with fragrant drooping white flowers on a stem 4 to 5 feet high. The reverse of the flowers has a tinge ranging from light pink to a deep wine color. This Lily requires a thoroughly drained situation. June-July flowering.

New and Rare Lilies

THE CHOICE BACKHOUSE HYBRID LILIES

Resulting from crossing Lilium Hansoni with the various types of Lilium Martagon. The late Mrs. R. O. Backhouse developed this wonderful new strain and we have much to thank her for, for the development of these very beautiful Lilies. They are for the gardener who seeks the unusual and choicest flowers and plants in the creation of a Wayside Gardens garden.

Mrs. R. O. Backhouse

A stately Lily growing upwards of 5 feet high, bearing from 15 to 30 flowers of an orange-yellow tone, lightly spotted with purple. The general form of the flower resembles that of Hansoni, but the petals are wider and stouter, and the flower does not reflex so much as in Martagon. This Lily is most distinct in character and it is one of the finest hybrids raised. Plant about 6 inches deep. June-flowering. Selected

Backhouse Hybrid Lilies in Mixture

Here is such a great variation in lovely shadings and form that all cannot be named. We now offer a mixture, consisting of carefully selected colorings; an investment that will increase in beauty from year to year. A fine lot is available and we recommend that if you possibly can, they be planted in groups of 6 bulbs or more. Fine flowering bulbs.

MISS PRESTON'S HYBRID LILIES FROM CANADA

We are indebted to Miss Isobelle Preston, expert in Ornamental Horticulture at the Central Experimental Farm, Ottawa, Ontario, for several of the finest hybrid Lilies in cultivation. Exceptionally outstanding are those resulting from crossing Lilium Willmottice with a Lilium Dauricum Seedling. They are vigorous and hardy, with strong, upright stems, luxuriant foliage and large brilliantly colored flowers, reflexed and facing outwards.

Brenda Watts

A very vigorous and handsome plant, growing to a height of 4 to 5 feet. Large, firm textured flowers of fire-red, dotted purple-black towards the center. Very showy and attractive. June to July flowering. Plant 6 to 8 inches deep. All of this group prefer low growing shrubs or perennials as ground cover, with their heads in full sun.

Grace Marshall (Hybrid)

The result of crossing Lilium Willmottice, and a seedling of Lilium Dauricum. Height up to 5 feet. A strong and vigorous grower, very floriferous, with as many as 30 large blooms carried on one plant when established. The color is between a grenadine-red and scarlet with brown spots which extend to within an inch of the tips of the broader segments and becoming more numerous towards the center. The outside of the petals is brownish in appearance. The crimson shadings in the center of the flower with grayish "fuzz" give this flower a very unusual appearance. June-flowering.

Lilian Cummings
Similar to Grace Marshall in type, size and height, but of a lighter orange-red. This variety is the earliest of these hybrids to come into bloom, and is also a comparatively rapid propagator. Very handsome and vigorous.

Lyla McCann

A bright golden orange. 3 to 4 feet tall. Received an R. H. S. Award of Merit at the Chelsea Show in 1937.

Other New Lilies

Amabile Each \$0.55, Doz. \$5.50, 100 \$38.00

An attractive species from Korea which has proved to be easy of cultivation in this country. It bears as many as six vivid red Turk's Cap flowers spotted with black. Height 3 to 4 feet. June flowering. Stemrooting. Plant 6 inches deep in well-drained, gritty soil with leaf mold. Enjoys partial shade.

Centifolium

Syn L. Leucanthum var, Chloraster) (China). A magnificent species induced by Reginald Farrer from stock found growth and chinese induced by Reginald Farrer from stock found growth and chinese induced by Reginald Farrer from stock found growth and chinese induced by Reginald Farrer from stock found growth and stocks vary somewhat in 1914. The flowers are immense white trumpets a chinese stems rising from 6 to 8 feet in height. Seed grown stocks vary somewhat in the external coloring of the flowers, some being shaded green and others brownish purple, but all are well worth growing. The name of this plant (Centi-folium, "hundred-leaved") is suggestive of its abundant foliage. We are pleased to offer home-grown stock of Lilium Centifolium and believe it to be an exceptional addition to any Lily collection. Plant 6 inches deep in light shade with perfect drainage. July-August blooming. Flowering size bulbs, October-December delivery.

Crow's Hybrids

Each \$0.35, Doz. \$8.50, 100 \$60.00

We offer selected seedlings of this magnificent strain of trumpet Lilies, hybrids of Lilium Sulphurgale x Lilium Princeps. These plants bloom some two weeks later than Lilium Regale and, while some variance will be noted in their coloring, all are exceptionally vigorous and beautiful. The flowers generally are white with greenish golden throats and orange to dark brown anthers. The exterior of the petals is shaded brown, purple or green. Well established plants will carry up to 30 flowers. Plant in sun or partial shade 6 inches deep. Height 4 to 6 feet. Selected flowering bulbs, October-December delivery.

Each \$0.85, Doz. \$8.50, 100 \$60.00 A fine Lily from Western China, very graceful, with a tall, islender stem, strong and erect, and bearing up to twenty or more bright cinnabar-red tiger-like flowers, copiously spotted with glossy black. It combines a very refined and elegant appearance with a splendid constitution and is one of the best summer-flowering Lilies we have. Height 5 to 7 feet. Plant in either a sunny or partially shaded position.

Lilium Centifolium

This gorgeous Lily has beautiful white trumpet-like flowers that are half again as large as those of the Regale Lily. Grows without trouble, is delightfully fragrant. Plant with Madonna Lilies and prolong the flowering period. We recommend it highly.

Hybrid Lily, George C. Creelman (See page 38)

Lilium Maxwell

Other New Lilies

alhansoni (Hybrid)

A remarkably fine hybrid resulting from a cross between Lilium Martagon Dalmaticum and Lilium Hansoni. It is very strong growing with long, symmetrical spikes of glossy, dark mahogany-brown flowers, shaded with rich orange and handsomely spotted. Very vigorous, Height 4 to 6 feet. June-flowering. Does equally well in either full sun or partial shade. Dalhansoni (Hybrid)

This striking Lily was raised by Mr. J. E. H. Stooke, the well-known Lily hybridist, and received the Award of Merit at the R. H. S. Lily Show in 1934. The seed porent is a form of Lilium Umbellatum and the pollen parent of Lilium Willcrovidi. The name "Fire King" denotes the brilliancy of the flowers, which have exceptional lasting qualities and will keep their color in sun and rain. Fire King (Hybrid)

George C. Creelman (Hybrid) Each \$2.40, Doz. \$24.00 reorge C. Creeiman (Hybrid)

Each \$2.40, Doz. \$24.00

The long losting flowers, which are very large, often measuring 8 inches in length, carried in large numbers on strong, long stems, with fine foliage, resemble a Regal Liy of the best and truest type, with bronzy tones more pronounced and a more intense yellow in the throat. It blooms two weeks after Regal Lily; many flowers opening at one time. We have counted 35 perfect flowers and buds on a six-foot spike. Enset have counted as the profess that the profess of the profes

The most majestic of Lilies, having stems 10 to 12 feet high when estab-lished, with large handsome, heart-shaped leaves and from July to August bearing immense long, white, trumpet-shaped, sweetly scented flowers. Groups in woodland or wild gardens produce a grand effect, Must become established before flowering freely and thrives best in an abundance of leaf soil. Giganteum Himalaicum

Each \$1.00, Doz. \$11.00, 100 \$85.00 A rare and beautiful Lily, growing 2 to 3 feet high, bearing closely recurved "pink" flowers like those of the "Turk's Cap" Lily. Very graceful and fragrant. It succeeds best where the roots are shaded.

Each \$0.65, Doz. \$6.50, 100 \$45.00 A beautiful Japanese Lily with much the same habit as Lilium Tigrinum or Tiger Lily, but the color is mostly pale yellow with dull red spots. Prefers a sandy loam. An excellent variety, July-August. 4 feet.

Each \$0.65, Doz. \$6.50, 100 \$45.00 Maxwell (Hybrid) Axwell (Hybrid) Each \$0.65, Daz. \$6.50, 100 \$45.00 A new hybrid, being a cross between Lilium Leichtlini vor. Maximowczi X Lilium Willmottiae. In its general habit and pyramidal inflorescence this hybrid is similar to Lilium Willmottiae, but the blooms are lighter in color, the stamens are longer and the anthers are orange-red. The spike is tall and very strong, but gracefully slender, bearing as many as 30 or more large recurring flowers. Height 6 to 7 feet. Comes into flower in late July. A splendid Lily acclaimed by Lily specialists the world over. Free flowering and remarkably free from the ordinary Lily diseases. Of easy culture,

Monadelphum Szovitzianum Each \$1.10, Doz. \$11.00, 100 \$75.00
A very beautiful form with pale straw-yellow flowers, usually spotted purplish bluck. Quite distinct, and probably the finest form in cultivation. Unfortunately, it has become very scarce.

Each \$1.30, Doz. \$13.00, 100 \$95.00

Distinct and beautiful; grows from 4 to 6 feet high and the slender stems bear several funnel-shaped flowers of soft yellow, with conspicuous brown anthers, delicately fragrant. A partially shady place, sheltered from winds, with well-drained, peaty soil suit it well; easily cultivated but not a strong arower. but not a strong grower.

vernaicum Aureum Each \$1.80, Doz. \$18.00, 100 \$130.00 The Yellow Turk's Cap Lily, which is of easy culture. The flowers are greenish yellow, spotted brown, with red anthers. June flowering. Height 2 to 3 feet. Pyrenaicum Aureum

Each \$3.50, Doz. \$35.00, 100 \$100.00 The flowers are funnel-shaped, milk-white internally with yellow throat, deep reddish brown externally; delightfully fragrant, on 4-foot stem. July or early August flowering.

cottiae (Hybrid)

An interesting new hybrid, being a cross between Lilium Willmottiae X Lilium Thunbergianum, Mahoganu. Sturdy and erect in habit and growth with dark, glosy foliage, it bears in a rather close raceme up to ten to twelve semi-pendulous, recurving flowers about 4 inches across. Deep orange-red, shading to orange and thinly spotted with brown at the center. Height up to 3 feet. Considered by experts as one of the best of the new hybrid Lilies.

Regale Lilies are past; Princeps is fading; and Shelburne Hybrid
Regale Lilies are past; Princeps is fading; and Shelburne Hybrid is in its glory. That expresses the major difference of this sort, with the others. However, some bulbs bloomed with Regale, and some are not yet open, and there is much more variation in the size and form of the bloom. In the coloring, too, is much variation ranging from nearly clear white to heavily blushed sorts. If you can afford but one sort of Lily, buy this one. Shelburne Hybrid

with the most beautiful Lilies ever introduced. Discovered by W. Boxall and flowered in England as for back as 1889. It has never been imported in quantify until recent years. Perhaps best considered half-hardy, although in many parts of the country it is growing well in the open. It is probably the longest trumpet-shaped Lily in cultivation. We have measured buds just before opening, 11 inches long. The flowers are pleasingly fragrant, pale sulphur-yellow, deepening at the throat. Outside shaded reddish brown, usually two to three on a stem. Sulphureum

Each \$0.60, Doz. \$5.75, 100 \$40.00 A tall, graceful Lily with slender foliage. Produces 15 to 20 flowers of a vivid orange-red, with recurved petals and numerous small brown spots. A very lovely variety, adapted for the garden but will need staking. July and August. 4 to 5 feet. Largest bulbs.

Two Lilies for Growing in the Greenhouse

These are usually grown for specimens in pots for exhibition and decoration. Each bulb should produce from 12 to 18 flowers.

The short time required to bring these peerless Lilies into flower renders them invaluable. The flowers are delightfully fragrant, pure waxy white, and if cut when partially open can be kept for 2 weeks, if desired. A succession of bloom can be kept throughout the winter by bringing a few pots of bulbs from cold frames at intervals. Blooming plants in pots are suitable for Easter offerings and presents. Bulbs ready for shipment-August to December.

*Longiflorum Harrisi (Bermuda Easter Lily)

Extra bulbs. 7 to 9 inch circum. Each 40c, Doz. \$4.00, 100 \$27.50 This is the most popular size to grow as pot plants for decoration and equally as valuable for cutting. Bulbs should produce from 8 to 12 flowers.

Mammoth bulbs. 9 to 11 inch circumference.

These usually grown for specimens in pots for exhibition and decoration. Each bulb should produce from 12 to 18 flowers. For shipment in September and October.

*Longiflorum giganteum (Japan Easter Lily)

Extra bulbs. 9-10 inch. Each \$0.40, Doz. \$4.25, 100 \$30.00 This Japanese type is highly thought of for late winter and Easter forcing—though the bulbs of this variety are often carried over in cold storage to be brought into bloom at any desired time the succeeding year. The plant is of sturdy, stocky growth, with black marked stems. The flowers, of purest white, are the largest of the Longiflorums. For shipment—October to December.

Delphinium - Larkspur

Try as you will, one can hardly say enough for these regal midsummer favorites. None quite equal them in the commanding stateliness of their profusely bloom-laden stalks. Their gamut of colors ranging from exquisitely delicate pastel blues, whites and lavenders to those of the deep solid colors in violet and indigo-blue, is but one of their

The giant varieties make an admirable background for any planting. They are the English varieties that are so intriguing as over there, they peep atop garden walls and

ENGLISH DELPHINIUMS

Pacific Giant Hybrid Delphiniums

acute Usant Hybrid Delphiniums
Here offered are the newest, the best and the finest to be secured anywhere. The range of coless varies from the palest shade of blue to the
deepest indigo-blue and revol currie with
tones of mauve, pink and lovender blendings. Among these days
are flowers of huge size in both single and double forms. This stroke
has been raised from seed saved from the finest named kinds in creation. Visitors at our nursery proclaim them the best they have ever seen.
They are particularly fine for cutting.

	Three	Doz.	100
Blue and light blue shades			\$50.00
Violet and dark blue shades			50.00
Pastel shades			50.00
White and pure white shades			70.00
All shades and colors mixed	. 1.75	5.00	35.00

Wayside Gardens Hybrids Three \$1.50, Doz. \$4.50, 100 \$30.00 Three \$1.30, 1062, \$4.30, 100 \$301.00 fb; This is one of the most permanent and at present the most popular strains of the garden Delphinium. It is distinct because of its broad, conical spike and enormous individual flowers, 1½ to 2 inches in diameter, in all shades of blue blended with mauve and violet. Also contains some fine clear white types. For permanent groups in the garden this mixture has no equal.

Blackmore and Langdon Hybrids Three \$1.40, Doz. \$4.00, 100 \$25.00 This English stroin is one of the finest developments in the Delphinium family. The flowers are enormous, produced on solid, erect spikes of great height and rigidity. The colors lie in delicate shades of blue, mauve, and pink. Combines landscape volue with a grace and elegance for cutting unsurpassed in this family of plants.

Gold Medal Hybrids Three \$0.95, Doz. \$3.00, 100 \$18.00 They are made up from many strains and are a fine mixture for an inexpensive planting.

Three \$1.40, Doz. \$4.00, 100 \$25.00 This is a fine English improvement over the common Belladonna, growing much taller, many more flowers to each spike and of a brighter color. Altogether a fine improvement.

Fanny Stormonth Three \$1.40, Doz. \$4.00, 100 \$25.00 A lovely pale blue variety growing about four to five feet high, producing its flower spikes in goodly numbers. One of the best kinds of its color.

Three \$1.10, Doz. \$3.30, 100 \$20.00

Here at last we have a White Delphinium. The flowers are semi-double, double and single white on 6-toot stems. Graceful enough for cutting, still tall and sufficiently substantial to make noble garden plants. They are of easy culture and look splendid combined with the blue hybrids. For a succession of blooms, do not permit seed to form.

Three \$1.10, Doz. \$3.30, 100 \$20.00 The rich indigo-blue flowers are freely produced on branching stems. Excellently suited for cutting as well as for colorful effects in the garden.

DELPHINIUM BELLADONNA

The Belladonna Delphinium does not grow quite as tall as the popular English Hybrids, but they produce more spikes and are more graceful, therefore, more useful for cutting. In fact, they are our lovellest early blue flowers for that purpose. They require the same care and treatnent as suggested for the English Hybrids, but may be planted a little closer together, 12 inches apart is sufficient space for them. Their lovely blue spikes are about 3 or 4 feet high and produced in June and again in September.

Belladonna. Light sky-blue. Three \$0.85, Doz. \$2.75, 100 \$15.00 2-year-old plants Three \$0.95, Doz. \$3.00, 100 \$18.00

Bellamosa. A dark blue form of Belladonna 1-year-old plants Three \$0.8

Three \$0.85, Doz. \$2.75, 100 \$15.00 Three \$0.95, Doz. \$3.00, 100 \$18.00 2-year-old plants

DELPHINIUM CHINENSE - Chinese Delphinium

The Chinese Delphinium
The Chinese Delphinium differ materially from the Belledonne or
English Hybrids. They rarely grow over three feet in height and bloom
tobut three or four weeks later. The folioge of this variety is almost
fernilke, the plants are more graceful and the flowers, which grow in
panicles, are of an intense gentian-blue. A lovely thing for the border.
Require same treatment as English Delphiniums. They should be planted
about 10 to 12 inches apart. Their roots are much smaller than those
of the English Hybrids.

Three \$0.95, Doz. \$3.00, 100 \$18.00 A very pretty variety, with fine, feathery foliage and intense gentian-blue flowers in open panicles.

Chinense album A pure white form of the above. Three \$0.95, Doz. \$3.00, 100 \$18.00

Culture. Delphiniums require a rich, generous and well-drained soil. On soils of a light or medium nature dig in plenty of well-decayed manure. In those of a heavy nature it is desirable to fork up the subsoil and compost of two parts loam and one of equal proportions of decayed manure and sand. The plants are best grown in groups of three or six. Allow a distance of at least 18 inches to 2 feet between the plants. Planting may be done in autumn or early spring. Remove faded flowers, and on no account allow seeds to develop, then a second crop of flowers may be expected later on.

Wayside Gardens Giant Hybrid Delphiniums

Plant Some of these More Luxuriant Peonies, Poppies, Delphiniums and Iris

In all gardens there's always room for the rich color of Peonies, Oriental Poppies and Oriental, Japanese and German Iris. And they give you dramatic showings that easily explain their universal popularity.

Study carefully our exciting novelties of well-proved merit. For instance, the sensational new Snowflame Poppy on page 50 that mere words can't describe and the new double Oriental Poppy, Salmon Glow, with its gorgeous 8inch blooms that won it a first-class certificate in Holland. A magnificent German Iris is the Jean Cayeux, a masterpiece developed by the famous French Iris specialist whose name it bears. And don't overlook the incredibly lovely Peony, Souvenir de Maxime Cornu, shown in natural colors on page 43. You get the greatest masses of bloom from single Peonies of which we offer you a number of the finest varieties.

All of these are hardy plants that do best when planted in the autumn. And you're assured more luxuriant bloom right from the first year because, like all Wayside plants, these are extra strong rooted, thoroughly acclimatized and of true-to-type pedigreed stock, assuring you of years of unusual garden pleasure.

Paeonias - Peonies

The numbers or RATINGS given immediately below the name are the averages tabulated from the votes of the members of the American Peony Society throughout America and Canada. Ten is highest possible score; none under seven are offered. This list contains the best only.

Single Japanese Peony, Francoise

Albert Crousse

3-5 Eyes, Each \$0.50, Doz. \$5.00

(8.6.) Very fresh salmon-pink, delicate color. Large compact bomb shape; fragrant; erect; medium height. Late.

aroness Schroeder 3.5 Eyes, Each \$0.60, Doz. \$6.00 (9.0.) Rose type; lote. White with shadings of flesh. This is one of the finest Peonies. Its immense flowers of great substance with high chalice-shaped center are freely produced, lasting a long time. Very Baroness Schroeder fragrant.

Chestine Gowdy 3-5 Eyes, Each \$0.60, Doz. \$6.00 (8.4.) Late midseason. Crown type. The broad outer petals are silvery pink. These enclose a zone of fine, irregularly shaped petals of deep rich cream, which in turn surround a prominent cone of broad pink petals, splashed and tipped with crimson. Very fragrant.

Edulis Superba
3.5 Eyes, Each \$0.50, Doz. \$5.00
(7.6.) Dark pink, even color; large, loose, flat crown when fully open.
Very fragrant; upright growth; early bloomer. One of the best commercial Peonies. There is much confusion over this variety being sold under twenty or more different names.

Ella Wheeler Wilcox 3-5 Eyes, Each \$0.45, Doz. \$4.50 Late flowering bomb type. Its immense blossoms are deliciously fragrant and of a most pleasing shade of shell-pink. Exceedingly free flowering.

Frances Willard 3-4 Eyes, Each \$0.75, Doz. \$7.50 (9.1.) Rose type; opens an exquisite blush-white, with an occasional carmine touch, changing to pure white. Listed among the world's twenty most beautiful Peonies.

elix Crousse 3-5 Eyes, Each \$0.50, Doz. \$5.00 (8.4.) Very brilliant red. Medium to lorge, globular, typical bomb shape; fragrant; strong growth. Stems rather weak. Midseason.

Festiva Maxima 3-5 Eyes, Each \$0.50, Doz. \$5.00 (9.3.) Paper-white, crimson markings in center. rose type; very tall, strong growth. Early. Very large and full

dge Berry

3-5 Eyes, Each \$0.75, Doz. \$7.50

(8.6.) Early. Very large, flat bloom of delicate flesh-pink; petals narrow, long and fringed, with some stamens intermingled; fragrant. Very profuse bloomer.

Karl Rosenfield

3-5 Eyes, Each \$0.50, Doz. \$5.00

(8.8). Very large flower; globular, semi-rose type. Extremely vigorous
grower, tall, and free flowering. As an early red it has no equal.

Kelway's Glorious

3-5 Eyes, Each \$0.50, Doz. \$5.00

Kelway's Glorious

3-5 Eyes, Each \$1.20, Doz. \$12.00

(9.8.) Buds slightly tinted pink, opening into large blossoms of iridescent white. Fragrant. Late midseason. This is undoubtedly one of the finest

Kelway's Queen

(8.8.) Pink. The stocks of this variety have been badly mixed and many spurious sorts have been sold under the name of Kelway's Queen. Once the genuine variety is seen, there can be no mistake. It is a distinct Peory, both in flower and plant. We have the true variety and guarantee our stock of Kelway's Queen to be absolutely genuine. A large compact, rose type flower of uniform mave, with center tiecked crimson. A tall, strong grower, very profuse bloomer. Late midseasan. One of Kelway's finest. Very distinct color, a great show flower. (Color illustration, page 43.)

Lady Alexandra Duff
(9.1.) One of the very best Peonies both for landscape and garden planting. Delightfully fragrant. Large, flat, semi-rose flowers of varying form, all but the terminal flower usually being beautiful saucer-shaped discs. Soft pink and white. Midseason.

amartine

3-5 Eyes, Each \$0.50, Doz. \$5.00

(8.4.) Late, Double type. Dark old-rose-pink of distinctly violet shade, each petal bordered with pale grayish white. Large. Medium height; very floriferous. One of the few good dark pinks. Well liked and reliable. Lamartine

Le Cygne 3.5 Eyes, Each \$1.50, Doz. \$15.00 (9.9.) Very large, perfectly formed flower, freely produced; cream-white with a touch of green at the heart. The finest white. Received the highest rating of any Peony.

ongtellow

3-5 Eyes, Each \$0.75, Doz. \$7.50

(9.0.) Everyone concedes Longfellow one of the most popular red Peonies because of its distinct, tadeless color and general dependability, both for cutting and garden decoration. It is as striking in the field as in the show room. It comes into bloom early midseason. The plant has excellent foliage and strong, stiff stems. The flower is a bright crimson and is always found among the winning classes. Longfellow

Marie Crousse 3-5 Eyes, Each \$0.60, Doz. \$6.00 (3.9.) The nearest to salmon-pink in Peonies. A most lovely variety. Tall stem and beautifully formed flowers of a charming shade of salmon-pink. Blooms midseason.

40ns. Martin Cahuzac 3-5 Eyes, Each \$0.75, Doz. \$7.50 (8.8.) Medium size, globular, semi-rose type. Dark purple-gornet with black reflex. The darkest Peony known. Strong, vigorous grower, free bloomer; midseason. Mons. Martin Cahuzac

Mons. Jules Elie 3.5 Eyes, Each \$0.60, Doz. \$6.00 (9.2.) A beautiful silvery pink. Broad reflexing guards with a high pyramidal body of semi-quilled petals converging to an apex. One of the largest, handsomest and most lasting cutting sorts in existence.

Tartha Bulloch

(9.1.) Mammoth cup-shaped blossoms often 9 to 12 inches across.

The largest of the good Peonies. Deep rose-pink in the center, shading to silvery shell-pink in the outer petals. Stalks strong and erect. Martha Bulloch

Phillippe Rivoire 3-5 Eyes, Each \$1.50, Doz. \$15.00 (9.2.) No red Peony ever won favor so quickly. Always found among the winning reds in every show room. Color so distinct, it is easily recognized by amateurs, no matter how often they see it in our fields. A rose type Peony. A red in which there is little trace of purple. One of the most satisfactory reds as a cut flower as it will last a week and hold right up stiff, if cut in the bud.

3-5 Eyes, Each \$0.75, Doz. \$7.50 (8.6.) Guard petals deep creamy yellow and center petals sulphuryellow. If not exposed to the full sun the flowers will hold a canaryyellow which is most attractive. Very fine. Midseason.

ichard Carvel (8.8.) One of the best early reds which we have. Large, bomb-shaped blooms of the same style as Felix Crousse but better in color. (Color illustration, page 43.)

3-5 Eyes, Each \$0.50, Doz. \$5.00 (7.9.) This variety is one of the good early pinks. The flower is very large, bomb type. The guard petals are prominent and enclose a grand ball of compact center petals. The color is uniform soft lovender-pink, splashed with a deeper lovender. This is a splendid variety to cut. It has a delicate and pleasing fragrance.

arah Bernhardt Each \$0.50, $Doz.\$ \$5.00 (9.0.) Apple-blossom-pink, very free blooming and flowers of perfect form on graceful stems. This is the ideal pink cut flower Peony. Sarah Bernhardt

3-5 Eyes, Each \$0.75, Doz. \$7.50 Office of the most beautiful beans of the existence of the surface waxy white, deepening toward the center with shades of orange and golden brown. One of the most beautiful Peonies in existence; a strong grower and a late, free bloomer.

ouvenir de Louis Bigot 3-5 Eyes, Each \$0.75, Doz. \$7.50 (9.1.) Flowers large, convex, rose form with fringed petals. Bright bengal-rose, slightly tinged carmine at the base, changing to salmonpink with silvery reflex. The color of this pink Peony does not fade in the sun and the stems are set in the follage as though they were arranged in a vase. An unusually fine Peony, blooming midseason to late. Souvenir de Louis Bigot

herese 3.5 Eyes, Each \$0.75, Doz. \$7.50 (9.8.) A most desirable variety of a charming shade of violet-rose, changing to lilac-white. Develops a high crown; strong grower and very free bloomer. A splendid addition to the midseason sorts of which it is one of the best.

3-5 Eyes, Each \$0.75, Doz. \$7.50 (9.3.) Semi-rose type; midseason. A very distinct, delicate rose-colored flower. Tall, free bloomer. Those who know this variety consider it one the best pure pinks.

Mons. Jules Elie

Mary Brand

SINGLE JAPANESE AND CHINESE PAEONIAS

A type not very generally known, but awakening great interest and enthusiasm. The opened flowers are of extra wide spread, with one or more layers of broad guard petals which act as a cup to the mounted center. In place of the pollen-bearing stamens, the stamens and anthers are greatly enlarged into narrow, thick, twisted petaloids of various colors, forming a dense cushion.

Camille Each \$0.60, Doz. \$6.00 Clear violet-red; a lovely kind. Strong grower and blooms very freely.

Each \$1.00, Doz. \$10.00 Emma ac-dark-pink. Two rows of perfectly shaped, round petals. Very large flower.

Each \$0.60, Doz. \$6.00 Eva Bright, light lilac-crimson. Very lively shade. Large, round petals. Free bloomer. Short stems. Unsurpassed for landscaping.

Each \$0.60, Doz. \$6.00 Francoise Bright rose. Two rows of petals. Center composed of petaloids which, when the flower opens, are of a yellowish white shade, edged yellow. While the flower develops, the petaloids take on the same shade as the guard petals. An excellent variety.

Each \$0.60, Doz. \$6.00 Fugi-No-Mine Pure white, very large and a strong grower, giving many blooms.

Isani Gidui Each \$2.50, Doz. \$25.00 Pure white. Golden center resembles large white Poppy

Each \$1.50, Doz. \$15.00 Jeanne Lapandry

Glittering pure white. A most lovely and desirable variety, reminds one of a cluster of Water Lilies. Good strong grower. Each \$1.50, Doz. \$15.00 Kinsui

Bright flesh-pink. Large flowers. Golden stamens. A very fine variety. $\begin{array}{lll} \textbf{La Fraicheur} & Each \$1.50, \, Doz. \, \$15.00 \\ \textbf{Substantial clear blush-white. Splendid for cutting and garden use.} \\ \textbf{Most attractive in the hardy border. Very free flowering and long.} \end{array}$ Each \$1.50, Doz. \$15.00 lasting.

Each \$0.60, Doz. \$6.00 L'Etincelante Semi-double to single in appearance with petals deep rose, inner petals pale rose, white at edges, golden crest of stamens. Large striking

Lucienne Each \$0.60, Doz. \$6.00 Pure why white with purple reflex. Most striking garden sort; very rugged

likado Each \$1.00, Doz. \$10.00 The Peony shown at the Chicago World's Fair in 1893 by the Japanese Government. A rich red with long, rounded petals of brilliant red surrounding a great dome of golden staminodes. Exceedingly brilliant. Mikado

Each \$0.75, Doz. \$7.50 Nagasaki Light pink, dark foliage and robust growth. Excellent in the border.

Each \$0.50, Doz. \$5.00 Bright flesh-pink. Large flowers. Golden stamens. A very fine variety.

Tree Peony, Reine Elizabeth

Opens very light pink and changing to pure white. Two rows of petals of which the inner row is somewhat shorter than the outside row. The petaloids are yellowish white with little pink tips.

Ruigegno Clear red. Two rows of petals. Golden petaloids. A variety of great substance and very beautiful.

Shi-Pen-Kue Each \$0.60, Doz. \$6.00 Round petals, with thick golden petaloids. This is the nearest to blue in Round P Peonies.

Each \$0.60, Doz. \$6.00 Taikoon Blood-red. Most striking against a dark background.

PAEONIA OFFICINALIS (Early Peony)

Each \$1.00, Doz. \$10.00 Officinalis Albo-Plena Double white

Officinalis Rosea Superba Each \$0.85, Doz. \$8.50 Brilliant deep rose-pink fragrant flowers; one of the earliest to bioom. Officinalis Rubra Fl. Pl. Each \$0.60, Doz. \$6.00

The old-fashioned early red, that even in our latitude blooms before Decoration Day. Officinalis Tenuifolia Fl. Pl. Each \$1.25, Doz. \$12.00 The fern-leaved Peony. Deep crimson flowers. Early, precedes Officinalis Rubra fl. pl. For rock gardens and perennial borders.

BOTANICAL PEONIES

Each \$2.50 Corallina Blooms in early May in Ohio. Light carmine-rose flowers, followed by pretty seed-pods.

Laciniata Sparkling red flower, foliage laciniated. Blooms in early May. A good landscape variety.

Each \$6.00 Rother small globe-shaped flower of unusual glowing salmon-scarlet, suffused orange. Very unique coloring and difficult to describe. Grows 15 to 18 inches high. Blooms early.

PAEONIA MOUTAN - Chinese Tree Peonies

PAEUNIA MOUTAN - Chinese Tree Peonies

The Tree Peony is really one of the finest plants available for the gardem. It is quite hardy, and does well under the simplest treatment. It flourishes in the most astonishing manner, bearing blossoms from 6 to 8 inches across, which increase every year in beauty and size. They are a grand addition to the garden, as they do not die down to the ground like the herbaceous sorts, but make fine bushes 3 to 4 feet in height, covered every spring with elegant flowers.

Culture. It is advisable to avoid wind-swept locations and to protect the early bloom buds in case of late spring frosts. The south or east side of a planting of evergreens, shrubs, wall or building, is a very good location for Tree Peonies. Mulching is advisable the first winter after transplanting. Apply mulch of light material after ground is frozen solid. Any good well drained garden soil is satisfactory. Never cut back woody branches.

Archduke Ludovico Enormous wide flower, double, flesh-pink, turning soft lilac.

Athlete Each \$2.50 Immense double flower of fine glazed mauve, shaded rose; vigorous and prolific grower. Blooms very freely.

Banksi Each \$2.00 Semi-double; pale lilac-rose. Very free-flowering variety. Easily grown.

Each \$12.50 Chromatella This striking novelty is a sport from the beautiful variety Souvenir de Maxime Cornu. Color, a pure sulphur-yellow without any shade of salmon or buff. The flower is full double. One of the choicest plants for the garden in existence.

Comtesse de Tuder Lively salmon, petals tipped satiny white; fine full double flower; free bloomer. Lovely sparkling variety.

a Lorraine

A cross between Paeonia Lutea and a variety of Paeonia Moutan. Large, well-expanded full double flowers of good substance; the petals nearly imbricated, being of a soft sulphur-yellow with a salmon tinge when opening, becoming lighter and purer when fully expanded. (Awarded a Work of Art at the Paris Horticultural Exhibition in 1909, awarded first-class silver medal at the Ghent Quiquennial Exhibition 1913, first-class certificate from the Floral Committee of the Royal Horticultural Society, May 14, 1913). A true jewel for the garden.

Mme. de Vatry Each \$3.00 Very large globular bloom; satiny pink, shaded lilac, vigorous grower.

Flower perfect in shape, vivid salmon-pink. A brilliant color; considered amongst the finest of all double Tree Peonies. A-1 plant. (Color illustration, page 43.) Reine Elizabeth

Souvenir de Ducher Each \$3.00 Large, globular bloom; bright reddish violet with silvery reflex.

Souvenir de Maxime Cornu Each \$5.00 Each \$5.00 A vigorous variety, raised by L. Henry at the Paris Museum from Peopolia Lutea hybridized with Paeonia Moutan, Ville de Saint-Denis. It forms a bush 3 to 4 feet high with abundant and healthy foliage, every stem carries 2 or 3 full flowers, 8 inches or more across, with crowned and wrinkled petals, of a deep yellow, heavily shaded orange. (Color illustration, page 43.)

A tall vigorous variety; flowers carried by strong stalks, very large and full; the color is a combination of strow-yellow, pale salmon and rosy purple, of a very novel character. Fragrant.

All Tree peonies offered above are furnished growing in 5-inch pots. These pot-grown plants establish quickly and usually bloom from the second year after planting. If you desire field plants, 4 years old, double the price quoted for pot plants.

Kelway's Queen (See page 41) 3-5 Eyes, Each \$1.50, Doz. \$15.00

Richard Carvel (See page 41) 3-5 Eyes, Each \$0.75, Doz. \$7.50

Tree Peony, Souvenir de Maxime Cornu (See page 42) Each \$5.00

Wayside Gardens

MENTOR, OHIO

Erythronium—Trout Lilies (See page 20)

Lycoris Radiata (See page 23)

A charming bulb for growing in the house.

Bulbs **must** be planted in early August for September blooming. Bulbs will be available from July 1st on.

Camassia Leichtlini, Blue (See page 20)

Calla Elliottiana (See page 19)

Oxalis Adenophylla (See page 24)

Iris Raempferi JAPANESE IRIS

THE ancient poets called their Iris, Ground Rainbows; also Children of the Gods. A promise from them that beauty on earth would ever be. The finest of all their varieties is the Kaempferi which we offer you in a wide choice of colors. Not the least of their fine points is the graceful foliage. A thing of beauty after the blooms are past.

Planted in a mass, or as a border, they are ideal. A few edging a reflecting pool or stream, is something to remember. No matter how fine your Iris collection may be, not to have these Jap ones, is to

deprive yourself of something that will make it complete.

CULTURE. Late plantings should be protected by a light covering of straw or leaves after the ground is permanently frozen to prevent roots from being heaved out of the ground by frost. Plant in spring or September and October. Avoid all lime.

Zure Each \$0.60, Three \$1.50, Doz. \$4.50

Double Immense flower, exquisitely waved; mauve-blue, darker halo surrounding yellow blotch at base of petals.

Twelve Japanese Iris in twelve distinct varieties, our selection. Varieties taken from above list. Each plant labeled. \$3.00

[45]

Bearded Iris

(Iris Germanica or Fleur de Lis)

It is from the California, Oregon, and French hybridizers' hands that a wealth of lovely new Bearded Iris has come the past few years. So worth-while and insistent have these improvements

been that there is very little left of what was considered "tops" four years ago.

Astounding new colors and combinations of colors have been created until we now have Iris that rival the extravagant loveliness of the wings of a butterfly. There are richer blues, purer reds, better pinks, finer and larger yellows, other shades remind one of smooth ivory or fine porcelain. So delicate and almost ethereal are some as to have a true kinship with Orchids. Many are delightfully fragrant.

Hundreds of varieties were selected by us from long lists of ardent hybridizers and specialists;

were put through the exacting Wayside test and the best only we offer now to you.

Give away some of your old ones and make room for these lovely new kinds. You will marvel at

(In our descriptions "S" denotes the standards or upper petals; "F" the falls or lower petals.)

Alta California Each \$0.25, Doz. \$2.50 It is tallest of all the new yellow Iris, and its branching qualifies it for "A" rating either as an individual stalk or as mass bloom. Yellow Iris have long been recognized as being the "spark" that brings out the fullest beauty of any Iris garden, and Alta California serves this purpose to perfection

ngelus

Each \$2.00, Doz. \$20.00
In color a bright light pink, with slight lavender iridescence just below
the lemon beard. Throughout the center there is a delicate infusion of lemon-yellow. Large, shape of Depute Nomblot, 3 feet tall, and very late. Angelus

Anne Marie Cayeux Each \$0.25, Doz. \$2.50 One of the best light blends. A French introduction, given an Award of Merit by National Horticultural Society in France. S. pinkish lilac, flushed gray; F. metallic blue over gray; the "iridescent colorings of a pigeon's throat" to use originator's description. (Color illustration, pigeon's

each \$1.50, Doz. \$15.00 Rich velvety maroon unmarred by any haft venation. The coppery brown of the standards is repeated in a soft margining on the unusually broad falls. The rich orange beard completes the glowing ensemble. Beowulf is the nearest true maroon of any Iris. Beowulf

Black Wings Each \$0.30, Doz. \$3.00 lack Wings

Each \$0.30, 1002. \$3.00

A new "black" Iris that is gargeously deep in tone. S. deep fluorite violet; F. deeper fluorite violet, with black veins, and so very velvety that at some angles they are absolutely black. Blooms of good size, form, and substance, and a hardy plant. Very fragrant, and a great achievement in breeding, as it is very nearly black.

One of the most beautiful and appropriately named, as the entire flower seems to be cut out of velvet and the color is a deep intense blue.

Buechley's Giant

Fact \$0.25, Doz. \$2.50

Buechley's Giant

uechley's Giant

A truly large flower of silky lavender-blue which because of its superior size, texture, and plant habits has displaced the older "Lord of June."

One of the largest of all Irises. Should be in every collection.

California Gold Each \$0.50, Doz. \$5.00 We consider this one of the finest deep yellow Iris introduced to date and think this is the concensus of opinion of others. It is simply superb, having a brilliance and purity of color and perfection of form and finish not approached by any other deep yellow Iris we have seen. The flowers are large and very freely produced. China Rose Each \$0.35, Doz. \$3.50 Colors exquisitely blended. Described as orchid-rose warmed by a bronze undertone at the bottom of the standards. A decided favorite which flowers early and continues through the season, Mid-season, 36 inches.

nristabel Red—and it will not disappoint the most exacting critic. For sheer brilliance we rank it second only to the new Red Gleam of which there are only a few plants available. Glorious as a garden clump, almost a self, of large size, over 3 feet tall.

Each \$0.25, Doz. \$2.50
A very tall and robust growing Iris. Not a new variety but worthy of a place in the garden because of its freedom of bloom, large rich copperbronze flowers, and good foliage.

rystal Beauty Coppersmith

Very early and very tall. A gorgeous, pure, clear snow-white of huge size on stalks that are shoulder high, being the tallest of all white large states of perfect shape and freely produced. Crystal Beauty

Winner of highest international honors, the Dykes Memorial Medal. The finest and purest red-toned Iris introduced to date. ay DreamDauntless

Each \$0.25, Doz. \$2.50 Day Dream Falls lovender-pink with large yellow beard. Yellow center veined bronze, standards pale smoky lovender-pink at tip shading to bronzy yellow at bose. Fine smoky lovender-pink effect.

base. Fine smoky lavender-pink effect.

Depute Nomblot

Another Dykes Medal Winner. Of gigantic size and perfect form and texture, on tall, nicely branched stems. S. coppery red, flushed golden branze; F. rich claret-crimson. The entire flower seems to be lightly dusted with fine golden powder, which sparkles in the sunlight, giving it an uniqued richness. it an unusual richness.

Huge flowers of fine form, with lemon-yellow standards and ivory falls, the falls having gold veinings at the throat and orange beards. Height 40 inches. Very scarce. Dore

Capitan Each \$0.25, Doz. \$2.50 Mammoth flower in manganese-violet color. Largest and finest of its El Capitan

Eleanor Blue Each \$0.75, Doz. \$7.50 Chicory to Campanula-blue with more lavender in the falls, which flare sharply. An Iris of unusually fine, leathery texture. A superb clear

clean flower.

Iris Germanica, California Gold

Iris Sibirica, Perry's Blue (See page 49)

IRIS GERMANICA—Continued

Eros Very fragrant. Award of Merit, American Iris Society, 1936. A delightful new salmon or Hydranged-pink, with as many as 12 flowers to a stem, now offered for the first time at a modest price. Entirely different from all other pinks. The large shapely flowers have a delightful silky

Gold Imperial Each \$0.15, Doz. \$1.50
The greatest golden yellow Iris known; might be called the Golden Iris.

Golden Light

Each \$0.25, Doz. \$2.50

Early. The best of the new golden brown blends. Standards delightfully ruffled gold, edged soft lilac. Falls gold, flushed soft lilac at the center and veined brown; flaring, deep orange beard.

Golden Treasure

An exquisite new creamy yellow Iris with an elusive charm. Its loveliness seems to lie principally in its shimmering silkiness of texture and in the subtle infusion of golden light throughout the center of the flower. The beard is bright orange. Whites, creams, and yellows are always valuable for "lighting up" on Iris garden, and none more so than this brilliant new Iris. Truly a "golden treasure" to any land-scape artist. An Iris that will some day be grown by the millions.

Gudrun

Winner of the Dykes Memorial Medal by the English Iris Society. A top notch white Iris among so many fine new white ones and by many judges considered the firest of all. It is a massive flower of purest snow-white, undoubtedly the largest and most massive.

Happy Days

A mammoth sized deep yellow, as large as the giant Nene, with an unusual glistening finish and a deep orange beard. The largest of all yellows, with flowers over 7 inches from top to bottom, on tall, stout, well-branched stalks, carrying 7 to 8 massive blooms to each stalk. The color is deep yellow, almost as deep as California Gold and the flower is of fine form and heavy substance.

HeliosSensational soft lemon-yellow flowers of enormous size and smooth pollished finish. We are fortunate in having a fine stock of this variety in extra large rhizomes and can therefore make an especially attractive price for such a fine Iris.

Jean Cayeux
Certainly one of the most beautiful Iris we have ever grown. It has been awarded all honors and justly so. The full-petaled flower with its slight suggestion of a frill has stately grace and opulence of form. Its novel superb coloring of light Havana-brown with a luster of golden biscuit-tan show up magnificently anywhere in the garden. It flowers freely over a long period. Height 34 inches.

King Midas

S. golden buff, suffused garnet-brown; F. very vellvety rich garnet-brown, edged golden buff. A heavy beard of deepest orange and a golden haft illumine the center of the bloom. A flower of soft, beautiful colors.

Los Angeles Each \$0.35, Doz. \$3.50 Great white flowers of fine shape and substance, the standards faintly edged blue with the blue style arms adding a note of clear blue in the center. Tall and widely branched. Most outstanding. Early. 40 inches.

 $\mathbf{M.~A.~Porter} \qquad Each~\$0.30,~Doz.~\$3.00$ An exceedingly rich deep violet, with velvety falls and deep orange beard. One of the best of the new giant flowered varieties.

Marquita

Given an Award of Merit by the American Iris Society in 1936. This Iris is so unusual and so beautiful that it is always wanted by everyone who sees it in bloom. It is a magnificent French introduction that has given us something entirely new in color. The huge flowers are of brilliant smooth ivory, with an eggshell finish, with ruby lines running almost evenly from base to apex of the falls. As the flower ages, the center of the falls turns red, leaving a cream-colored border.

Mary Geddes

Each \$0.25, Doz. \$2.50

Winner of the Dykes Memorial Medal for 1936. Highest international honors, as the best Iris of the year. Also had the distinction of being an American introduction that received an Award of Merit in England, where so many fine Irises are produced. The color is hard to describe, but if it is one of the finest. An attempt at a description would be, a lovely blending of soft pink tones, overlaid Pomeranian red. This gives but a faint idea of its great beauty. There are 8 to 10 flowers to a stem and they are nicely branched.

Meldoric

Meldoric

Honorable Mention, American Iris Society. This is one of the finest Irises of recent introduction. A blue-black of colossal size, perfect form and heavy substance. Dr. Ayres' mosterpiece. Considered by many as the finest dark Iris introduced to date.

Missouri Each \$0.50, Doz. \$5.00 Very fragrant. Awarded the Dykes Memorial Medal, highest international honors for 1937, as the outstanding Iris of the year. A large flower of true deep blue coloring and perfect form, with flaring velvety falls and excellent substance. Has every good quality. Height 44 inches.

Mme. Louis Aureau Each \$1.50, Doz. \$15.00 This heavily dotted and sanded plicata from Cayeux is a rival of the series now so popular from the Sasses. It has a ground color of silvery white, closely netted with rosy heliotrope. A very large blossom.

Mrs. J. L. Gibson
Very nearly a self, with inky black, crepy standards, lustrous and silky, and glossy, slightly flaring falls of fine breadth. Your collection will not be complete without this notable new Iris.

Ozone Each \$0.50, Doz. \$5.00A peculiar and subtle shade of rosy lavender, the same in standards and falls, with a pronounced copper area throughout the center. Large and of ideal shape; a fine grower.

Pallida Dalmatica, Princess Beatrice Three \$1.10, Doz. \$3.30, 100 \$20.00
This is the true type of Pallida Dalmatica and still one of the most attractive and satisfactory all around varieties. Standards and falls of a clear lavender-blue shading to a pale silvery blue at the base and sweetly scented. Unusually heavy glaucous foliage.

Persia Each \$0.30, Doz. \$3.00 lts refined and subdued colorings rank it as one of the most pleasing of all. Very large blooms with falls that are a blend of bluish lavender and standards of iridescent steel-blue. Brown haft and yellow beard.

Pink Opal
A fine, tall, large, uniform pink-toned Iris.

Each \$0.35, Doz. \$3.50

Pluie d'Or

A pure, brilliant golden yellow self. A large bloom of good shape on tall, well branched stems. The color is pleasing, a clear, intense yellow that carries well, and the plant is perfectly hardy, and very floriterous.

President Pilkington

Large, of bold form, well-branched, many buds to stalk, and medium

President Pilkington
Large, of bold form, well-branched, many buds to stalk, and medium tall. Standards vinaceous buff underlaid old gold, with falls of soft violet faintly edged silvery brown. The elegant dignity of this Iris gives it a charm that is difficult to describe. Midseason. 40 inches.

Primpage

Each \$0.20, Doz. \$2.00

A very handsome flower of the finest form and good substance and nicely branched. The standards are deep yellow and the falls are lighter.

Oueen Caterina

Each \$0.15, Doz. \$1.50

Queen Caterina

A midseason variety of beautiful clear orchid-purple veined with brilliant gold; the whole being further enhanced with a bright orange beard.

Rameses Each \$0.25, Doz. \$2.50
Winner of the Dykes Medal for 1932. A lovely blend of soft yellow and tournaline-pink, the flower being suffused with a yellow glow at the center. A perfect flower in every way. (Color illustration, page 49.)

San Diego Each \$0.50, Doz. \$5.00 (Mohr-Mitchell 1929.) One of the finest medium-dark blues. A gigantic Iris of heavy substance and fine flaring form and compelling appearance. Tall and vigorous. Early midseason. 40 inches.

Shah Jehan

A multi-colored Iris with 7 distinct colors, but a flower of the greatest refinement notwithstanding its lavish colors. It is considered by many as one of the greatest achievements of Iris development, Standards, soft creamy buff, flushed soft lavender and suffused gray, fading to almost pure white as the flower ages. Folls, deep, rich ruby-red, with a ½-inch white border. This is but an inadequate description of this very fine Iris.

Shining Waters
Four to five feet. Early. Very sweet fragrance. On close inspection the surface stems to be studded with tiny jewels, giving an unusual sparkle. The color is a uniform, clear sky-blue, of a most delightful shade.

Siegfried

An Iris they are all talking about, and one which every grower will want to own. A flower of really huge size, pale sulphur-yellow, overlaid with a stippling and dotting of purple. A slightly buffy overtone blends the colors together.

Sierra Blue

Each \$0.35, Doz. \$3.50

Winner of the Dykes Memorial Medal in 1935. Highest international honors, as the best of the year. An exceptionally smooth, refined flower of clear blue, with heavy substance, immense size, perfect form and towering over 4 feet high. Sierra Blue has every good quality to make it a real "champion."

Snowking

Regal in bearing, with broadly flaring, great white blossoms, lit with gold at the throat. Heavy of substance, bold and strong in growing habit. 3 feet tall. A wonderful and thoroughly hardy white from the

Snow Maiden

A beautiful low growing pure white Intermediate introduced from Canada. It is naturally a good doer in even the severest climates. Pure white in color, on 10-inch stems, its extreme floriferousness results in a solid mass of bloom resembling a drift of new snow. As fine a border planting as can be imagined. One of the very earliest and best. Lovely with late Tulips.

William Mohr
The foliage and leaves of William Mohr are always small, but the blooms are simply immense. The ground color is pale lilac, standards flushed darker, the whole flower beautifully veined manganese-violet. Substance and shape of the very best, a very large flower; actual measurements showing standards 3/4 inches by 2/4, inches, and falls 3 inches by 2 inches. Stems strong and rigid. Rhizomes naturally small.

Winneshiek

We like this best of all the new black Irises, the actual color being the deepest midnight-blue-violet. It is certainly one of the best of this type, if not the best. The flower is large, of lustrous silky texture, of perfect form and freely produced. You will not be disappointed with Winneshiek.

You probably have been hunting desirable yellow shades—try Alta California, Calfornia Gold, and Golden Treasure. White, another problem, is solved by Gudrun, while the very early flowering white, Snow Maiden, is happily combined with Tulips of any color.

Iris Cristata

Iris Pumila, Excelsa Iris Ochroleuca Gigantea

Autumn Flowering Iris Pumila

Flowering Two or More Times Each Season

We Furnish Substantial Clumps With Several Crowns

These autumn-flowering Irises have two or more normal flowering seasons each year. They blossom in the spring along with other early flowering varieties and again in the autumn, beginning in September and continuing until killed by heavy frosts. Some of them also flower intermittently throughout the year.

Autumn Queen Three \$1.10, Doz. \$3.30, 100 \$20.00

This is a reliable spring and fall bloomer. A pure snow-white. It belongs in almost the same class as Jean Siret and Lieut. Chavagnac so far as size and height is concerned, but is a little larger and a little taller. (Color illustration, page 49.)

Golden Harvest

A fine large deep yellow veined with red-gold on the falls. A reliable spring and fall bloomer everywhere. This variety is quite scarce.

Jean Siret Three \$1.10, Doz. \$3.30, 100 \$20.00

This variety is one of the most persistent bloomers of the Iris family, It begins to flower quite early in the spring with the earliest miniatures and have a long spring-flowering season. It also has an equally long autumn-flowering season. Clear chrome-yellow. (Color illustration, page 49.)

Olive White Three \$1.40, Doz. \$4.00, 100 \$25.00 This is a good cream-colored spring and fall bloomer.

IRIS SPURIA OCHROLEUCA GIGANTEA

(Finest Iris for Cut Flowers.) These are so different from all other Beardless Species and Hybrids as to deserve a separate sub-division. The flowers are quite unlike all other Irises, and are very artistic, making exquisite cut flowers for which purpose they are used extensively by florists. They are hardy anywhere. While not indispensable to their success, they prefer a moist spot and make a most imposing effect in the garden. A stately garden plant and a beautiful long lasting cut flower. In good rich moist soil it will grow 5 feet or more. The flowers have pure white standards while the falls are yellow with a quarter-inch margin of white. An A-1 plant for garden or cutting.

Each \$0.35, Doz. \$3.50

IRIS SIBIRICA

Caesar's Brother

Each \$0.50, Doz. \$5.00

A stately plant not too tall, 30 inches high. It is the best of the entire lot of dark blue Siberian Iris and was given Honorable Mention by the American Iris Society. The flowers are an unusually rich black pansyviolet of a beautiful depth of color. A superb plant for any flower garden.

Sibirica, Emperor
Large, violet-blue flowers; handsome foliage. Fine border plant and grand subject for planting near water, where it blooms profusely; 3 feet high.

Sibirica, Snow Queen

An exquisite hardy Iris; the flowers are of a snowy whiteness, large and well formed, produced in great abundance; foliage light and graceful. A gem for flower border or waterside. 3 feet high.

IRIS PUMILA - Miniature Flag

These beautiful little Irises do not grow over 4 inches high and bloom in April and May. They are fine for bordering flower beds or planting in the rock garden.

A splendid pole lemon-yellow.

*Fairy (Coerulea)
Pole blue; very dworf.

Three \$1.10, Doz. \$3.30, 100 \$20.00

Midget Three \$1.10, Doz. \$3.30, 100 \$20.00
A very small deep purplish red. One of the smallest.

*Sambo Three \$0.95, Doz. \$3.00, 100 \$18.00 Dork violet-blue.

*Schneecuppe Three \$0.95, Doz. \$3.00, 100 \$18.00
A charming small deep blue variety of neat habit.

IRIS SPECIES

Some very interesting sorts are here listed and described; many of them are splendid for naturalizing and large, permanent plantings.

*Cristata (Evansia.) A dointy native creeping species, only 3 inches in height; flowers rich amethyst-blue in May; a gem for a shady spot in the rock garden or an excellent ground cover under trees where it will form a solid carpet covered with flowers which are very lovely to behold.

Orientalis, White

Similar to the Sibirica but not so tall. Produces masses of lovely small white flowers; a fine plant for border or waterside; about 30 inches high.

Tectorum

Three \$1.10, Doz. \$3.30, 100 \$20.00

An unusual species from the Orient with delicately crested blue flowers, 12 inches high, in June. This is the roof Iris of Japan where it is grown on the thatched roofs of the cottages. Lovely in the rock garden.

*Tectorum alba
White form of the above.

[48]

Gorgeous New Poppy, Snowflame

(U. S. Plant Patent No. 365.) "A sensational break in Poppies" is what an expert said when he saw Snowflame in bloom the first time in our nursery. The lower half of the flower is pure white, the upper half a flame-orange, creating a most unusual and brilliant effect. The orange band of the upper half of the petals varies considerably in width with each flower, helping to increase the charm of this rare variety. Happily, Snowflame is a very strong grower and blooms freely. It is not subject to any

ailments or insect pests. In fact, it is one of the strongest growing varieties we have. The flowers are large and grow on stiff stems. A few clumps of Poppy, Snowflame, in your garden will create nothing short of a sensation. We send in the spring, strong plants in 21/2-inch pots. From August until the end of fall planting season, we send field-grown roots. Poppy specialists advise September planting. Please state when you desire to set out your plants.

Each \$0.75, Three \$2.00, Doz. \$7.50

Papaver Orientale - Oriental Poppy

Oriental Poppies are the regal representatives of this popular genus, growing 3 to 3½ feet high, and far surpassing in splendor of bloom all the annual kinds. For a gorgeous display of rich and brilliant coloring nothing equals them during their period of flowering in May and June, and whether planted singly or in masses, their large flowers and freedom of bloom render them conspicuous in any position.

CULTURE: Almost any kind of soil suits them, but they do best in deep, rich laam. Set the Plants out in the full or early spring before the first of May, twelve inches apart. Give them water occasionally during dry spells in the early part of the season. Much wait of the season shall with a constant of several years. The proper planting season for field-grown roots of Poppies is during the last of August, September and October. In spring, strong plants are supplied in pots to insure success.

Beauty of Livermore Three \$1.40, Doz. \$4.00, 100 \$25.00 The finest dark crimson with black blotch; fine flowers freely produced

Cavalier Three \$2.00, Doz. \$6.00, 100 \$40.00 One of Dr. Neeley's latest and best. Strong grower and free bloomer Flowers are crinkly and deep scarlet-red.

nchantress

Three \$1.50, Doz. \$4.50, 100 \$30.00

A lovely soft lilac-rose, an enchanting delicate shade. Here again one of the best and possibly "tops" in this color which comes to perfection if the plant is grown in light shade. Very good grower and free flowering. Enchantress

Three \$1.40, Doz. \$4.00, 100 \$25.00 Ithree \$1.40, Doz. \$4.00, LID \$25.000. This variety originated at Wayside Gardens. The usual salmon and apricot tints in this variety are missing. It is, therefore, unique and in a class by itself. It is very hardy, of easy culture, very prolific of bloom, and flowers are good size on stiff stems. The color is shrimp-pink with peerly lustre, paling at edges. The center is richly colored with four narrow black bands instead of spots. Should be in every collection.

Three \$1.50, Doz. \$4.50, 100 \$30.00 A Poppy of medium height, about 24 to 28 inches, coming to perfection when 2 years old or more. The flowers are golden orange. This tone of golden orange becomes more pronounced as the plant grows older.

Golden Surprise Three \$1.50, Doz. \$4.50, 100 \$30.00 This Poppy originated in our nursery and is the nearest to a golden yellow it has been possible to bring Oriental Poppies. The flowers are very substantial and large, on stems 24 inches tall. Is very free blooming and a stout grower. Excellent in the foreground.

lelen Elizabeth

Three \$1.50, Doz. \$4.50, 100 \$30.00

Considered by many as the best pink, It is a rugged grower. The straight 34-inch stems are topped by big La France pink flowers without dark spots. We also think it one of the best. Helen Elizabeth

Three \$1.50, Doz. \$4.50, 100 \$30.00

Much larger flowers than Henry Cayeux but otherwise similar. The big blooms are a peculiar tint of ashes of roses or an old rose shaded burgundy. If grown in light shade this flower really comes to perfection. Henry Cayeux Improved

Jeanne Mawson Three \$1.50, Doz. \$4.50, 100 \$30.00 Tall, erect growing variety. Flo pink. Unquestionably a beauty. Flowers are large and sparkling geranium

Lula A. Neeley Three \$1.40, Doz. \$4.00, 100 \$25.00 Good strong stems support flowers of brilliant oxblood-red, the color holding until the last. This variety is becoming most popular.

May Sadler Three \$1.40, Doz. \$4.00, 100 \$25.00 Salmon-pink with black markings. We believe it one of the finest of the pink sorts because of its large flowers and robust growth.

Mrs. Perry Three \$1.10, Doz. \$3.30, 100 \$20.00 Orange-apricot; a very fine variety Olympia Three \$1.10, Doz. \$3.30, 100 \$20.00

The flowers, when fully developed, are about 4 inches in diameter; when first opening full double, but show a bunch of stamens as they mature. It is a brilliant rich flame overlaid with glistening golden salmon.

Three \$1.50, Doz. \$4.50, 100 \$30.00 Orange Perfection A new variety from Europe. A strong grower with orange-tinted flame-red flowers; very free-flowering.

Three \$0.95, Doz. \$3.00, 100 \$18.00 Orientale Oriental Poppy.) Tremendous cup-shaped blooms of brightest crimson-scarlet, with large, purplish black blotches at base of petals, creating a wonderful contrast when bloom is fully open. Clumps of these through-out the border add a brilliancy that no other flower can provide.

Perry's White Three \$1.50, Doz. \$4.50, 100 \$30.00 The flowers are a fine satiny white with a crimson-maroon blotch at the base of each petal.

Three \$2.00, Doz. \$6.00, 100 \$40.00 Considered by many to be the finest of all pink Poppies. C soft pink without any spots or markings. Very free-flowering Color pure

Each \$0.60, Doz. \$6.00 Salmon Glow (Double) almon Glow (Double)

A fine double salmon-orange not to be confused with Olympia. The flowers are exceptionally large, fully 8 inches across. It is a Dutch origination and selected for the Wisley trials. It received a first-class certificate in Holland and is spoken of as a beautiful double salmonorange. Strong upright growing Poppy. It was mutch admired in our

Sass Pink (True) Three \$2.00, Doz. \$6.00, 100 \$40.00 No doubt one of the finest and largest pink Poppies. The immense blooms are of fine crepy texture and lovely light delicate flesh-pink shade with gray-mauve center.

shade with gray-mauve center.

*Wunderkind (True)**

Considered the finest cerise-colored Poppy, true Begonia-rose. Strong grower with very large flowers on 33- 10 35-inch stems. The plant looks sturdy and is a good grower. Flowers keep well when cut.

*Wurtembergia**

A striking flower of great size and substance. Brilliant glowing rose-red.

SENSATIONAL NEW BICOLOR POPPY

Snowflame

Each 80.75, Three \$2.00, Doz. \$7.50

(Plant patent applied for.) "A sensational break in Poppies" is who
an expert said when he saw Snowflame in bloom the first time in our
expert said when he saw Snowflame in bloom the first time in our
handle state of the follower is pure white; the upper half a
flame-orange, creating a most unusual and brilliant effect. The orange
band of the upper half of the petals varies considerably in width with
each flower, helping to increase the charm of this rare variety. Happily, Snowflame is a very strong grower and blooms freely. It is not
subject to any allments or insect pests. In fact, it is one of the
strongest growing varieties we have. The flowers are large and grow
on stiff stems. A few clumps of Poppy Snowflame in your garden will
create nothing short of a sensation. We send in the spring strong
plants in 2½-inch pots. From August until end of fall planting season,
we send field-grown roots. The pot plants are vigorous and most of
them will bloom the first year. Each \$0.75, Three \$2.00, Doz. \$7.50

PAPAVER SPECIES

Papaver alpinum Three \$1.10, Doz. \$3.30, 100 \$20.00 Like a small and more delicate Iceland Poppy having flowers of white, pink, orange or yellow, and often delicately fringed. Not over 4 inches high. **Papaver alpinum

Schinzianum Three \$1.40, Doz. \$4.00, 100 \$25.00 Somewhalt taller and with slightly larger flowers than the well-known leeland Poppy. Very profuse in bloom all summer, and fall. Transplants quite readily. Color of bloom delicate buff-orange. A fine new Poppy.

Schinzianum X Orientale Hybrid No. 1 Each \$0.60, Doz. \$6.00 Chinzianum A Orientale Typorid 146.1 Each \$0.00, Doz. \$0.00 The flowers are crinkly orange produced in great quantity on 18- to 24-inch stems. They have the appearance of a very large Iceland Poppy and bloom over a long time but are not all-summer flowering as are the Iceland Poppies. The plants go dormant in midsummer like those of the Oriental. A very interesting addition to the spring

Papaver Schinzianum X Orientale Hybrid No. 1

HEMEROCALLIS - Lemon Lilies

Beautiful hardy perennials belonging to the Lily order. For generations great favorites in all gardens, both here and abroad. The numerous species have long, narrow leaves and yellow or orange flowers, many of which possess a delicious fragrance. Very graceful and stately plants for the waterside, naturalizing in grass, or growing in the partially shaded border.

Culture. Any kind of soil will grow these plants successfully. They prefer partial shade, but do excellently in full sun. May be grown singly or in masses. Plant one to two feet opart in autumn or spring. Lift, divide and replant every third year to ensure the plants flowering freely.

Three \$1.10, Doz. \$3.30, 100 \$20.00
A strong growing and free flowering variety, producing rich orangeyellow flowers in June and July. 2 feet. Aurantiaca

ay State Three \$1.10, Doz, \$3.30, 100 \$20.00 Brilliant and glistening deep yellow flowers on 4-foot stems. In full bloom about late June, Free-blooming and robust in growth.

Three \$1.50, Doz. \$4.50, 100 \$30.00 Brilliant deep orange flowers on 3-foot, slender stem. In full bloom early July till August. Stems are slender and plant is of medium size. A showy plant for the small border.

Dr. Regel Three \$0.95, Doz. \$3.00, 100 \$18.00 Handsome, rich orange-yellow flowers in early May and June. Very fragrant. Fine for cutting, $1\frac{1}{2}$ feet.

va Three \$1.20, Doz. \$3.60, 100 \$22.50 weet-scented, clear full yellow; $2\frac{1}{2}$ feet. Flower in June in great pro-Flava fusion.

ulva Three $\$0.95,\ Doz.\ \$3.00,\ 100\ \$18.00$ (Brown Day Lily). Coppery orange, shaded crimson. 3 feet. July. Excellent for naturalizing. Fulva

Each \$1.00, Doz. \$10.00 Hyperion Hyperion is a cross between Hemerocallis Sir M. Foster and Hemerocallis Florham. Flowers are a fine citron-yellow produced in great numbers on stout stems about 40 inches tall. Considered by experts the finest pale yellow Hemerocallis available at present at popular price. Few plants surpass the vigor and beauty of a well-flowered clump of this wonderful Day Lily. Received Award of Merit Royal Horticultural Society of Great Britain. Its graceful, arching foliage and tall, stout flower scapes lend enchantment wherever desirable. Buds open well in water and emit a most delightful fragrance. Perfectly hardy. Grows in dry, wet, sunny, or shady places. Blooms in July and early August.

J. A. Crawford Three \$1.50, Doz. \$4.50, 100 \$30.00 Rich apricot-yellow shaded light cadmium. Many flowers on 4-foot stems; at their best about late June, flowering until end of July. A lovely plant which looks well in light shade.

wanso $Three \$1.10,\ Doz.\ \$3.30,\ 100\ \$20.00$ Large, double, showy rich golden bronze flowers in July and August. The only double Lemon Lily to date. Kwanso

Doronicum

Hemerocallis

emona Three \$1.75, Doz. \$5.00, 100 \$35.00 Delicate and pale lemon-yellow flowers on $4\frac{1}{2}$ -foot stems. Blooms are at their best July 1st. One of the finest large blooms, much like a large Japanese Iris in form. Lemona

rs. W. H. Wyman

Three \$1.75, Doz. \$5.00, 100 \$35.00
Lovely light pale lemon-yellow flowers on 4-foot stems. In full bloom
August 1st. Very free flowering and lasts a long time. One of the latest Mrs. W. H. Wyman

Three \$1.50, Doz. \$4.50, 100 \$30.00 The Gem Rich, deep orange-yellow flowers on 31/2- to 4-foot stems. In full bloom June 20th. Very finely formed bloom, equal to the best Lilies; truly a

Thunbergi (Lemon Lily) Three \$0.95, Doz. \$3.00, 100 \$18.00 Much like Flava, but flowers in July, a month later. Spikes 2 to 3 feet tall, and pale yellow blossoms.

DICENTRA - Bleeding Heart

Old-fashioned perennials; also known under the name of Dielytra. The species named below have fleshy, brittle stems and finely cut, fernlike foliage.

Culture. Spectabilis should be grown in a partially shady border. Eximia will do well in a similar position, or in the woodland garden, or in a shady nook of the rockery. Plant in fall or very early spring, 8 to 12 inches

*Eximia Three \$1.10, Doz. \$3.30, 100 \$20.00 (Plumy Bleeding Heart.) A dwarf-growing sort, with beautiful, finely cut folioge and showy racemes of pretty pink flowers throughout the season. Too much cannot be said for this fine border plant as it is equally at home in full shade or sun and perfectly hardy anywhere.

Pectabilis

Three \$1.40, Doz. \$4.00, 100 \$25.00
(Bleeding Heart or Seal Flower.) An old-fashioned favorite; its long racemes of graceful heart-shaped pink flowers are always attractive; it is used also for forcing in the house, and is perfectly at home in any part of the hardy border, and especially valuable for planting in clumps. Spectabilis

DORONICUM - Leopardbane

Very showy yellow-flowered perennial. Their yellow, daisy-like flowers are invaluable for cutting. As they flower chiefly in spring, they are indispensable in the border of that period of the year. They have bright green, heart-shaped leaves which disappear during July and August when the plant is dormant.

Culture. Thrive well in heavy soils and succeed in sunny or partially shaded borders. Best grown in groups of six or more. Plant in autumn or early spring, 6 to 8 inches apart. Lift, divide and replant every third year; remove the flower heads directly after they fade, then a second crop of flowers will follow. Water freely in dry weather. Lovely with pale lavender Tulips.

Three \$1.40, Doz. \$4.00, 100 \$25.00 Lorge, bright yellow flowers on 2-foot stems; one of the most effective early spring-flowering perennials. Effective in a hardy border in combination with Tulips. It is a splendid flower for cutting, as it carries well and stands a long time in water. Caucasicum

Clusi Iusi Three \$1.50, Doz. \$4.50, 100 \$30.00 Grows about 12 to 15 inches tall with large yellow daisy-like flowers. Might be called a dwarf Caucasicum.

Pardalianche (Bunch of Gold) Three \$1.50, Doz. \$4.50, 100 \$30.00
Of upright growth, 2½ to 3 feet. Stems much bronched, covered with small yellow doisy-like flowers. Excellent for cutting and planting with Darwin Tulips. Does well in moist soil or light shade.

Che Pick of the World's Roses for Your Garden

Why not plant a prize-winning, world-famous Rose in that little space by your door? No other flower fits just such a space so effectively. The Rose is universally loved. It is known to more people of all ages and nations than any other flower.

Roses have probably caused more men to become interested in gardens than have all other flowers combined. Try it on the men-folk of your household. He may have no particular interest in gardens but will frequently develop a deep enthusiasm for planting and cultivating Roses. It creates a new interest in his home and pays bountiful dividends in added domestic bliss.

Prize-Winning Wayside Gardens Roses

To make it easy for you to get the most from your Rose budget, the Wayside list is made up of but 200 of the finest types and varieties, the most popular older Roses along with the most exciting of the new ones—all of them selected for hardiness, abundant bloom and easy growing.

Among Tea and Hybrid Tea Roses, for instance, you have a remarkably wide selection from prize-winning new strains of Europe and America. There are many new Setigera Hybrids and other varieties originated by Mr. M. H. Horvath, which are internationally famous, and distributed exclusively by us. The Climbing Horvaths are today the largest-flowered in existence; and all are remarkably free from conventional Rose ailments. In the list also are the best varieties of Hybrid Perpetuals and Polyanthas, besides Hugonis, Rugosa, Floribunda, Miniature Roses and other Wayside special items which now grace thousands of the finest gardens in America.

Create Lovely New Garden Effects With Roses

Polyantha or Baby Rose varieties planted in solid beds give you a magnificent display all summer long. People in Europe have long known this for they've jeweled the continent with millions of them. You get lovely effects with Bedding and Cluster Roses by planting them in small groups in front of shrubbery in combination with perennials and annuals. Tree Roses add a striking third dimension in your Rose beds and take up practically no ground space. No dooryard or garden is complete without Climbing or Rambler Roses on a sunny wall, fence or after

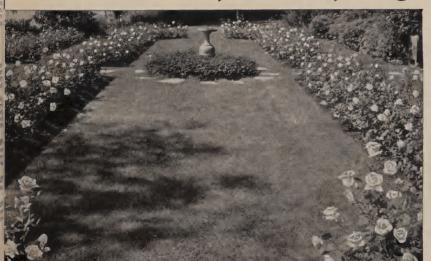

There are few lovelier sights than the "Golden Rose of China" (Rosa Hugonis) blooming with a clump of lavender or purple Tulips in front of it. Pink Rose "Sterling" which won the Hubbard Gold Medal as the finest Rose of the past five years should have a place in every Rose garden. And for your rock garden, don't miss the miniature beauty of the Rosa Rouletti.

Wayside Roses Are Guaranteed Strong Rooted 2-Year Field Grown Plants, Selected Northern Ohio Grown Stock

If you've had costly and disappointing experiences with "bargain" Roses such as you can always buy at cutprice stores and from other sources of no horticultural standing, you understand readily why so many thousands of gardeners save money by purchasing most of their Roses and other hardy plants from Wayside Gardens.

For every plant is pedigreed, grown directly only from pure strain parent plants especially selected for their hardiness and their proved abundant flowering quality. They're fully acclimatized and supplied with strong, vigorous roots that assure you not only fine bloom the first year but many seasons of enjoyment.

Roses from Wayside Gardens

WHERE GROWN AND WHY!

We offer "Northern Ohio grown" Tea Roses only because some of the finest quality Roses produced in America are grown along the shores of Lake Erie. This is a nationally recognized fact. The plants command the highest prices in the wholesale market.

HOW OLD AND WHAT GRADE!

All Roses offered are 2-year-old, selected No. 1 XX grade. This is the finest quality available. All plants have been "frost ripened" and are in perfect condition.

PRUNED, READY FOR PLANTING!

All Rose plants will be sent to you cut back to about 6 inches, depending on variety, ready for planting. In other words, we will prune them correctly, removing all unnecessary wood, unless we are instructed to the contrary.

Eclipse

Federico Casas

Hybrid Cea Roses

Here we list only the very choicest and most popular varieties of Tea Roses, with the majority of which every lover of the Rose is familiar. Duplicates have been discontinued. All are good growers and free flowering and will provide you with an ample supply of blooms

throughout the summer. There is not one individual sort which we cannot endorse as possessing superior merit. All are two-year-old, XX No. 1 grade. The finest Northern Ohio grown stock available.

*Alice Haraing (Plant Patent No. 202.) An ideal garden Rose because of its handsome plant and abundance of flowers. Color is a rich sunflower-yellow, uniform and without shading, on which the sun hos but little effect. A exhilarating perfume adds to its beauty. Gold Medal, A. R. S., 1936.

Amelia Earhart Each \$1.25, Doz. \$12.50 (Plant Patent No. 63.) Truly a lovely gaden Rose, producing a wealth of immense, extremely fragrant yellow blooms. Very full flower, graduating from a deep yellow center with outer petals of cream with blush overtone. A free bloomer and strong grower with large, rich dark green leaves. Amelia Earhort will prove the delight of garden lovers everywhere.

Ami Quinard Each~\$0.75, Doz.~\$7.50 Blackish crimson buds; semi-double flowers of maroon-red. Tall, vigorous grower. 15 petals.

Angels Mateu (Plant Potent No. 174.) Orange-rose. The involuntary expression of one visitor, "This is a heavenly Rose!" is true indeed, for it is a rovishingly beautiful flower. Reports coming to us from trials of this Rose are increasingly enthusiastic. Its color is exceptionally attractive; it reminds one of deep coral, or deep old rose flushed with orange. The fragrance is like ripe blackberries. Growth is erect. Foliage is dark green and leathery.

 $\frac{Each\ \$0.75,\ Doz.\ \$7.50}{\text{Burnt orange, streaked and marked with red. Bud of medium size, developing into a cupped, double, fragrant flower.}$

Better Times (Plant Potent No. 23.) Beautiful long crimson buds opening-into large, double, brilliant cerise-red flowers with a delicate fragrance. Has exceptionally long stems. Blooms most profusely.

Betty Uprichard Each \$0.75, Doz. \$7.50
One of those delightfully contrastive types; the outside a blend of deep toned carmine with coppery orange; the interior being mostly a delicate salmon-pink.

Break o' Day

(Potent pending.) Sub-zero Hybrid Tea. A robust plant with large, double flowers—orange-apricot, shaded with lighter flesh tints; very fragrant. It is exceptional for its strong growth, its fragrance, and for its huge clusters of flowers. A bedding Rose of high merit.

Briarcliff $Each \ \$0.75,\ Doz.\ \7.50 Large, pointed buds and double high-centered blooms of brilliant rosepink; fragrant and long lasting.

Charles P. Kilham

A brilliant, distinct and striking novelty which will appeal to and please every Rose lover. The buds are long pointed, of perfect shape, opening to high centered, perfectly formed, full double flowers of a rich and brilliant Oriental red, flushed with orange and glowing scarlet. A vigorous grower; very free flowering and sweetly tea-scented.

Charles K. Douglas
Of vigorous, upright growth and liberal, fragrant bloom which is of delightful form. Color a flaming scarlet flushed with velvety crimson.

Charlotte Armstrong Each \$1.50, Doz. \$15.00 (Patent Rights Reserved.) A rosarian's dream of surpassing beauty has come true in this Rose. Your most exacting customer will be enthusiastic about the long, slender, blood-red buds and the magnificent, brilliantly colored open flowers, spectrum-red in cool weather, cerise in hot weather. The long-stemmed blooms are produced in prodigious quantities throughout the season.

Christopher Stone
Large semi-double vivid scarlet flowers overlaid with velvety crimson. Has a delicious old rose scent. Of vigorous, upright growth with bright green foliage.

Claudius Pernet

A most vigorous grower of erect branching habit, beautiful brilliant green foliage, long pointed buds of exquisite shape, carried on long, stiff stems. Very large, full flowers with elongated deep petals; a beautifully formed bloom. Color most striking sunflower-yellow.

Columbia Each \$0.75, Doz. \$7.50
This beautiful rose is of strong, vigorous habit and exceptionally free blooming. Color a most pleasing shade of rose-pink and delightfully tracered.

Condesa de Sastago Each \$0.75, Doz. \$7.50
A splendid double Rose with the vivid colors of the sparkling species
Austrian Copper. The buds are golden yellow, beautifully striped with
brilliant capucine red. The open, spicy scented blooms are of similar
color. Strong grower and a perfect beauty.

Countess Vandal Each \$1.00, Doz. \$10.00 (U. S. Plant Patent No. 38.) Long pointed, orange-copper buds. The flowers are large, double, high centered, and have a rich fragrance. Their color is brilliant pink lightened with salmon. The blooms are borne on long stems.

Crimson Glory
(U. S. Plant Patent No. 150.) The plants branch freely, producing a well-spread yet compact bush of good symmetry. Following the large, urn-shaped buds are the well-formed flowers of an intense deep vivid crimson shaded oxblood-red and mellowed by a soft velvet nap. (Color illustration, page 71.)

Dame Edith Helen
Shapely buds and substantial, high-centered blooms of clear pinks, sweetly scented and freely produced on long, strong stems. Vigorous. Most remarkable for the number and beautiful arrangement of its petals.

Dickson's Red

(Plant Patent Applied For.) A glowing scarlet-red Rose from Ireland. The ripe warmth of its color is constant, its abundant bloom unflagging all through the summer. Happily, also, it is rich in the fragrance you instinctively expect in a red Rose. If the sun has been cruel to your reds, here is a "must have" for your list—it defies the hottest sun's rays and retains its color undimmed. So rugged, so completely satisfying is this Rose that we predict it will be a garden mainstoy, a Rose for the years, and as the blooms are produced singly on long, strong stems it will be your favorite red Rose for cutting.

McGredy's Scarlet

Gloaming

Feu Pernet-Ducher

Duchess of Wellington Each \$0.75, Doz. \$7.50 Intense saffron-yellow, stained with deep crimson, changing to a deep coppery saffron-yellow as the flowers are fairly full, with large petals, great substance, delightfully tragrant.

Duquesa de Penaranda Each \$1.00, Doz. \$10.00 This glorious Rose produces two distinct types of flowers. During the summer the pointed buds are a blend of apricot-orange and dark pink, opening to splendid blooms of coppery apricot. In the autumn great brownish buds open slowly to finely formed flowers of a luscious cinnamon-peach color, truly enchanting to visitors to our gardens who delight in the new art shades. It is sweetly perfumed and one of the loveliest Roses for cutting.

E. G. Hill Each \$0.75, Doz. \$7.50 Beautiful long bud of perfect form and full double, high-centered flower of dazzling scarlet, shading to a deeper red as it develops. Strong, vigorous free-flowering hobit.

del Each \$0.75, Doz. \$7.50
An enormous bold, stately, well built flower of great quality and finish. Color white with faintest ivory shading towards the base, passing to a pure white. A fine grower with uniform, stout habit. (Color illustration, page 59.)

Each \$1.00, Doz. \$10.00 (Plant Patent No. 172.) Golden yellow. An entirely new type, with "stream-lined" buds which often exceed 2 inches in length, ornamented with narrow, branching sepals which contrast harmoniously with the gold of the petals. You can depend on "Eclipse" for almost continuous bloom on strong, unright plants with healthy, dark green foliage. The flowers are produced on long erect stems, suitable for cutting.

Edith Nellie Perkins Each \$0.75, Doz. \$7.50 A Rose of outstanding merit, vigorous growth and free flowering. Long, pointed bud; flower of good size, long lasting and fragrant, double; outside of petals Orient-red shaded cerise-orange; inside salmon-pink. (Color illustration, page 71.)

Eternal Youth Each \$1.25, Doz. \$12.50 ternal Youth Each \$1.25, Doz. \$12.50 (Plant Patent Applied For.) Its graceful pointed buds are a clear warm pink, retaining their color in all stages. There is a livening touch of yellow at the base of each petal which suffuses softly throughout, eliminating the less attractive tones so common in pink Roses. The foliage is disease-resistant. It has an interesting fragrance reminiscent of the sweetness of the old-fashioned Roses. Instantly appreciated by all who see it. Prolific bloomer.

Etoile de Hollande Each \$0.75, Doz. \$7.50 Brilliant red blooms of magnificent size, perfect in half-open state, showing clean, attractive centers when fully open; petals enormous; very fragrant. Free flowering.

Each \$1.00, Doz. \$10.00 atence Each \$1.00, Doz. \$10.00
Two-tone soft peach and cadmium-yellow. Faience is the name of a famous pottery, noted for its iridescent colors. Exquisite form, from the long, tapering bud to full-petaled, opening bloom. Buds are cadmium-yellow at the base which gradually shades to shrimp-pink at the edges of the petals. As the blooms unfold, the inside of the outer petals is an artistic China-pink, which deepens toward the center of the flower to shining coppery rose. The reverse of the petals is cadmium-yellow lightly veined with pink. (Color illustration, page 59.)

Each \$0.75, Doz. \$7.50 Federico Casas Cappery pink and orange. Continuity of bloom on erect, firm stems makes this an outstanding Rose. It comes from sunny Spain and is one of the choicest Roses we have received from the hands of the Rose wizard, Pedro Dot, You will find it good for both garden decoration and for cut flowers for it keeps well when cut. This hardy Rose will provide you with quantities of bloom every year for years to come.

Feu Pernet-Ducher Each \$1.00, Doz. \$10.00 (U. S. Plant Patent No. 103.) An exceptional rose with creamy orange buds heavily marked with carmine, slowly opening into very deep yellow blooms with lighter edges which are flushed with pink. A most lovely Rose with a rich fruity fragrance. Of tall, bushy growth and exceptionally free flowering.

Gloaming

(Plant Patent No. 137.) A cut-flower variety which has proved a "winner" wherever grown. Its large buds, carried on long, rigid stems, are amply clothed with handsome foliage. Bloom is of unusual coloring, fawn-orange in the bud, and the large full blooms are of a peculiar pink overlaid with salmon. The plant is vigorous and branching, fairly tall-

ilowing Carmine

Each \$0.75, Doz. \$7.50

The name appropriately describes this beautiful new Rose. It is a strong grower with well-shaped buds representing a splendid color that lasts exceptionally well. One of the outstanding Roses in our trial grounds. Glowing Carmine

The ideal yellow garden Rose. The ovoid, lemon-yellow bud, heavily splashed with crimson, develops into a well formed, sweetly scented, large, double sunflower-yellow flower that reminds of the old favorite buden Main Golden Dawn

This Rose has great vigor and strong, dark foliage immune to diseases. A decorative Rose continuously in bloom. Its clusters of large, full, pure clean yellow blooms look like burnished brass, or dandelions in the morning dew. The most brilliant yellow among Roses. Fades but little in the hot summer sun. Golden Main

Golden State Each \$1.00, Doz. \$10.00 iolden State

Each \$1.00, Doz. \$10.00, Doz. \$10.00 (Plant Patent Applied For.) Superior to most other yellow Roses in vigor, erectness of growth, and abundance of bloom. An excellent, continuous blooming garden Rose with a rich clove scent. Its long buds open to glowing hearts of yellow-orange. The flowers are borne singly, sometimes in small clusters on fine, erect stems. Each flower has from 40 to 50 petals which, when they unfold, change to a deep unfading buff veined with salmon. Awarded in 1937 the Gold Medal, Bagatelle, Paris, and chosen the official Rose for the Golden Gate International Exposition, 1939. Has disease-resistant foliage and is fine for cutting.

Each \$0.75, Doz. \$7.50 Grenoble Glowing scarlet-crimson. The plant is very vigorous and the blooms come on unusually long stems, making if one of the best garden Roses for cutting. The buds are crimson but the open flower is brilliant red, almost scarlet, and a bed of Grenoble stands out like a fire. It is fully double and of large size. Easily one of the best reds.

Gruss an Teplitz Each \$0.75, Doz. \$7.50 This is a Rose for everybody, succeeding under the most ordinary condi-tions. In color it is of the richest scarlet, shading to a velvety crimson; very fragrant, a free, strong grower and in bloom all the time.

lector Deane

(Plant Patent Applied For.) A radiant newcomer from Ireland which accommodates itself happily and vigorously to our conditions. So fragrant is this Rose that a single plant scents the whole garden with true old rose scent. The bud is crimson with a suggestion of orange in the depths, the orange diffusing as it opens, leaving at the heart only a clear circle of yellow. Bloom is informal in its opening, the petals reflexing in irregular and unusual manner. Almost rampont in its growth, this McGredy hybrid is exceedingly liberal and constantly in bloom. Hector Deane

Heinrich Wendland Each \$0.75, Doz. \$7.50 Reddish copper. Large, very double flowers of reddish copper with an orange flush over all; backs of the petals are rich orange. This brilliant attractive color blends well with the red and yellow Roses. It has a rich, syrupy fragrance. Blooms come singly on strong, upright plants with shiny, leathery toliage. (Color illustration, page 59.)

Heinrich Gaede

Long pointed shapely bud of nasturtium-red color, large, double, high centered flowers of ideal shape, of a color unusual and unlike any Rose in commerce—a rich luminous vermilion shaded golden yellow such as is found in high-colored modern Zinnias. Rich, fruity fragrance. A free and continuous bloomer. (Color illustration, page 59.)

Each \$1.25, Doz. \$12.50 can Cote Each \$1.25, Doz. \$12.50 (Plant Patent Applied For.) An opulent and fragrant Rose, large and full to the center, but of gracefully imbricated form. Clear orange-apricot, assuming toward the end an overcast of light carmine. A medium-growing plant producing steadily throughout the season. Flowers come singly and continuously on good stems. The plant is of medium height and branching; a group planting literally blankets the ground. Large glossy foliage. A novelty of high standing.

Joanna Hill Each \$0.75, Doz. \$7.50 Invaluable for the garden. The buds are large, long pointed and open to large, full, semi-double, attractive, long lasting, moderately fragrant flowers of a clear yellow with orange-yellow heart. They are borne singly on long strong stems; growth vigorous, upright, a profuse bloomer.

Each \$0.75, Doz. \$7.50 Kaiserin Augusta Victoria Soft pearly white, tinted with just enough lemon in the center to relieve the white; remarkably fragrant, beautifully formed flowers on long, graceful stems; a strong, free, healthy grower.

Mme. Cochet-Cochet

Killarney Queen

Another Killarney, closer to the original in color but fuller, and stronger in growth. Very free flowering. It is practically immune to mildew, with large flowers and thick petals.

Killarney White Each \$0.75, Doz. \$7.50 A duplicate of the charming pink Killarney; flowers white as snow.

Lady Alice Stanley

A gem that everyone admires; it is absolutely perfect in every way; form, color, size, freedom of bloom and fragrance are fully developed; in color it is a beautiful shade of coral-rose, the inside of the petals shading to flesh-pink with deeper flushes.

Lily Pone

Lily Pons (Propagation Rights Reserved.) Long-pointed buds open to large, very double, fragrant flowers; the center is deep yellow shading out to palest yellow and white. This Rose is vigorous, has profuse flowers which at times reach exhibition size and shape. It is a bedding Rose well worth acquiring, and, like other Brownell Roses, it will improve with age.

 $\begin{tabular}{lll} Los Angeles & Each 0.75, $Doz. $7.50 \\ Very vigorous, and produces a continuous succession of long-stemmed flowers of a luminous flame-pink, toned with coral and shaded with translucent gold at the base of the petals. \\ \end{tabular}$

Duquesa de Penaranda

Madame Butterfly

A symphony of white, bright pink, apricot and gold. Compared with Ophelia, this derivation is fuller-petaled, more prolific and of greater color appeal. The buds are a rich Indian red, yellow at base.

Margaret McGredy

Lorge, ovoid buds and double, cupped flowers of solid orange-vermilion,
Very prolific. This extraordinary Rose has been widely discussed and
tested in this country and found good. (Color illustration, page 59.)

Matador

(Plant Patent No. 170.) In the European shows it was hailed as a great red Rose, and our tests have confirmed the opinion. Large, full, well-formed scarlet-crimson blooms with darker silky sheen on the reverse; very fragrant. Vigorous healthy plant.

McGredy's Ivory
Lovely large flowers of beautiful double form and moderately fragrant. The color is soft delicate creamy white merging into yellow at the base. Vigorous, disease resistant, and a prolific bloomer.

McGredy's Pink

(Plant Patent Applied For.) The color is a beautiful bright Rose, and, as the flower opens, the outer petals shade to a pearly cream and pink, with a saffron-yellow base. Its blooms are large, of perfect form, and sweetly scented. They are produced on stiff stems, free and continuously from early summer to late autumn. The long stems are covered with dark green foliage and few thorns. It is a Rose of considerable merit on account of the model blooms produced in the greatest profusion.

Caledonia

McGredy's Scarlet Each \$0.75, Doz. \$7.50 The fragrant, full double flowers are of a good size. They are brilliant scarlet, orange-yellow at base of petals, the upper portions being lightly touched with crimson, varying some in color under changing weather conditions but always beautiful.

McGredy's Sunset

(Plant Patent Applied For.) As glorious as a summer sunset. The petals are a clear buttercup-yellow, tipped orange on the outside, and chrome-yellow, flushed with scarlet on the inside. As the bloom expands the color is intensified and it is at its best when fully opened. Flowers are of medium size, full and shapely, and for a while the petals remain symmetrically curled like a Camellia. They are freely borne on a magnificent bush with dark green foliage. When cut, its fragrance soon diffuses throughout the room and leaves an unmistakable impression of its freshness. Very sun-resistant. Excellent in hot weather. An outstanding Rose and one much commented on. Certain to please garden lovers everywhere.

McGredy's Triumph (Plant Patent No. 190.) The color-tone is even throughout, reminding one of a brilliant strawberry, blushed scarlet and orange. The flowers are very large, full, and of perfect shape. In addition to the brilliant and unusual coloring of the flowers, the extraordinary freedom, vigor, and habit of growth is something far from the every-day Rose.

Mevrouw G. A. Van Rossem

A most striking blending of dark vivid orange and apricot on a golden yellow background, frequently with touches of bronze on the reverse of the petals. The sweet-scented flowers are very large, of perfect form both in bud as well as in the fully developed flower.

Miss Rowena Thom

Each \$0.75, Doz. \$7.50

Enormous buds and blooms of fiery rose and mauve, shaded with old gold at the center, borne on long, strong stems. A profuse, continuous bloomer and a very vigorous plant.

Mme. Cochet-Cochet

Long-pointed buds of coppery pink, flushed orange, open to four-and-one-half-inch flowers of splendid form of the same color as the bud, except that the orange softens to gold. When open they disclose a mass of golden stamens. As the flower ages the color changes to a soft satiny pink, with an attractive tinge, but does not lose any of its loveliness and is usually clear and fresh at all times.

Mme. Henri Guillot Each \$1.50, Doz. \$15.00 (Patent No. 337.) Deep pink. The beauty of this Rose is very exciting. It is lovely in both form and color, the large, artistic, urn-shaped buds open to Camellia-like, 20-petaled blooms about 5 inches across, watermelon to raspberry-pink in color. Gold Medal, Bagatelle.

Mme. Jean Gaujard

(Plant Patent Applied For.) The long-pointed bud and high-centered flowers are borne profusely on long stems. When fully opened the blooms are an orange-buff, rich in tone and character. Its half-open buds show the inside of the petals a warm orange and reverse of the petals a carmine-pink with a suffusion of gold at the base. The contrast is rich and alluring. It is disease-resistant, and a most desirable Rose for garden and cutting.

Mme. Jules Bouche

While not a pure white, it is to all intents white and without question the best white everblooming bedding Rose yet introduced. The flowers are large, quite double and of splendid form. It is fragrant, a vigorous grower and very free flowering.

Glowing Carmine

Mme. Joseph Perraud

**Fach 75c, Doz. \$7.50

Winner of the Bagatelle Gold Medal 1934, and awarded the honor at Lyons, France, of being "the most beautiful Rose in France for the year 1934." The long, slender and pointed nasturtium-orange buds open to sweetly fragrant flowers of a charming nasturtium-buff straying to a lovely shade of shell-pink at the petal edges—the nearest approach to a pure buff, lightened with pink at the petal margins.

Mrs. Charles Bell
Lovely shell-pink buds and blooms of fine, globular form, with shadings of soft salmon; sweetly perfumed.

Mrs. Erskine Pembroke Thom
Slender yellow buds and large, well shaped blooms of bright canary-yellow, deepest in center. Blooms very freely. (Color illustration, page 71.)

Mrs. Francis King
(Plant Patent No. 153.) A hybrid of Nutkana and related to Leonard
Barron, first of that breed, Very large, full Rose, first tinted cream and
ivory, eventually turning to white. Something different from the usual

Mrs. Henry Morse

A bright flower of two contrasting tones of pink, with an underlying yellow glow; double, high centered; large, moderately fragrant.

Mrs. M. H. Horvath
Habit of growth and color of flower is very much the same as that of Joanna Hill. The flowers are somewhat fuller but better lasting. Clear yellow with orange-yellow heart. Very profuse bloomer. (Color illustration, page 59.)

Grenoble

Mrs. Oliver Ames

(Patent Applied For.) One of the most fragrant of all modern Roses with the sweetness of the old-fashioned Marechal Niel. Of strong upright growth, producing nicely formed flowers of a mellow chrome-yellow color with the tips of the petals somewhat lighter. Beautiful dark green folioge, disease-resistant, and always of good form beginning with the buds and until the petals fall.

Mrs. Pierre S. du Pont

Each \$0.75, Doz. \$7.50

Medium sized long-pointed bud of a reddish gold opening to a semi-double, cupped, very lasting fragrant flower of a deep golden yellow. The plant is of strong, vigorous, compact growth. A profuse and continuous bloomer. (Color illustration, page 59.)

Mrs. Sam McGredy
Scarlet coppery orange heavily flushed with Lincoln-red on the outside
of the petals, and these colors together give a rich and almost dozzling
effect. The flowers are of large size and beautiful form. They are very
freely produced and delicately perfumed. The plant has a vigorous and
exceptionally free habit. (Color illustration, page 59.)

Ophelia Each \$0.75, Doz. \$7.50
A Rose that is admired by everyone; its flowers are held erect on long stiff stems, are of perfect form, good size and of a most pleasing, delicate tint of salmon-flesh, shaded with rose; very floriferous.

Sterling

McGredy's Ivory

Souv. de Mme. C. Chambard

Signora

Orange Nassau (Plant Patent No. 350.) An exceptionally fine new color but not as tall a grower as we should like to see it. It is the most spectacular Rose of the decade. The color is bright orange on the inside of the petals whereas the outside is an intense cadmium-yellow that contrasts well with the orange. Well-shaped buds opening into flowers not unlike a Cactus Dahlia in shape. An excellent variety for bardering beds.

Pink Dawn

Each \$0.75, Doz. \$7.50

A beautiful new Hybrid Tea Rose with glorious deep rose buds opening to lovely pink blooms tinted with orange at the base of the petals. Sweetly fragrant, fully double, and of vigorous, upright habit.

Poinsettia Each \$1.00, Doz. \$10.00

The name of this beautiful Rose was suggested by Dr. J. Horace McFarland because this Rose reminded him so of the brilliant hue of the Poinsettia. Semi-double flowers are produced profusely during the whole seeson on vigorous plants of fairly tall growth.

President Herbert Hoover Each \$0.75, Doz. \$7.50 Large flowers of a very charming combination of cerise-pink, flame, scarlet, and yellow, with broad, thick petals; very fragrant. The clean, handsome foliage is an added attraction. The brilliancy of the color is somewhat dimmed by hot weather, but the cool autumn nights develop tones and tints of almost unbelievable richness.

President Plumecocq

Coppery yellow, ovoid buds open to large, cupped blooms of coppery buff with an overglow of deep salmon. An upright grower, producing quantities of long-lasting fragrant flowers with 30 petals or more, throughout the entire season. A lovely Rose for cutting, as the blooms come singly on strong, erect stems and last a long time indoors.

Radiance Each \$0.75, Doz. \$7.50
An ideal bedding Rose that continues to produce its large flowers throughout the most unfavorable hat weather when frequently many other varieties fail. A brilliant carmine-pink, with salmon-pink and yellow shadings at base of the petals.

Red Radiance

A counterpart of Radiance from which it is a "sport", possessing all the good traits of that valuable variety but differing in color, which is a bright cerise-red.

Rev. F. Page-Roberts

Copper-red buds of great length, opening to golden yellow blooms stained outside with red, fully double and very large; fragrant.

Rex Anderson

(Plant Potent Applied For.) This variety can be described as white with an overcast of ivory, slightly deeper in the center. The large blooms are carried, several together, on strong stems and may be grown to enormous size by disbudding. It has a pleasant perfume. The habit of growth is exceptionally free and vigorous, and the abundant gray-green foliage sets off the flowers to perfection.

R. M. S. Queen Mary
(Plant Patent No. 249.) Salmon-pink. A Rose of charming color and form that blooms almost continuously and produces its long lasting flowers on strong, erect stems. The long buds open to lovely blooms of salmon-pink, suffused with orange. A sensation at 1937 spring flower shows.

Rome Glory

(Plant Patent No. 304.) Extraordinarily robust and hardy plant. Was selected as the official Rose to glorify the third millennium of the founding of Rome, the Eternal City. A red Dame Edith Helen but of larger size and opening well in all weathers. Heavy, avoid, crimson bud, evolving into a large, very double bloom of superb form. The color graduates to a lighter tint toward the center. Very perfumed. Long stems for cutting. Open blooms have been likened to perfect greenhouse American Beauties. The flowers are long lasting on the plant or when cut, and are not affected by dry or wet weather.

Rouge Mallerin

Scatlet. Pointed buds of brilliant red open to $3\frac{1}{2}$ -inch blooms of glowing scarlet, the deep pile on the petals making them look for all the world like pieces of rich scarlet velvet. Rich old damask perfume.

Soeur Therese (Sister Therese)
Long-pointed buds are chrome-yellow, heavily marked with carmine; the open flower is rich daffodil-yellow and holds its color well. Sweet-brier fragrance chromatolic color well should be supported to the state of the stat

Souv. de Mme. C. Chambard Each \$1.00, Doz. \$10.00

The buds are large, long-pointed, coral in color, and unfold to a coralpink developing a sotiny peach sheen which is about the loveliest finish
we have ever seen on a Rose petal. Its fragrance is delicious. The plant
is free in bloom. Its long stems and perfect form make it a splendid
cut flower.

Sir Henry Seagrave Each \$0.75, Doz. \$7.50 Large, long, well-shaped buds and very large, high-centered, sweetscented, double flowers of a beautiful deep lemon-yellow with deeper shadings at the base of the petals.

Signora (Plant Patent No. 201.) This Rose from the land of sunshine and Chianti wine is a real masterpiece in both plant and bloom. Long bud of a warm burnt sienna, opening to a lighter hue toward mandarin. The plant is tall-growing with every bloom on a long stem. Foliage is handsome. Indispensable to those who grow Roses mainly for cutting.

Sterling

(U. S. Plant Patent No. 21.) A magnificent flaming pink flower of superb form in bud as well as open. The base of the bloom is yellow, giving it a richness as well as clarity of color seldom observed. It has excellent foliage, grows strongly and blooms very freely in summer as well as in autumn. A sterling novelty. Winner of the Hubbard medal. (Color illustration, page 71.)

Talisman Each \$0.75, Doz. \$7.50
Brilliant red and gold buds, opening to well shaped blooms of scarletorange and rich yellow. Constantly in bloom; the most vivid color yet
produced in Roses.

The Chief
(Patent Rights Reserved.) Strong growing plants producing very long urn-shaped buds in shades varying with the weather from carmine through peach to blood-red.

Texas Centennial Each \$0.75, Doz. \$7.50 (Potent Applied For.) A sport of President Herbert Hoover, having the same wonderful qualities. The color is blood-red, toning to cerise-red in the center. Very unusual.

 $\begin{tabular}{lll} Ville de Paris & Each \$0.75, Doz. \$7.50 \\ Round buds of clear yellow and big, globular flowers of the same hue, untouched by any other color. This is one of the really distinct breaks in the new yellow Roses. \\ \end{tabular}$

Warrawee

(Plant Patent No. 140.) Shell-pink. Long-pointed, salmon-pink buds open to 4-inch or larger flowers of exquisite shell-pink with a slightly darker reverse. The bloom, when fully open, looks like a glorified Mme. Butterfly. It has the delightful spicy fragrance of the old clove pinks. The plant has all the health, vigor and freedom of bloom of Radiance. The blooms come singly on erect, firm stems, with few thorns, which makes this one of the few shell-pink Roses for cutting.

White Briarcliff (Plant Patent No. 108.) A supreme white Rose, with the finest form since Bride's Roses have been grown. Vigorous, bushy plant of unusual arcticness. Tremendous producer and ideal for cutting. Keeps a long while in water. It cannot be recommended too highly.

HARDY HYBRID PERPETUAL ROSES

The varieties listed below are unquestionably the best that can be selected in the Hybrid Perpetual class, which, before the development of the Hybrid Teas, was the most popular type for garden planting, and even now they dare not be overlooked, but should be used extensively in conjunction with the other sorts, and especially so in localities where the hardiness of the Hybrid Tea varieties has not been established.

Frau Karl Druschki
This is the ideal hardy white Rose; pure in color, perfect in form, strong grower and remarkably free flowering; superb in every way.

George Arends or Pink Frau Karl Druschki Each \$0.75, Doz. \$7.50
This is a pink form of the popular white Frau Karl Druschki, possessing not only the exquisite form, large size, and remarkable free-flowering habits of its parent, but in addition to this, it is also highly perfumed.

Gloire de Chedane Guinoisseau $Each \ \$0.75, Doz. \ \7.50 Excellent globular blooms of a vivid vermilion-red color like blazing embers.

Mme. Albert Barbier Fach \$0.75, Doz. \$7.50 Full, cupped flower of soft fawn-yellow, paling to white, with pinkish shades in the center, blooming throughout the season. A remarkable color for a Hybrid Perpetual, a class in which yellow tints are rare. This Rose has showed up unusually well in color, shape of flower and its habit of constant blooming.

Mrs. John Laing

Soft pink, of beautiful form; exceedingly fragrant and remarkably free flowering; always does well and stands very close to the top among Roses.

Fach \$0.75, Doz. \$7.50

Each \$0.75, Doz. \$7.50

Paul Neyron
Dark pink of enormous size; perhaps the largest of all.

Ulrich Brunner
Brilliant scarlet-crimson; an old favorite and one of the best known Roses in cultivation; does well everywhere.

PERPETUAL-FLOWERING BEDDING ROSES

These Roses deserve to be grown far more widely as they flower profusely over an exceptionally long period of time. They are splendid for bedding on account of their compact growth, and they bloom continuously and profusely throughout the spring, summer, and way late into the fall.

Gruss an Aachen

A very distinct Polyantha Bedding Rose with showy blooms of bright pink enhanced by a shading of pure salmon.

Pink Charm (Bright Pink Aachen)

A splendid companion to the preceding variety, as it has the same habit of growth and blooms as freely. The fully double flowers are a lovely shade of deep pink. Gives a particularly fine mass effect in the garden.

Pink Gruss an Aachen Each \$0.75, Doz. \$7.50This fits well into this splendid class, and provides a richer shade of pink than found in Gruss an Aachen.

White Aachen

(Potent Pending.) As a sport of Gruss an Aachen this resembles its parent in every way except that the flowers are pure white when fully opened. The buds show a creamy cast.

Bedding Rose, Gruss an Aachen

Single Hybrid Tea Rose, Dainty Bess

Hybrid Perpetual Rose, Paul Neyron

SINGLE PERPETUAL-FLOWERING HYBRID TEA ROSES

Single Roses have an appeal which enthralls many by their artistic beauty. More and more gardeners include Single Roses for their simple beauty in the garden. Single Roses also lend themselves exceptionally well to cutting and when properly arranged in a suitable container they present a picture, the like of which is not easily obtained with most other flowers. We have selected the most outstanding from every angle.

Cecil

A very free-flowering Single Rose and the only good yellow in existence.
The blooms are a glorious Buttercup-yellow, well displayed by the fine, large, broad petals. Robust growing plants of excellent foliage. When in full bloom are completely covered with flowers.

Dainty Bess Each \$0.75, Doz. \$7.50
An exceedingly charming and daintily colored Single Rose of perfect form. The broad petals are delicate shell-pink which form a beautiful contrast to the conspicuous bunch of crimson stamens. It is always greatly admired for its charm and loveliness, and the blooms last exceptionally long.

K. of K. (Kitchener of Khartoum)

An exceptionally free-flowering variety with brilliant scarlet buds opening to lovely blooms of a glistening scarlet color. Has several rows of petals to a flower. Very effective. Robust growing plants of excellent foliage. When in full bloom are completely covered with flowers.

Large - Flowered Cluster Roses ALSO CALLED FLORIBUNDA ROSES

Floribunda Roses or Cluster Roses are a group of Roses especially produced for mass planting. They are noted for their permanence, continuity of bloom, and ease of culture. Their habit of grouth is bushy, and their chief characteristic is sturdiness. The plants are winter-hardy, therefore permanent, and bloom continuously in numerous clusters. Flowers are fairly large, vary from single to full double,

and include the entire range of colors of Roses. A distinctive feature is the long-lastingness of the flowers in all weathers. They are best planted closely—about 14 inches apart—in large groups and masses, in beds, so they will blanket the ground. Groups of 3 or 5 of a variety placed in front of the shrub border create a superb color display. They are more effective and just as colorful as tender annuals.

LARGE-FLOWERING CLUSTER ROSES (Polyantha)

Growing 18 to 24 inches high.

Under this heading are offered the best of the large-flowered Polyanthas. They are in bloom all summer and fall until stopped by frost. For bedding, that is, planting one variety in a bed, they are hard to beat, and are becoming more popular each season.

Eblouissant

Each \$0.75, Doz. \$7.50
Glowing dark red flowers of medium size, shaded heavily with velvety crimson. Large, compact trusses, borne on dwarf but robust plants which bloom constantly.

Dagmar Spath

(White Latayette.) Pure white flowers produced in showy large trusses all through the summer. It is the best white Polyantha and a true sport of the well known Latayette.

Fluffy Ruffles

Lovely semi-double, silvery pink flowers enhanced with a rich rose color on the reverse.

Improved Lafayette Each \$0.75, Doz. \$7.50 Medium sized, deep glowing red flowers suffused with vivid crimson. Blooms very profusely. (Color illustration, page 60.)

Mrs. R. M. Finch

Double, soft rosy pink blooms fully 2 inches in diameter. Has showy large flower clusters.

Orange Triumph

Magnificent scarlet-orange blooms arranged in enormous clusters which cover the shiny green foliage throughout the whole season.

World's Fair

(Plant Patent Applied For.) It will furnish a continuous display of color from late spring until frosts stop the performance. Ideal, bushy plants just about hide themselves under clusters of large velvety blooms of blackish scarlet, the fragrant petals surrounding a glowing mass of golden stamens. A very large-flowered Floribunda. A solid bed of World's Fair will give the gardener something to boast about all next winter.

Large-Flowering Cluster Rose, Mrs. R. M. Finch

LARGE-FLOWERING CLUSTER ROSES (Polyantha)

Growing 24 to 30 inches high.

Here are offered several new Roses outstanding for their ruggedness of growth and great qualities of bloom. They are so outstanding and different we desire to keep them in a class by themselves and will add to this distinct form others which will, no doubt, come along in time to come.

Anne Poulsen
(Plant Patent No. 182.) Large, semi-single blooms, brilliant scarlet in tone, with a vivid overcast of crimson. Blooms come in sprays and have a pleasing fragrance.

Betty Prior (Plant Patent Applied For.) An outstanding addition to this new class of Roses, distinctive in its appealing color, its extremely healthy foliage and growth, and its positive continuity of bloom. In early spring the single blooms resemble the flowers of a red dogwood. They are produced in clusters which are followed continuously by other clusters throughout the entire season.

Each \$0.85, Doz. \$8.50 (Plant Patent No. 136.) The Floribunda par excellence. From time immemorial the Carillon has been a symbol of public rejoicing, cheer, and happiness. This Rose was named Carillon because it is a singing Rose, a Rose which creates a feeling of joy and good cheer. It is never out of tune, and its enchanting melody pervades the garden! The full harmony of this cheery Rose is best obtained by planting in groups. These make a magic carpet of lustrous coral-flame restring on glossy green foliage. The bloom is semi-double but large and fragrant.

green foliage. The bloom is semi-double but large and tragrant.

Donald Prior (Patent No. 377)

Each \$0.85, Doz. \$8.50

An eight-petaled, rich cherry-red Floribunda Rose with flowers about four inches across. The dark green foliage is a splendid foil to the crimson flushed scarlet flowers and when the full trusses come into bloom the effect is very striking and decidedly pleasing. The Rose is never without flowers, sending out many small shoots which terminate in only one or two flowers but which also liven up the bush with their brightness against the green. These, of course, appear between the large bursts of bloom which come very frequently throughout the season.

A bright red which won't clash in the garden.

Else Poulsen

Flowers medium size, semi-double, lasting, bright rose-pink. Continues blooming from summer to late fall. Produced by erect growing, very thrifty plants. (Calor illustration, page 60.)

Karen Poulsen
(D T. Poulsen, 1933.) The most brilliant bedding Rose of the Poulsens.
Last year was runner-up for the Bagatelle Gold Medal. Bud medium size, globular; flower single, brilliant scarlet; continuous bloomer from June to November.

Permanent Wave (Plant Patent No. 107.) Single blooms of deep rose-pink are 3 inches across and come in bouquets of six or more on a stem. Each broad, firm petal is beautifully waved, thus inspiring the name "Permanent Wave".

Chree Spectacular New Large-Flowering Cluster Roses

These three new Polyantha Roses are our choice for mass planting. Though the flowers are produced in the greatest obundance the individual blooms also are of fine large size and excellent for cutting.

Cheerio
Superb in every respect—a Rose of outstanding merit whether used for mass planting in beds or borders or to give an individual accent here or there in the garden. You will be most pleasantly surprised by the superchibdance of the brilliant double flowers borne in massive mallow-pink shading to the superbush of the property of the superbush of the property of the property

Red Velvet

A spectacular bedding Rose covered with great masses of urn-shaped buds opening to well rounded blooms with gracefully waved petal edges. The general color effect is that of an intensely vivid crimson lake. The velvety finish of the flowers adds to the beauty and richness of the color. The outside of the flower petals is deep carmine, creating a charming color contrast that heightens the effectiveness of the display. Vigorous and free blooming. (Color illustration, Summier

Summist

Graceful, pointed buds opening into large, fluffy, well rounded flowers of a clear light sulphur-yellow shading to mellow canary-yellow toward the base of the petals. Forms imposing large flower clusters. An outstanding bedding Rose that gives a glorious effect particularly if massed in beds or borders. (Color illustration, page 60.)

Small-Flowering Cluster Roses (Polyantha Roses)

SMALL-FLOWERING CLUSTER ROSES

Growing about 12 to 18 inches high.

The Polyantha or Baby Roses are very popular for edging and for bedding purposes. The plants grow into shapely, compact bushes about 12 to 18 inches high and they are covered with a great mass of flowers from early in the season until severe frost destroys their beauty. The blooms, though small, are very effective, as they are arranged in showy trusses that accentuate their rich and beautiful coloring.

Each \$0.75, Doz. \$7.50 Deep crimson. Grows about $11/_2$ feet. Very dark red with blackish shadings.

Each \$0.75, Doz. \$7.50 Cameo A new and distinct color. Shell-pink with salmon suffusion, over which lies a glow of gold. Flowers in large sprays constantly in bloom from June until frost.

Carroll Ann (Patent Applied For)

The flowers are shaped like Ranunculus blooms, an entirely new form in Roses. The incurring petals produce perfectly charming globeshaped flowers which grow in large clusters. The color is salmon-orange and does not discolor or fade in the hottest sun. Plants are of medium height and excellent for edgings.

Chatillon Rose Bright pink semi-double blooms with an illuminating touch of orange. The color lasts well. The trusses are of gigantic size, and the plant is both healthy and hardy.

The most brilliant orange-scarlet imaginable. Never fades. Showy, well formed, double flowers produced with the greatest freedom.

Each \$0.75, Doz. \$7.50 Bright orange-scarlet buds expanding to glistening orange blooms that fairly blaze in the sunlight. Very showy.

Susanna Bertsch Each \$0.85, Doz. \$8.50 LEACH \$0.00, DOZ. \$0.00 A perfectly beautiful new Polyantha Rose. Perhaps the finest to date A color not seen heretofore in Roses, best described as a soft salmon-shrimp-pink. Very brilliant and sprakling in tone. It is auite new, this being its first year in this country. Only a limited number available.

Small-Flowering Cluster Rose, Golden Salmon

Large-Flowering Cluster Rose, Karen Poulsen

The Miniature Rose, Rosa Rouletti

MINIATURE ALPINE ROSES

MINIATURE ALPINE ROSES

Rouletti

Each \$0.50, Three \$1.10, Doz. \$3.30, 100 \$20.00

Miniature Rose, Probably one of the old Lawrenceana Roses popular a century or more ago. After being lost to cultivation for many years, a plant was found growing in an Alpine window-garden by M. Correvon, the Swiss rock garden authority, just a few years ago. It is rapidly affaining popularity as a rock garden "gem" and as an edging plant in front of Rose beds. The plant grows about 6 inches tall in bushy form, is reality and hardy and blooms from early summer until frost. The reality and hardy and blooms from early summer until frost. The real treasure. It may also be grown in the house without difficulty, blooming constantly. Charming little plant for a sunny window.

Oakington Ruby

Each \$0.50, Three \$1.10, Doz. \$3.30, 100 \$20.00

Received an Award of Merit from the English Royal Horticultural Society in 1934, and has proved to be one of the most popular additions to Alpine 100 to take the control of the most popular additions to Alpine 100 to 100 to

Tom Thumb Each \$0.75, Doz. \$7.50 (Plant Patent No. 169.) A miniature Polyantha Rose, flowers the size of a quarter, bright red with paler center; an outstanding novelty that never fails to attract attention.

umila Each \$0.50, Three \$1.10, Doz. \$3.30, 100 \$20.00

Double rose-pink flowers about twice as large as Rouletti. Noted for its freedom of bloom

freedom of bloom.

Doncaster's Variety Treadom or Dioom.

Diomcaster's Variety Each \$0.50, Three \$1.10, Doz. \$3.30, 100 \$20.00

Somewhat larger in growth, and flowers a deeper pink than Rouletti. This also makes a nice small plant in the rock garden and is good, like all others, for low edgings.

Cecile Brunner, Shown Life Size

SWEETHEART ROSES

Cecile Brunner (Sweetheart Rose) Each \$1.00, Doz. \$10.00
A dainty variety with small double blooms of perfect form. They are arranged in many-flowered, graceful sprays. Soft rosy pink on a rich creamy white ground. Moderately fragrant.

Topaz (Yellow Sweetheart Rose) Each \$1.25, Three \$3.15
(Plant Patent No. 300.) New. Exquisitely formed sulphur-yellow buds open to starry, 60-petaled blooms that do not fade white.

Paul's Scarlet Climber

Climbing Rose, Mme. Gregoire Staechelin

Rosa Hugonis-Golden Rose of China

Climbing Roses

Climbing Roses require no pruning in the spring beyond cutting out of very old or dead wood, and the shortening of the laterals and long canes to make the growth conform to the space to be covered; but a severe pruning in July, directly after they have finished flowering, is beneficial. Cutting away at that time all old flowering wood will encourage a vigorous growth, which will give an obundance of flowers the following season.

We offer on this page a selection of the most modern Hardy Climbing and Parables Roses

and Rambler Roses.

American Pillar

Each \$0.70, Doz. \$7.00

metrican Pillar.

A single-flowering variety of great beauty. The flowers are of large size, 3 to 4 inches across, of a lovely shade of pink, with a clear white eye and clusters of yellow stamens, and are borne in immense bunches, and a large plant in full bloom is a sight not easily forgotten.

(U. S. Plant Patent No. 10.) Hardy everblooming Climbing Rose which inherits the blazing color of Paul's Scarlet Climber and the everblooming hobit of Gruss an Teplitz, thus combining the most attractive features of both its parents. It is a very vigorous climbing variety which will grow to considerable height. haplin's Pink Climber
It is a cross between Paul's Scarlet and American Pillor, and like its parents is of vigorous growth, perfectly hardy, producing its large flowers, similar in size and form to Paul's Scarlet, profusely in strong trusses of from 8 to 12 flowers each, but in color a rich lively pink. Chaplin's Pink Climber

Climbing American Beauty Each \$0.70, Doz. \$7.00 A strong, healthy, vigorous grower, frequently making shoots from 10 to 12 feet long, and good sized flowers for a climbing Rose that blooms of freely. Color a pleasing American-Beauty-red; of splendid form,

good substance. Each \$0.70, Doz. \$7.00 Soft shell-pink; flowering profusely in large clusters. Very fragrant and lasting. A grand Rose in every way. Dorothy Perkins

Dr. W. Van Fleet

Each \$0.70, Doz. \$7.00 A Rose which, on account of its dainty color and exquisitely shaped buds and flowers, appeals to everyone. The long, pointed buds are of a rich flesh-pink on stems 12 to 18 inches long. Splendid for cutting.

Easlea's Golden Rambler

(U. S. Plant Patent No. 114.) A new outstanding Climbing Rose from England, producing its comparatively large double rich golden flowers in large trusses. An additional quality is a delicious fragrance. Gold Medal, Royal Horticultural Society, July, 1932. Awarded the Cory cup as the best new seedling climber or rambler Rose of British origin introduced in 1932.

legance Each \$1.50, Doz. \$15.00 Early. Straw-yellow. This vigorous-growing Climbing Rose produces very large, full blooms, sometimes 6 inches across, with recurved petals. The inner petals are spectrum-yellow and outer ones shade to cream-white. As the fragrant blooms develop, the inside yellow intensifies. Foliage is large, dark lustrous green in color and disease-resistant.

Nower of Fairfield Each \$0.70, Doz. \$7.00 Also called the "Everblooming Crimson Rambler". Combines the beauty of the well-known Crimson Rambler with the continuous-blooming habit, the new growth bearing large clusters of crimson blooms through the summer continuously. Flower of Fairfield

Mary Wallace Each \$0.70, Doz. \$7.00 A Pillar Rose, making a fine, strong, self-supporting plant 6 to 8 feet high, with large, glossy foliage, blooming with great freedom in spring and bearing a large number of fine buds in summer and fall. Flowers very large, generally exceeding 4 inches across; well formed, semi-double, of a bright, clear rose-pink with salmon base.

The plant is of strong climbing habit, growing 12 feet or more high and has large, disease-resistant foliage. At the tips, the long pointed bads are crimson at first as the petals divide, then the firm outer petals show splashes of carmine as the flower opens with an iridescent pearlink inside. Very fragrant. Mme. Gregoire Staechelin

New Dawn The section of the se

Paul's Scarlet Climber Each \$0.70, Doz. \$7.00 To both the semi-double, very freely produced in clusters of from 3 to 20 flowers each on much branched canes. It is of strong climbing habit and perfectly hardy. One of the most popular of Climbing Roses.

Each \$0.70, Doz. \$7.00 Beautiful semi-double flowers, 41/2 inches and over in diameter, pure white in color; petals of great substance, beautifully cupped, forming a Clematis-like flower. The large bunch of yellow stamens in the center adds to its attractiveness.

TRAILING ROSES

A splendid trailing, pillar, or climbing Rose with large single bright pink flowers having prettily crimped petal edges. Fine for planting on steep lichuming. A fine for trailing over a stone wall. Max Graf

Wichuraiana (Memorial Rose) 'ichuraiana (Memorial Rose) Each \$0.70, Doz. \$7.00 Fragrant, single, pure white flowers with yellow stamens followed in the fall by bright red hips or berries. It has dense evergreen foliage

GOLDEN ROSE OF CHINA

Rosa Hugonis

A splendid Rose for the shrubbery border with delicate yellow single flowers produced on long archive sproys early in May; after it has finished flowering it remains an attractive decorative bush for the balance of the season; perfectly hardy anywhere. (Color illustration, page 60.)

A combination of colors never before seen in Climbing Roses.

Rose Culture Booklet

Lack of space prevents giving complete or worth-while cultural information in this catalog. A booklet has therefore been prepared to cover this subject properly and will be sent upon receipt of 25 cents.

Climbing Rose, Polaris (See page 68)
The flowers are highly fragrant and purest of pure white.

A Message from M. H. Horvath

My interest was early given to the development of better hardy climbing Roses. In 1892 I obtained the first hybrid with the Rosa Wichuraiana of Japan, thus beginning the modern strain of large-flowered hardy climbing Roses. In 1897 I exhibited 14 new varieties at the first show held by the American Rose Society in the famous Eden Museé of New York City. These were seen and admired by many rosarians, with the result that many similar hybrids were made.

The continuous inbreeding in the attempt to get larger size and brighter color into the Wichuraiana strain weakened it to the point where most of the varieties failed in winter hardiness. Naturally there resulted a demand for hardier and more sturdy Roses in varieties which would not require pampering but which, with reasonable care, would live through most winters without loss.

Responding to this need, my new Rose originations cover the full range of colors, and many of these new climbing Roses have flowers as large and fine as any existing Hybrid Tea. Further, as Dooryard and Hedge Roses there have resulted forms and shapes of plants not hitherto seen. These results were accomplished through painstaking and eventually successful experiments in the introduction of other species strains not previously used.

I am working still further to augment these qualities so that Roses may be wintered over successfully even in the far North.

It has been arranged to have The Wayside Gardens Company introduce and disseminate these new Roses of my origination. About fifty new creations are under test, but only those of decided merit will be marketed. The varieties offered this year, each one well worth while in itself, form, I believe, the beginning of a new and most valuable strain of Roses. They will be offered under the designation of "Horvath's Setigera and Xanthina Hybrids."

Respectfully yours, M. H. HORVATH

Doubloons (U. S. Plant Patent No. 152)

LARGE-FLOWERED YELLOW CLIMBER BY HORVATH, (1934)

A vigorous climber with heavy wood and handsome, glossy foliage. When in bloom the whole plant is literally covered with clusters of large, golden blooms. Buds ovoid, deep saffron-yellow, flower large, double, cupped; rich gold, fading but little; fragrant. Gives two liberal crops six weeks apart if the first spring blooms have not been cut. We consider this the best hardy yellow climber. Each \$1.50, Doz. \$15.00

Doubloons ****

HOLM & OLSON, Incorporated Landscape Architects

St. Paul, Minn. November 22, 1939

Wayside Gardens, Mentor, Ohio Gentlemen:

Having tried the Rose "Mabelle Stearns" for two years it is a pleasure to inform you that this variety has made strong, healthy growth, free of black spot all season and was in bloom continuously till frost. It appears to be the coming type of Rose as the foliage is clean at all times, and flowering constantly.

Yours very truly,

Yours very truly, HOLM & OLSON, Inc. C. A. Mathes Mgr. Landscape Dept.

Hercules (U. S. Plant Patent No. 296)

GIANT CLIMBER
ROSA SETIGERA HYBRID by HORVATH

(Color illustration, page 66.)

Color of Flower: Clear, deep rose-pink of same shade as Dame Edith Helen. The flowers are huge, fully 5 to 6 inches across when fully open. Slow in opening, lasting a long time. The flowers, though large, are refined and equal the finest Hybrid Tea Rose. Flowers are produced abundantly on spur branches both on main stalk and laterals, 1 to 2 feet long. They are stiff and bear their heavy load without bending. Flowers do not droop, having a very stiff neck, and have from 50 to 55 petals. The appearance of the plant is one of noble ruggedness. Without a doubt the finest pink large-flowered climber to date.

Foliage: The rich, shining, bronzy green leaves are larger than those of the Mahonia or Oregon Grape and are ornamental in themselves.

Hardiness: Hardy without protection in the Temperate Zone. Can be successfully grown with protection in the colder regions where growing Roses heretofore has not been possible or exceedingly difficult.

Size of Plant: Ultimate height 14 to 15 feet. Each \$2.00, per 12 \$20.00

Polaris

Hercules

Polaris (U. S. Plant Patent No. 386) THE FRAGRANT WHITE CLIMBER (HORVATH 1938)

(Color illustration, page 66.)

Wichuraiana X Multiflora X Rosa Foetida Bicolor A very hardy climber of robust growth. Disease resistant and exceedingly free blooming. The pure white individual flowers are often 2 inches in diameter and occur in large clusters. It is especially valuable where purity as well as profusion of bloom is essential. In addition we believe it to be the most fragrant of the Climbing Roses. The foliage is light and shiny green. It sparkles in sunlight and is ornamental in itself throughout the summer, blending perfectly with the pure white flowers. During its test period we have never seen any signs of black spot or mildew. Unquestionably one of the best hardy white Climbing Roses.

Each \$2.00, Doz. \$20.00

Federation-Noted for its beautifully waved petals

Mabelle Stearns (U. S. Plant Patent No. 297)

PERPETUAL FLOWERING DOORYARD ROSE ROSA SETIGERA HYBRID by HORVATH

(Color illustration, page 65.)

Color of Flower: Peach-blossom-pink with silvery reflexed, sharply recurving imbricated petals, center showing a lovely orange undertone. Flowering period starting in June, lasting until frost; starts blooming about 2 weeks later than Hybrid Tea Roses, but is never without flowers the entire summer and fall. Flowers excellent for cutting and decorative work, are fully double, having from 50 to 60 petals, and are delightfully fragrant, lasting a week to 10 days in water when cut. Exceptionally valuable as a flower for cutting.

Foliage: Bottle-green, rich and clean. Strong resistance to ordinary Rose maladies.

Hardiness: Hardy without protection in the Temperate Zone. Can be successfully grown with protection in the colder regions where growing Roses heretofore has not been possible or exceedingly difficult.

Size of Plant: Ultimate height about 2 feet, spreading from 6 to 8 feet or more if permitted. It is a decumbent, spreading, malike plant, making it pre-eminently fit for ground covering, low beds or as bold edging to drives.

Each \$2.00, per 12 \$20.00

Federation (U. S. Plant Patent No. 287)

CLIMBING ROSA SETIGERA HYBRID by HORVATH

(Color illustration, page 65.)

Color of Flower: Lively, brilliant and sparkling rose-pink with lighter center, iridescent orange undertone. Flowers are produced in very large quantities in bracts on stems 12 to 24 inches long; individual blooms 3½ inches in diameter. Petals wavy and crested, forming charming cuplike, semi-double flowers which have from 24 to 36 petals. Excellent for cutting. Very sweetly scented.

Foliage: Rich green, quite dark. We have never seen black spot or mildew on this variety in our test garden for 4 years. Would say absolutely mildew proof.

Hardiness: Hardy without protection in the Temperate Zone. Can be successfully grown with protection in the colder regions where growing Roses heretofore has not been possible or exceedingly difficult.

Size of Plant: Ultimate height 12 to 14 feet. Canes are very plentiful which is in part responsible for the tremendous amount of flowers produced.

Each \$1.50, per 12 \$15.00

Chor (U. S. Plant Patent No. 387)

GIANT SCARLET CLIMBER BY HORVATH ROSA ALPHA X XANTHINA X PRES. COOLIDGE

(Color illustration, page 65.)

Color of Flower: Brilliant scarlet-red of the same shade as Crimson Glory. The flowers are perfectly formed, very slow in opening and when fully open, 4 to 5 inches across. The flowers, although large, are perfectly shaped and just as handsome as those of a Hybrid Tea Rose. Flowers are produced abundantly on spur branches 12 to 18 inches long, which are stiff, holding the flowers in perfect position. Flowers have from 55 to 60 petals, do not discolor when fully open. Without any question of doubt, the finest scarlet Climbing Rose yet introduced. Horvath claims this to be the finest creation to date,

Foliage: Rich bottle-green, quite abundant. No mildew or black spot in our test garden for three years.

Hardiness: Hardy without protection in the Temperate Zone. Can be successfully grown with protection in colder regions.

Size of Plant: Ultimate height above.

Canes are very plentiful, not overly thorny.

Each \$2.50, Doz. \$25.00

Vase of Darwin, Cottage, and Breeder Tulips in Mixture with Sprays of Rosa Hugonis, the Golden Rose of China This Carefully Blended Mixture is Offered on Page 74.

Good News from Holland

WAYSIDE takes pleasure in answering the many letters from sympathetic customers who have asked us what effect the war has had upon Holland's bulb industry. Accordingly, we quote in part a recent communication received by our Mr. Grullemans from his brothers, who, with his ancestors, have been identified with the bulb industry of Holland for 120 years:

"The bulb fields were not damaged by fighting and were not flooded. Our stocks are being maintained in splendid condition. Our inability to get our bulbs over to you is merely a matter of transportation. This, of course, is but temporary and will not last forever. But do not let those fine American gardens run down. The very best things they can plant in place of our bulbs are some of those very beautiful flowers which even we Hollanders cannot grow here, such as your American-grown Daffodils, Iris, Lilies and other American bulbs which do so well in your own soil."

WAYSIDE'S SUPERIOR BULBS

In this book you will find the highest type of bulbs ever grown in this country. They are the same bulbs WAYSIDE recommended to thousands of customers who sought our advice last year. In no sense are they to be looked upon as a "substitute," for they are merely different kinds of bulbs just as there are many different kinds of roses.

(The exception: WAYSIDE has declined to fill many orders for Japanese-grown Tulips. The reason: They have proven after careful tests over a period of years to be of inferior quality!)

DAFFODILS - SUPERB AND EXQUISITE

But the new Daffodils are superb and of exquisite grace and colors. They offer both great beauty and unlimited variety. They increase with profusion and require a minimum of care and attention. WAYSIDE unhesitatingly recommends them as we do the Dutch Iris. The latter are not only inexpensive but most colorful and thrive in any garden. The important thing to remember in the above quoted letter is that you dare not risk the chance of your garden running down. Be assured that when Holland bulbs are again obtainable, WAYSIDE will be the first to get them and will notify you promptly.

IMPORTANT NOTICE: The disturbed foreign situation has created a large demand for Daffodils and there are not enough of them available to fill all of the orders we will receive. If you delay you may not be able to purchase any good Daffodils, and WAYSIDE only handles the best. Therefore, for your garden's sake, your order should be sent in at once.

WE SHIP AT PLANTING TIME

We will fill all orders in the same rotation as they are received and will continue to do so for as long as our stock lasts. Shipment of your order will be made as usual, early this autumn and at the time to plant them, along with simple directions for doing so.

P.S. England has enjoyed Dutch grown Tulips for centuries. After no little difficulty we have been fortunate enough to obtain a few of these Tulips from England. They have proven most satisfactory in this country. We were not able to get many of them from England and the variety list is somewhat limited. Despite these facts, our stock will move rapidly because of the scarcity of ANY foreign Tulips. Include a few of them in your order for Daffodils and other bulbs, thus placing yourself among the selected few who will have any imported Tulips this year.

May-Flowering Culips

Imported from England

Below are offered a selection of well known standard varieties of Darwin, Cottage, and Breeder Tulips. These bulbs will be imported from one of the best bulb growers in England. We have tested their bulbs, and have found them very satisfactory.

Because of the possibility of losses at sea, we urgently advise immediate ordering as well as giving to us the privilege of sending other varieties of the same color and price as those ordered by you. We have extended that privilege to our shipper in England also.

We urge ordering at once! Quantities are very limited.

Doz. \$2.25, 100 \$14.00
Deep rosy orange, with salmon shading at edges of petals; inside deep orange with yellowish base. Height 26 inches. Afterglow (Darwin)

Baronne de La Tonnaye (Darwin) Do Bright rose, margined blush-rose. Height 26 inches. Doz. \$2.25, 100 \$14.00

Blue Eagle (Black Eagle) Doz. \$2.50, 100 \$16.00 lite Eagle (Black Eagle)

The form and habit of this variety are perfect. A Tulip of no mean qualities and of rare beauty. For 3 years in our trial garden it has been greatly admired. The cup-shaped flower is of great size and of the richest and most brilliant intense deep purple which shines when the sun strikes it. The anthers are pitch-black and the base of deepest blue. A glorious Tulip on a 29-inch stem. Plant it together with Ideal Darwin, Mount Express for shround effect. Mount Everest for stunning effect.

Bronze Queen (Breeder)

Large, strong flower, stout stem; fine form; purplish fawn, interior buffyellow, bright lemon-chrome base, filaments alive above, yellow below. Height 28 inches.

Carrara (Cottage)

Doz. \$2.50, 100 \$10.00

This Tulip has created a sensation at the English shows. It is round and pure white as the marble from which it has its name. A most delicate flower. Height 25 inches.

Doz. \$2.30, 100 \$15.00

City of Haarlem (Darwin) Doz. \$2.30, 100 \$15.00 Doz. 82.30, 100 \$15.00 A handsome, fiery cardinal-red of great substance. The deep violet base of this Tulip, outlined in white, gives it a striking effect when open. Height 21 inches.

Lear putt (Darwin) Doz. \$1.60, 100 \$10.50 Clear pink, flushed salmon-rose; inside much deeper, with blue base. Height 21 inches. Clara Butt (Darwin)

Dido (Cottage) bido (Cottage) A perfect flower, excellent in color and form, poised firmly at the top of its straight stem. Color is deep rich pink with yellow stripes. It is an unusual and magnificent Tulip. Very fragrant. Height 30 inches.

Dillenburg (Breeder)

A new variety best described as a glorious salmon-orange, are of perfect shape and distinct color. Height 28 inches. Doz. \$2.50, 100 \$17.00 non-orange. The blooms

Doz. \$2.25, 100 \$14.00 Pale heliotrope, inside deep violet with blue base. One of the loveliest Darwins. Height 27 inches.

Ellen Willmott (Cottage)

One of the finest May-flowering Tulips. Flowers large, beautifully shaped, soft creamy yellow, deliciously fragrant. Height 30 inches.

Fantasy (Parrot) Doz. \$2.50, 100 \$16.00 antasy (Parrot)

Doz. \$2.50, 100 \$16.00

The gorgeous pink Parrot Tulip. A sport of Clara Butt, with the same habits, height, strength of stem and time of flowering. The flowers are of unusual and beautiful form, the petals being laciniated, having curious excrescences on the outside. It is not only the rare form of this Tulip or its main color, which is a soft rose-pink; the shadings of the cup are a deep velvety rose color which is more sumptuous than words can tell. The encrustration of back of petals often carries a delightful shade of apple green. Stiff straight stem. Very lovely with Scilla companulata, Excelsior, Height 26 inches.

Farncombe Sanders (Darwin) Doz. \$2.25, 100 \$14.00 Scarlet; inside vivid cerise-scarlet with white base; large. Flower of perfect shape. Height 25 inches.

Grenadier (Cottage) Doz. \$2.25, 100 \$14.00 Dazzling brilliant orange, yellow base. Especially recommended for planting in borders in clumps for "high spots" in the color scheme. Height 21 inches.

Inglescombe Pink (Cottage)
Salmon-pink, blue base; very brilliant. A great favorite in England where it is planted by the thousands, and is largely used as a cut flower. Exquisite with some light green foliage on a dinner table. Its delightful color indoors makes it one of the best. Height 28 inches.

Inglescombe Yellow (Cottage)

Glossy canary-yellow. Large, globular flowers. Has the true shape of the Darwin Tulip, hence is often called the "Yellow Darwin." Height 28 inches.

John Ruskin (Cottage) Doz. \$1.85, 100 \$12.00 Salmon-rose, edged lemon-yellow; inside deep rosy lilac, with margin of yellow; large flower of fine shape. Height 16 inches.

La Tulipe Noire (Darwin)

Doz. \$2.25, 100 \$14.00

Dark maroon-black, the blackest of all the Tulips. Large flower. Height 25 inches

Louis XIV (Breeder)

Rich dark purple, shaded steel-blue, heavily flushed bronze, edged golden brown; enormous size and stately bearing. Height 30 inches.

Moonlight (Cottage)

Pale yellow of a lovely color; the flower is very long and of fine aval shape. Beautiful in the border among Irises or Bleeding Heart. Height 25 inches.

Mrs. Moon (Cottage) Doz. \$2.30, 100 \$15.00 Tall yellow, vase-shaped flower on sturdy stems. One of the loveliest yellow Cottage Tulips. Height 25 inches.

Pansy Blue (Ideal Darwin)
Deep rosy lavender with lilac sheen, large white base. Flowers large, of heavy texture, long keeping and borne on strong stems. The best of its color; an excellent garden variety. Height 27 inches.

Picotee or Maiden's Blush
Doz. \$2.25, 100 \$14.00
Long, clear white. The petals, which are pointed and elegantly reflexed, are beautifully margined and penciled on edges with bright pink. Height

Pride of Haarlem (Darwin) Doz. \$2.25, 100 \$14.00Brilliant rosy carmine with blue base; very large flower on tall, strong stem; sweet scented. Height 25 inches.

Prince of Orange (Breeder) Doz. \$2.30, 100 \$15.00 Large, very showy, well-formed flower of great substance; terra cotta, edged orange-yellow, base yellow streaked with olive, filaments olive. Height 26 inches.

Prince of Wales (Darwin) Doz. \$2.30, 100 \$15.00 A shining cherry-red Darwin. The best of its color—bar none. The merest suspicion of blue in its hue makes it eminently suitable for use with all blue flowers. Height 28 inches.

Princess Elizabeth (Darwin) Doz. \$2.25, 100 \$14.00 flower. Height 26 inches. One of the loveliest pink sorts.

Doz. \$2.30, 100 \$15.00 Professor Rauwenhof Bright cherry-red with scarlet glow inside; brilliant blue base. Enormous flower, Height 28 inches.

Reverend H. Ewbank (Darwin)
Plant this lovely mauve Tulip for a beautiful blending of colors with yellow Cottage Tulips. Height 25 inches.

osabella

Doz. \$2.30, 100 \$15.00

There are few Tulips that can match this flower. Its color may be described as a delicious pink, warm, delicate yet rich, handsome as a pink rosebud with a blush of deeper color suffusing each petal, and smart black anthers. Not overly tall, yet it carries itself nicely on a stem of 27 inches. An engaging combination with Phlox divaricata or a pale yellow Iris. Rosabella is best not grown near any other Tulip. It should have a spot of its own, a place given to its own loveliness. One of the most desirable Tulips for the garden and for cutting. Fine fragrance. Height 27 inches.

Rose Copeland Doz. \$2.30, 100 \$15.00 Dose copeland

A Tulip of exquisite grace. The flower is well-shaped, of a full warm rose-pink, deeper within and with fawn-colored lights and a fine pale rib down each petal; a white base with purple halo. The inner tone of pink is deep and rich. Lovely with pink flowers of Dicentra spectabilis, If planted in partial shade the magnificent color will show to the best advantage. Height 25 inches.

Vesta (Cottage) Doz. \$2.50, 100 \$16.00 A very fine flower of palest primrose changing quickly to purest white. Most attractively formed bloom equally well adapted for garden use and cutting. Height 29 inches.

Doz. \$1.85, 100 \$12.00
Dointy rosy lilac, flushed blue, bluish white base. Large flower of perfect form, is far superior to most Tulips known in this shade. Highly recommended. Height 25 inches. William Copeland

Yellow Giant (Darwin)
A golden yellow Tulip of great beauty and size, lorge flower with black anthers. Tall and strong stem. This is one of the best of the several yellow varieties which are offered. Highly recommended. Height 29

Zwanenberg (Darwin) Doz. \$2.50, 100 \$16.00
Pure white with black anthers. A large substantial flower and a good white Darwin. Height 28 inches.

Darwin, Cottage and Breeder Culip Mixture

This mixture is carefully blended and contains a great number of varieties. You will enjoy the riot of color these bulbs will produce for you in your garden next spring. Just the thing for cutting. (See color illustration on page 72. The yellow Rose is the golden Rose of China, 85c each.)

25 bulbs for \$2.75, 100 bulbs for \$10.00, 250 bulbs for \$22.50

Camellia Japonica

A Superb Winter Flowering Shrub! Easily Grown in a Cool Greenhouse in the Colder Parts of This Country. Also Very Satisfactory in Cool Sunrooms or Windows. Camellias Are Perhaps the Loveliest Subjects in the Gardens of California and Throughout the South

About two centuries or more ago, when merchantmen sailed the seven seas and explorers wandered into far-away lands, rare plants were numbered among the treasures sent to the home-land. China—a land of mystery—yielded the beautiful Camellias to the gardens of America and Europe. "Japonicas," as they are frequently called in the South, at once became popular and held

Camellias are easily grown in the South, and their rich, glossy foliage and colorful flowers make them unusually attractive

throughout the year.

The exquisite flowers of Camellia Japonica, waxy and delicate in texture and beautifully tinted, never fail to draw constant admiration when they unfold during the winter months. And the plant itself is handsome, with its glossy evergreen foliage forming a perfect setting for the bright-colored blooms. Camellias also grow easily everywhere on the Pacific Coast. They are hardy down to ten degrees, requiring only a good well-drained soil and a shel-The addition of some peat moss or leaf mold to tered location. most soils will give the best results. You will not have to wait for blooms because Camellias begin to flower as soon as they are a foot or two in height, and all of the plants which we sell bloom the first winter after you plant them, if properly cared for.

Camellias and Azaleas thrive under the same conditions and culture. Keep them uniformly moist at all times. Do not drown them nor let them dry out completely. Success or failure will depend on the soil that you plant them in. Be liberal with good soil and fertilizer. Good rich loam to which has been added a liberal quantity of peat or leaf mold suits them fine. For fertilizer use cottonseed meal or wellrotted cattle manure. Keep scale and red spider under control at all times. Prune to keep the plants shapely. This should be done in spring and summer, not later than August first.

They will thrive either in partial shade or full sun. However, those

planted in full sun must be kept mulched and properly watered. Camellias will bloom more profusely if planted in full sun. However, the flowers will fade and will not last as long as those planted in

In conclusion, we urge you to plant Camellias. They are easy to grow, and their profusion of bloom in the winter and spring is a constant joy to those who have these most popular shrubs.

Each \$4.00 An early flowering, full double white, light green foliage, medium growth. Will bloom for Christmas.

Candidissima Each \$4.50 Midseason flowering, pure double white, medium size bloom, light green

Chandleri Elegans Each \$4.50 One of the largest peony-flowering Camellias, cherry-red with white variegation osone are thick peony flowers with 500 petals, but some flowers are loose peony form with yellow stamens.

Haley's Monarch Each \$4.00 An immense semi-double to Peony form flower, light pink, large light green leaves, fast, tall growth, late bloomer. Very choice.

Peony form flowers, white and striped with pink; some pure pink flowers, very large, round light green leaves; wide, open growth, late flowering, very choice. Each \$4.00

Very large, loose peony form of elegant shape. White flushed pink at center with red lines through the petals. Has faint scent. One of the

Deep pink flowers of enormous size, having many clusters of stamens and petals inside of larger outer petals, making a single flower equal to a bouquet. Beautiful foliage and compact grower. Since this variety is a very dwarf and spreading grower, plants will be a little smaller than

Very double, clear shell-pink, of dainty form, liked by many. Blooms very early, but continues for a long time. Starts blooming very young and is a heavy bloomer.

Brown's Red Each \$4.50 Probably darkest red Camellia of semi-double form with pointed dark green leaves.

Countess of Orkney Each \$4.50 Light pink, with stripes of red, very double flowers of rother early season. Compact, but slow grower. Profuse bloomer while very small. Madame Strekaloff Each \$4.50

Peony formed, light pink petals are streaked with small stripes of crimson. Stiff upright grower.

Prince Eugene Napoleon Each \$4.00 Full double deep blood-red flowers of medium size, blooms for Christmas, large, glossy dark green foliage, tall, open growth.

Professor Sargent Each \$4.50 Bomb Peony form flowers of large size, early flowering, dark green, round foliage, tall fast growth. This variety should be grown in full sun for maximum bloom development.

Stiles Perfection
Semi-double or loose Peony pink and white, often solid.

Theresa Mossine Each \$4.50 Full double deep pink flowers, late flowering, tall, upright growth, narrow, deep green foliage.

Each \$4.00

Tri-Color Each \$4.50 Semi-double flowers of almost pure white to red and intermediate colors on same bush. Dark green glossy leaves.

White Tri-Color Each \$4.50 Pure white, semi-double, yellow stamens in center. Very fine grower and a garden favorite.

The plants offered of these named varieties will be about 11/2 to 2 feet tall and will have a nice lot of buds. They are well formed and will make a fine showing in the greenhouse or sunroom, as well as in the

SIZE OF PLANTS OFFERED

All have been carefully selected for their shape and numerous flower buds and measure about 24 inches in height.

A limited number of specimen plants are available in sizes from 4 to 6 and 7 feet. If you are interested in specimen plants, please tell us what you want and we will be glad to quote.

Time of Delivery: Camellias are not grown at our nurseries in Mentor, Ohio, but come from a collection which is exclusively grown for us in the South. For Garden Planting: Throughout the South we deliver plants from October 1st until April 1st. For Greenhouse or Sunroom Culture: We ship plants from October 1st until January 1st. These plants will bloom for you during the winter months.

Helleborus - Christmas Rose or Lenten Rose

There are two distinct types, one, Christmas Rose, flowering in late winter, and the other, Lenten Rose, in spring. Both are valuable for garden decoration because of their flowering during the dull period of the year.

Culture. Require to be grown in a cool, moist, shady position, such as under the shade of trees or among ferns. The ideal soil is a retentive loam, freely mixed with leaf mold and well-rotted manure. As Helleborus Cre impatient of disturbance at the roots it is advisable to select a position for them where they will not be required to be disturbed for many years. Planting may be done in fall or spring, 12 inches apart. Each autumn add a top dressing of leaf mold and well-rotted manure, and let it lie on the surface. In summer give plenty of water.

NIGER (Strong 4-yr.-old, field-grown plants)

Each \$0.85, Doz. \$8.50 Helleborus Niger is a dwarf growing hardy plant, able to withstand temperatures many degrees below zero. Its palmlike leaves are evergreen and of leathery substance.

December, January and February, depending upon locality where grown, large, single, white, bell-like flowers which last for weeks, are produced regardless of cold or snow.

ORIENTALIS (Mixed Colors)

Each \$0.60, Doz. \$6.00
Orientalis is known as the "Lenten Rose." The colors of its flowers range from pale green through white from pale brown to the deepest tones of chocolate-red. Easier grown than Niger, very interesting plants for shady nooks. Can only be supplied in mixed colors.

ORIENTALIS, Named Varieties

Each \$0.85, Doz. \$8.50 Atrorubrum, Frau Irene Kronemann and Dr. Bogren produce deep crimson-purple flowers of slightly differing tints. They are most unusual, rare and choice Lenten Roses blooming in early spring. We can offer a limited number of each.

Wayside Gardens Lawn Seed Mixtures

Prepared for us by O. M. SCOTT & SONS CO.

WAYSIDE GARDENS OPEN PLACE LAWN MIXTURE

A general purpose lawn mixture of exceptionally high quality, rating among the three finest grass seed mixtures offered in America. Permanent grasses predominate over temporary grasses in the ratio of four to one, which is considered by experts to be ideal. This mixture will produce a beautiful weedless

Postpaid: 1 lb., 65c; 5 lbs., \$2.95; 10 lbs., \$5.75. Express paid: 25 lbs., \$12.50; 100 lbs., \$45.00.

WAYSIDE GARDENS "BENT FORMULA"

A combination of the finest grasses, using as a basis for this mixture imported and domestic Bent grasses which are largely used in the best putting greens of today.

Postpaid: 1 lb., 95c; 5 lbs., \$4.50; 10 lbs., \$8.50.

Express paid: 25 lbs., \$20.00; 100 lbs., \$70.00.

A lawn made with our Bent Formula mixture and properly cared for will make a green on which all kinds of lawn games may be played.

WAYSIDE GARDENS SHADY PLACE LAWN MIXTURE

Shaded lawns are a problem. Mixtures for such locations should consist of varieties which will grow vigorously with little sunlight and in soils deficient in plant food and moisture. The Wayside Gardens' Shade Mixture is just such a combination of domestic and imported grasses. No better mixture can be bought at any price.

Postpaid: 1 lb., 75c; 5 lbs., \$3.50; 10 lbs., \$6.75. Express paid: 25 lbs., \$16.25; 100 lbs., \$60.00.

WAYSIDE GARDENS ATHLETIC FIELD MIXTURE

This mixture contains varieties that will produce a sturdy, wear-resisting turf. The same formula has been used with outstanding success on many of the best athletic fields in the It contains no noxious weeds and is practically free of chaff and inert matter content.

Express prepaid: 25 lbs., \$12.50; 100 lbs., \$45.00.

WAYSIDE GARDENS EXCLUSIVE PLANT FOOD

Contains no fillers or useless bulk. One of the finest organic plant foods obtainable. FOR BULBS, LAWNS, FLOWER GARDENS AND ROSES. Used exclusively at Wayside Gardens in the production of millions of young plants.

An English gardener in charge of one of that country's finest estates, when visiting at Wayside, once said to us about their lawns: "We do not treat our lawns like a hayfield, but like a permanent garden." When questioned more closely, he told us about his objection to chemical fertilizers for lawns or permanent gardens, claiming that it was not the quantity of grass that was cut off a lawn each week, but what really matters is the density and health of the grass plants which make a carpet-like turf. "Chemical fertilizers are fine for farmers who want to grow hay," he said, "but the man who wants a real lawn better use a properly balanced organic plant food."

Another bit of information was his advice on fall fertilization. Apply organic plant food in October or Nowmber, he advises. During the winter and early spring all nutriments sink deeply into the soil for the grass or plant roots to go after. That's also where the moisture is. Avoid watering so much in summer, he said. If you use chemical fertilizers, watering must be done to prevent burning.

Because organic plant food disintegrates slowly, it is excellent to use in bulb plantings as well as in Rose beds, or Hardy Plant borders.

HOW WAYSIDE PLANT FOOD IS MADE

Woyside Gardens Organic Plant Feed is made according to an old and tried English formula. We know it's tip-top because we use it exclusively on the millions of young plants we grow each year. It costs more than most chemical fertilizers because it is more expensive to make. It is made from bone meal, dried blood, ground fish and muriate of potash. We don't put in any fillers to help

make cheap, worthless bulk. You pay for and get nothing but plant food. You don't need so much to get the lasting results you want. We also know we can't charge more than it is worth; competition does not permit.

HOW TO USE WAYSIDE PLANT FOOD

Wayside Gardens Plant Food is easy to use. If your garden is an established one, apply twice a year, March 1st and October 1st. Use 15 to 25 pounds for top dressing a space 500 square feet for Hardy Plants, Rock Plants, Roses, Annuals, and other flowering plants, shrubs, and bulbs.

In making a new garden, double the amount and mix with the soil. Planting may be done at once. No burning is possible. For old lawns, use 10 to 25 pounds for top dressing 500 square feet. In making new lawns, use double the amount and mix with the soil. Seeding and bulb planting may be done at once. No burning effect will result.

For potted plants, a 3-inch pot full of the food, mixed with a bushel of soil, will give you splendid results.

Prices include free delivery by freight east of the Mississippi.

50 lbs., \$4.00; 100 lbs., \$7.00; 500 lbs., \$25.00; 2000 lbs., \$90.00.

If a rush shipment is wanted by express, customer pays the difference between express and freight charges.

Can only be obtained from Wayside Gardens direct.

Directions telling you how to use in every bog.

How Does Your Garden Grow?

Your Planting Made Easy

Done the Garden-Blox Way

T'S like having, so to speak, a road map with pages 18x24 inches, as a guide for your garden making and planting.

A series of maps or plans, built up in blox, for the preparing of which we paid several thousand dollars to landscape architect experts.

Plans so skillfully linked with the Garden-Blox flexible method, that they are adaptable to any small or large garden, or planting.

Plans that are equally helpful and dependable, regardless of whether you live in the north, south, east or west. Plans that help you with color arrangement, size and height of plants, and rotation of bloom periods.

By using this garden-blox method, disappointments are eliminated, and much of the bother and work of future shifting out-of-place plants, is overcome.

In short, it adds both to the real pleasure and the satisfactory results of your gardening efforts.

These Garden-Blox plans, 18x24 inches, come to you in a bound form, so you can take them right out in the garden and easily follow them.

They are arranged in two sizes of blox, of 5x5 feet square, and 10 feet long and 5 feet wide.

This makes them easily adaptable to different size locations.

They give you ample latitude to also carry out your own ideas.

There's nothing that's cut and dried about it any more than to a road map, from which you may depart from the main red-lined roads.

But it does serve as an invaluable guide in keeping your general directions right.

Over 8,000 garden lovers have already bought these plans. Many are the letters of unqualified satisfaction about them that are continually being received.

Its published price is \$2.00.

But to all Wayside Gardens customers we offer it for one dollar.

A price, which as you may imagine, does not begin to cover its cost.

In line with Wayside Gardens principle of doing business, if after you have looked this Garden-Blox book over, and do not feel satisfied, let us know, and your dollar will be cheerfully refunded. What could be fairer?
